Board's Report and Annual Financial Statement (F.Y. 2021-22)

CEO's Message

Dear Shareholders,

Welcome to the 34th Annual General Meeting of Dish TV India Limited. It is my pleasure to connect with you and place before you the Annual Report of the Company for the Financial Year ended March 31, 2022.

The fiscal started with a renewed sense of optimism after a COVID-19 impacted taxing FY21. The optimism however was short-lived as the first quarter itself witnessed the worst of the pandemic attack bringing, once again, life to a grinding standstill, both for businesses and individuals.

Fortunately, learnings from the first curve of the pandemic kept the business organized and we were determined to serve the community, not only by fulfilling our obligation to entertain but in every other manner we could. Dish TV extended its support to encourage vaccination amongst individuals by offering a day worth of complimentary television viewing for anyone who got vaccinated and uploaded their vaccination certificate. A day of extra subscription was also credited to all hospitals and medical facilities with a DTH connection as a mark of gratitude and support.

As post pandemic normalisation dawned in the later part of the second quarter, consumerism picked up though rural demand remained largely depressed. The third quarter witnessed higher marketing spends in anticipation of higher demand but consumer spending went below par once the pent up demand was exhausted. Overall, the cloud of COVID-19 obstructed any meaningful increase in consumer confidence and spending.

With the worst of Covid behind us and normalcy expected, India is set to remain one of the fastest-growing economies in the world in FY 2022-23. Strong fiscal, monetary and budgetary interventions initiated by the Government are expected to keep the country on track to become a USD 5 trillion economy. The government is focused on making India a digital economy with technology-enabled development, energy transition, and climate action for a more sustainable future.

Though India continues to tread the growth path, inflationary pressures led by global supply chain bottlenecks and the ongoing geopolitical conflict, pose a challenge to this forward march. Mounting inflationary pressures have necessitated a gradual and controlled rate hike that could be mildly recessive in the medium term but will certainly have longer term progressive upside for the economy.

Industry Developments

The media and entertainment space in India is witnessing a change in landscape with growing number of content delivery platforms and viewing options available to consumers. Consumers have been spoilt for choice with over 850 channels in the linear space and 40+ big and small OTT platforms laden with movies, TV shows, web-series, time-shifted content etc. Entertainment watching has spiked to almost 4.5 hours per day per user as against 3.6 hours in 2018. Competition has also increased from free-to-air government run distribution platform and telcos. Fall in subscriber numbers is due to top-end subscribers alternating between DTH and streaming content and bottom-end subscribers often choosing free-to-air DTH over pay DTH.

However, the bigger picture remains intact. The popularity of DTH as an all-encompassing, budget friendly option is well maintained despite the many emerging alternatives in the market.

Dish TV appreciates the changing tastes and preferences of consumers and is on track to leverage these emerging trends considering that technology driven evolution and related growth of the sector is inevitable.

Performance Overview

The pioneer of digital entertainment in India, Dish TV, has been a significant contributor in changing the Indian television

landscape with the use of DTH technology. Dish TV is the only media Company which is CMMI certified. Our Company has constantly strived to take television viewing to the next level as it supports various futuristic features providing consumers with easy accessibility and a wide variety of digital content. Its vast distribution network is spread across the length and breadth of the country. Our Company enjoys a strong brand equity with a large number of SD and HD channels, value-added services and multiple offerings spanning across price points. Customer centricity being at the heart of its operations, the Company strives to offer superior quality at competitive prices.

The home-grown OTT platform of Dish TV India has been steadily growing its reach and crossed the 50 million downloads mark at the end of the fiscal, doubling its subscribers during the year. The platform debuted several new web series to gain strength as an OTT platform with a strong semi urban presence in addition to a meaningful tier-1 visibility. The platform is poised to become the medium to carry Dish TV India to the next level, by being a critical connect between the Company and younger audience.

