In this regard, the government has notified a new vehicle registration regime that will free vehicle owners from re-registration process when they shift from one state/Union Territory to another.

American forces keep up airlift under threat

ASSOCIATED PRESS Kabul, August 28

AMERICAN FORCES WORKING under heightened security and threats of another attack pressed ahead in the closing days of the US-led evacuation from Afghanistan after a devastating suicide bombing, and US officials said they had killed a member of the extremist group that the United States believes responsible for it.

A US drone strike early Saturday in eastern Afghanistan killed a member of the country's Islamic State affiliate, US Central Command said.

"US military forces conducted an over-the-horizon counterterrorism operation to-

day against an ISIS-K planner. The unmanned airstrike occurred in the Nangahar province of Afghanistan. Initial indications are that we killed the target," Capt Bill Urban, spokesperson of US Central Command, said on Friday.

"We know of no civilian casualties,"he said.

Earlier in the day, the White House said President Joe Biden does not want the terrorists, who planned the attack at the Kabul airport, to live any longer.

However, it wasn't immediately known if the ISIS-K planner was involved specifically in Thursday's Kabul airport attack, claimed by the Islamic State's Afghanistan affiliate—Islamic State Khorasan or ISIS-K.

linking Aadhaar with PAN, EPFO; all services stable: UIDAI

No outages in facility

PRESS TRUST OF INDIA New Delhi, August 28

THE UNIQUE IDENTIFICATION Authority of India (UIDAI) on Saturday said there have been no outages in its Aadhaar-PAN/EPFO linking facility, which is authentication-based, and asserted that all its services are "stable".

The comment came amid reports of UIDAI system outages in linking Aadhaar with PAN and EPFO. The reports said that the glitch had left Aadhaar users in a lurch, even as EPF and PAN linking deadline looms. In a statement issued on Saturday, UIDAI emphasised that all its services are "stable and functioning fine".

"There have been no outages in its Aadhaar-PAN/EPFO linking facility, which is authentication-based facility," it added.

UIDAI explained that as it was going through an essential security upgrade in its systems in a phased manner over the last week, some intermittent service interruptions were reported only in the enrollment and mobile update service facility at a few enrolment or update centres "which too is working fine now, after upgradation".