During the fiscal, subscription revenues were lower as compared to the last fiscal primarily due to volatile viewing habits, emergence of the second and third wave of the pandemic in the country, high inflation and conservative spending. The resultant average revenues per user (ARPU) declined as well. Operating revenues for the year were ₹28,025 million. EBITDA for the year stood at ₹16,442 million while EBITDA margin was 58.7 per cent. Financial expenses continued to decline due to repayment of borrowings. PBT before exceptional items grew from ₹823 million to ₹2,727 million in FY2021-22. The Company reported exceptional losses of ₹26,539 million leading to a net loss for the full year of ₹18,672 million. The Company stayed focused on deleveraging its balance sheet for the fourth year in a row and paid-off ₹4,343 million during the year thus reducing its overall debt to ₹3,756 million at the end of fiscal 2022 as compared to ₹8,099 million at the close of fiscal 2021.

Looking Ahead

The fiscal 2022 was certainly not the smoothest year for Dish TV. Challenges, both on the corporate and business front, kept us engaged but never to the extent of losing focus on business.

Notwithstanding difficulties, the Company continued to keep up with the times and remains optimistic about its capabilities to stay as one of the most relevant player in the content delivery space in India. The Company is actively looking beyond its contemporary offerings of Hybrid Boxes and OTT platform and is exploring newer possibilities that would make its service bouquet more appealing to an even wider set of audience.

Our Company is expected to be one of the biggest beneficiaries of Government's strong focus on vaccination, rural electrification, rural income, make in India, road and highway construction and housing for all, all of which are expected to be instrumental in increasing the share of pay television viewers by helping create overall rural infrastructure and employment in the days to come.

At the end, I would like to express my gratitude to all our stakeholders including our subscribers, investors, business associates, Central and State Governments, Ministry of Information and Broadcasting, TRAI and other Regulatory authorities for their support and trust in Dish TV India Limited. I would also like to thank the Board for their valuable contribution and all employees of the Company for their dedication and hard work.

I thank you all and look forward to continue to work for the betterment of the Company.

Sincerely,

Anil Kumar Dua
Group Chief Executive Officer

The material changes and commitments that have occurred after close of the financial year till the date of this report which affects the financial position of the Company has been detailed out in this report.

Based on internal financial control framework and compliance systems established in the Company and verified by the auditors' and reviews performed by the management and/or the Audit Committee of the Board, your Board is of the opinion that Company's internal financial controls were adequate and effective, except as provided in this report, during the financial year 2021-22.

The shareholders are aware that the resolution with respect to adoption of Annual Audited Financial Statements of the Company on a standalone and consolidated basis, for the financial year ended March 31, 2021, including the Balance Sheet as at March 31, 2021, the Statement of Profit & Loss and Cash Flow Statement for the financial year ended on that date and the Reports of the Board of Directors and Auditors thereon was not approved with requisite majority at the 33rd AGM held on December 30, 2021 (voting results of which were declared on March 8, 2022). Further, the resolution for ratification of remuneration of Cost Auditors for the Financial Year 2021-22 was also not approved with requisite majority at the 33rd AGM held on December 30, 2021 (voting results of which were declared on March 8, 2022).

The Board of Directors of the Company, in addition to the agenda items in relation to Financial Year 2021-22, have also proposed to present the Annual Audited Financial Statements of the Company for the Financial Year 2020-21 along with reports thereon and ratification of remuneration of Cost Auditors for the Financial Year 2021-22, without any modification, for consideration and approval by the Shareholders at the 34th Annual General Meeting of the Company schedule to be held on Monday, September 26, 2022, at 1230 Hrs.

2. COVID PANDEMIC

At the start of FY 2021-22, the economy was grappling with the after effects of a strong second COVID-19 wave. Continuous Government support through growth oriented and relief policies of the past two years coupled with Pan-India vaccination program, helped to keep the economy afloat. Post opening up of the economy, revival in demand was rapid. The last quarter, however, was impacted by the third COVID 19 wave and geopolitical conflicts which caused global level inflationary pressure. Though India continues to tread its growth path, inflationary pressure poses a significant challenge.

COVID-19 has been one of mankind's greatest challenges. Our collective resilience will ensure that not only do we overcome this challenge but emerge even stronger from it. The Company has been adapting itself to the ever-changing scenario and responding while keeping the safety and interest of all stakeholders in mind. The downside risks to the economy from the pandemic remain with slow pace of global vaccination and emergence of mutating variants. The other trends that will drive the Indian economic story are digital penetration, urbanization, wide ranging Government reforms, Government spending, infrastructure development and rebound of consumption.

Dish TV has continued to operate and provide DTH services to its customers, finding out new ways and means to serve the customer, even during the lockdown periods.

3. DIVIDEND

With a view to conserve the resources for future business requirements, your Board has not recommended any dividend on the equity shares of the Company during the year under review. The Board of Directors of the Company had approved and adopted a Policy on Distribution of Dividend, as amended from time to time, to comply with Regulation 43A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). The said Policy of the Company sets out the parameters and circumstances that will be taken into account by the Board in determining whether or not to distribute dividend to its shareholders, the quantum of profits and/or retained profits earned by the Company to be distributed as dividend. The policy is available on the website of the Company viz. <https://www.dishd2h.com>.

4. BUSINESS OVERVIEW

Dish TV is India's first direct to home entertainment service that has revolutionized the Indian entertainment space. The Company has played a crucial role in bringing home the best in television viewing through the latest in digital technology. Dish TV has constantly strived to take television viewing to the next level as it supports various futuristic features providing consumers with easy accessibility and a wide variety of digital content. All its three DTH brands, viz. Dish TV, d2h and Zing,

enjoy strong brand equity amongst their respective audiences. With Watcho, the Company's in-house OTT platform, Dish TV is poised to extend its stronghold in the emerging space of streaming entertainment.

Customer centricity being at the heart of its operations, the Company strives to offer superior quality entertainment at competitive prices. To that end, the Company launched Zing Super FTA box which allows customers to access FTA channels while giving them an option to subscribe to pay channels.

As compliance with the new NTO guidelines significantly increased cost per month for the consumers, the Company rationalized and reduced the price points to accommodate customers' monthly budgets. The Company also launched several new channels and VAS on the Dish TV and d2h platforms. To serve customers more effectively the Company is investing in data management and analytics for both DTH and OTT platforms enabling better understanding of consumption and behavioral data of subscribers.

The Company's in-house OTT platform, Watcho, crossed the 50 million downloads mark during the year under review, doubling its user base during the period. During the year, several original series across genres were released and the platform was also extended in regional languages enabling it to connect with a larger audience base. Going forward, the focus will be on incorporating more languages. We believe that Watcho plays an important role in establishing a critical connect between the Company and those looking for video entertainment beyond the traditional television.

Dish TV had its share of challenges during the year but managed to stay on track for business reaching out to far more viewers than the year before. New additions during the fiscal were ~ 3.4% higher as compared to the previous year though high overall churn led to a net reduction in subscriber base during the fiscal.

Subscription revenues during the year were lower compared to the previous year mainly due to volatile viewing habits, repeated pandemic related disruptions and conservative consumer spending amidst inflationary pressures close to the end of the fiscal.

Consolidated Operating revenues came in at ₹ 28,025 million. Concerted efforts to optimize costs resulted in a 6% reduction in total expenses. EBITDA margin was at 58.7%. The Company stayed focused on deleveraging its balance sheet for the fourth year in a row and paid off debt of ₹ 4,343 million during the year thus reducing its overall debt to ₹ 3,756 million at the end of fiscal 2022 as compared to ₹ 8,099 million at the close of fiscal 2021. Profit before exceptional items and tax jumped 3.3 times as compared to the previous financial year to ₹ 2,727 million. Significant exceptional items expense resulted in overall losses of ₹ 18,672 million. With Government's focus on rail and road infrastructure, a push for housing for all and efforts to improve rural income, demand for DTH services in the non-urban population is expected to rise. The Company believes that it is well-positioned to capitalize on this emerging opportunity by leveraging on its strong position in the industry.

DIRECT TO HOME ('DTH') LICENSE

Your Company was issued Direct to Home ('DTH') License by the Ministry of Information and Broadcasting, Government of India ('MIB') in the year 2003, which License was valid for a period of 10 years, i.e. upto September 2013. Subsequently, the MIB has been periodically granting interim extensions of the said License.

The MIB vide Order dated December 30, 2020 issued amended Guidelines for DTH sector. The amended guidelines, inter-alia provide for a term of 20 years for the DTH License and the license fee revised to 8% of Adjusted Gross Revenue (AGR), which is to be calculated by deduction of GST from the Gross Revenue. The terms of the amended guidelines have come into effect from April 1, 2021. In accordance with the amended guidelines, the Company had applied for issue of License and the MIB has granted provisional License with effect from April 1, 2021 *vide* its letter dated March 31, 2021 on the terms and conditions as mentioned therein.

Dish TV India Ltd

DTH License fee Demand:

The Ministry of Information and Broadcasting vide its communication dated December 24, 2020, had intimated the Company that basis the accounts of the Company and payment made by the Company towards license fee for the period, from the date of issuance of DTH License till Financial Year 2018- 19, an amount of ₹ 4,164.05 Crores is payable by the Company and directed the Company to remit the said amount within a period of 15 days. According to the communication dated December 24, 2020, the said amount includes the License Fee payable and accrued interest thereon. However, the Ministry of Information and Broadcasting has in its said letter, also mentioned that the amount is further subject to verification and audit and the outcome of various court cases pending before the Hon'ble Telecom Dispute Settlement Appellate Tribunal (TDSAT), the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India, in the matter of DTH License fee.

The Ministry of Information and Broadcasting had also issued a demand notice in the year 2014 for the License Fee pertaining from the date of issuance of DTH License till Financial Year 2012-13. The said Demand Notice was challenged by the Company before the Hon'ble TDSAT and the said Demand has been stayed by the Hon'ble TDSAT, which stay continues to be in force.

Further, petition of the Company is also pending before the Hon'ble High Court of Jammu and Kashmir where *inter-alia* the quantum / applicability of License Fee and imposition of interest has been challenged by the Company. Secretarial Auditors' observation(s) in Secretarial Audit Report and Directors' explanation thereto:

1. *With the cessation of directorship of Mr. Ashok Mathai Kurien at the Annual General Meeting ("AGM") of the Company held on December 30, 2021, the result of which was declared on March 08, 2022, the number of Directors on the Board were reduced to five. Regulation 17(1) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI LODR") requires that the Board of Directors of the Listed Entity shall be comprised of not less than six directors. Accordingly, the composition of the Board of Directors was not as per Regulation 17 of SEBI LODR with effect from December 30, 2021 till the end of the review period. The Company has informed that the result of the AGM was declared by the listed entity on 8th March, 2022 in compliance with Ad-Interim ex-parte Order cum Show Cause Notice dated March 7, 2022 issued by SEBI. Further, as the Listed Entity is also governed by Uplinking guidelines of MIB, it requires prior approval of the MIB before appointment of a Director. The application for clearance of the candidate shortlisted by the Nomination and Remuneration*

Committee at its meeting held on March 10, 2022 was made and the requisite approval was received post expiry of the review period.

Response:

World Crest Advisors LLP, a promoter group entity, had filed a suit bearing CS(L) No. 29569 of 2021 ("Suit") against Catalyst Trusteeship Limited and Yes Bank Limited, before the Hon'ble High Court of Judicature at Bombay, seeking *inter-alia*, a declaration to the effect that it is the owner of 44,00,54,852 equity shares of the Company which are presently held by Yes Bank Limited. On December 23, 2021, the Hon'ble Bombay High Court directed that the result of the proposed Annual General Meeting of the Company to be held on December 30, 2021, shall be subject to the outcome of the final hearing of the Interim Application in the Suit. In order to comply with the Hon'ble Court's direction, the Company upon the conclusion of the Annual General Meeting held on December 30, 2021 ("AGM") requested the Scrutinizer to place all the information relating to the e-voting along with his Report, in a sealed cover and the Company moved an suitable application before the Hon'ble High Court in order to place the same before the Court.

Pursuant to the Securities and Exchange Board of India (SEBI)'s Ad-Interim ex-parte Order cum Show Cause Notice dated March 7, 2022, in relation to non-disclosure of voting results on various proposals put forth in the Company's 33rd AGM, the Company, without prejudice to its rights and contentions (and other Appellant/Parties in the Appeal and also in the Suit), disclosed the Voting Results of the AGM on March 8, 2022, on which date the Company *inter-alia* became aware that the Shareholders of the Company have not accorded their requisite approval for the re-appointment of Mr. Ashok Mathai Kurien, an Non-Executive Director of the Company, consequent to which Mr. Ashok Mathai Kurien ceased to be a Director of the Company with effect from December 30, 2021. Accordingly the said cessation of the directorship of Mr. Kurien though effective from December 30, 2021 was known to the Company only on March 8, 2022 on which day, the required disclosures were made by the Company.

Pursuant to the provisions of Up-linking Guidelines of the Ministry of Information & Broadcasting (MIB), the Company is required to obtain prior permission of the MIB to affect any change in the Board of Directors. Immediately upon the declaration of the Voting Results of the AGM on March 8, 2022, the Nomination and Remuneration Committee at its meeting held on March 10, 2022 considered the candidature of Mr. Rajagopal Chakravarthi Venkatesh as a Director of the Company and necessary application was filed with MIB for obtaining its prior permission. Upon receipt of the permission from MIB, the Nomination and Remuneration Committee and the Board at their respective meetings held on May 25, 2022 approved the appointment of Mr. Rajagopal Chakravarthi Venkatesh as an Independent Director (Additional) of the Company for a period of 5 years with effect from May 25, 2022, subject to the approval of the Shareholders. Upon the said appointment the composition of the Board was in compliance with the requirements of Regulation 17 of the SEBI Listing regulations.

2. *For the period December 30, 2021 to March 09, 2022, the Stakeholders Relationship Committee consisted of only two members instead of minimum three members required under Regulation 20 of SEBI LODR, as Mr. Ashok Mathai Kurien's re-appointment as Director was not approved by the members at the AGM held on December 30, 2021. Regulation 20(2A) of SEBI LODR provides that the Stakeholders Relationship Committee should consist of minimum three members. The Stakeholders Relationship Committee was reconstituted as per the Regulation 20 with effect from March 10, 2022.*

Response:

As mentioned in previous response, the said cessation of the directorship of Mr. Kurien though effective from December 30, 2021 was known to the Company only on March 8, 2022. The Board immediately, at its meeting held on March 10, 2022, inducted Dr. (Mrs.) Rashmi Aggarwal, an Independent Director of the Company as member and Chairman of the Stakeholders Relationship Committee, in order to be in compliance with the applicable provisions governing the composition of the stakeholder relationship committee.

3. *The voting results of the AGM held on December 30, 2021 were declared and submitted with the stock exchanges on March 8, 2022. Regulation 44(3) of SEBI LODR provides for submission of details regarding the voting results to the stock exchanges within two working days of conclusion of a General Meeting. The Company has clarified that the delay was in view of pendency of IA's and Suit (L) No. 29569 of 2021 before Hon'ble Bombay High Court. The Company had received AGM results from the Scrutinizer in a sealed cover and had made an application to the Court for allowing it to submit the same before the Court. Subsequently, in compliance with Ad-interim order cum show cause notice dated March 07, 2022 issued by the SEBI, the results were declared on March 8, 2022. The stock exchanges have imposed fines of ₹ 11,800/- (including GST) each on the Company, which were deposited by the Company on March 15, 2022.*

Response:

Regarding delay in disclosure of AGM voting results, please refer to response provided in para 1 above. Further, the Company has paid the fine (under protest) levied on the Company to National Stock Exchange of India Limited and BSE Limited on March 15, 2022, and has filed waiver application, which is currently pending.

4. *The Financial Statements for the Financial Year 2020-21, the Auditors Report, Board Report and their annexures thereon were not approved and adopted by the shareholders of the Company at the AGM held on December 30, 2021. As the voting at the AGM had been carried out electronically, the AGM could not be adjourned on this account. The Company has filed the provisional financial statements and other documents with the Registrar of Companies for the year 2020-21. The shareholders of the Company are yet to approve the audited financial statements for the year 2020-21 and reports thereon.*

Response:

The Annual Audited Financial Statements of the Company for the financial year 2020-21 was placed before the shareholders at the Annual General Meeting held on December 30, 2021 ('AGM') wherein the same was not adopted by the shareholders with requisite majority. In compliance with the applicable regulatory provisions, the Company has filed the financial statements for the financial year ending March 31, 2021, as being provisional financial statements, with the Registrar of Companies on March 23, 2022. The Annual Audited Financial Statements of the Company for the Financial Year 2020-21 along with reports thereon shall be again placed for consideration and approval by the Shareholders at the ensuing Annual General Meeting of the Company.

ANNEXURE TO BOARD'S REPORT

FORM NO. MR-3

SECRETARIAL AUDIT REPORT (For the Financial Year ended March 31, 2022)

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies
(Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,

The Members

Dish TV India Limited

Office No. 3/B, 3rd Floor,
Goldline Business Centre,
Link Road, Malad West,
Mumbai, Maharashtra- 400064

I have conducted the Secretarial Audit of the compliances of applicable statutory provisions and the adherence to good corporate practices by Dish TV India Limited (hereinafter called "the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of the Secretarial Audit, I hereby report that in my opinion, the Company has, during the audit period covering the Financial Year ended on March 31, 2022 ("Audit Period"), complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the period ended on March 31, 2022 according to the provisions of:

- (a) The Companies Act, 2013 ("the Act") and the Rules made thereunder including any re-enactment thereof;
- (b) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- (c) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (d) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (e) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
 - a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - c) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
 - d) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;

- e) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
- f) The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
- g) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008 (*Not Applicable to the Company during the Audit period*);
- h) Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021 (*Not Applicable to the Company during the Audit period*);
- i) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client (*Not Applicable to the Company during the Audit period*);
- j) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (*Not Applicable to the Company during the Audit period*); and
- k) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998 (*Not Applicable to the Company during the Audit period*).

I further report that, having regard to the compliance system prevailing in the Company and based on the representation made by the management of the Company and on examination of the relevant documents and records in pursuance thereof, the Company has complied with the following laws applicable specifically to the Company:

- (a) The Cable Television Networks (Regulation) Act, 1995 and the Rules made thereunder;
- (b) The Telecom Regulatory Authority of India Act, 1997 and *inter-alia*, the following regulations thereunder:
 - (i) The Telecommunication (Broadcasting and Cable) Services Interconnection (Addressable Systems) Regulations, 2017 along with Amendments;
 - (ii) The Telecommunication (Broadcasting And Cable) Services Standards of Quality of Service And Consumer Protection (Addressable Systems) Regulations, 2017 along with Amendments;
 - (iii) The Telecommunication (Broadcasting and Cable) Services (Addressable Systems) Tariff Order, along with Amendments;
 - (iv) The Telecommunication (Broadcasting and Cable) Services Register of Interconnection Agreements and all such other matters Regulations, 2019.
- (c) Terms and conditions of the DTH license issued by the Ministry of Information and Broadcasting.
- (d) Terms and conditions of the license issued by Wireless Planning and Coordination Wing (WPC), Department of Telecommunications, Ministry of Communications.

I have also examined compliance with Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2), issued by The Institute of Company Secretaries of India (ICSI).

During the audit period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. However, during the audit period,

1. With the cessation of directorship of Mr. Ashok Mathai Kurien at the Annual General Meeting ("AGM") of the Company held on December 30, 2021, the result of which was declared on March 08, 2022, the number of Directors on the Board were reduced to five. Regulation 17(1) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements)

Regulations, 2015 ("SEBI LODR") requires that the Board of Directors of the Listed Entity shall be comprised of not less than six directors. Accordingly, the composition of the Board of Directors was not as per Regulation 17 of SEBI LODR with effect from December 30, 2021 till the end of the review period. The Company has informed that the result of the AGM was declared by the listed entity on 8th March, 2022 in compliance with Ad-Interim ex-parte Order cum Show Cause Notice dated March 7, 2022 issued by SEBI. Further, as the Listed Entity is also governed by Uplinking guidelines of MIB, it requires prior approval of the MIB before appointment of a Director. The application for clearance of the candidate shortlisted by the Nomination and Remuneration Committee at its meeting held on March 10, 2022 was made and the requisite approval was received post expiry of the review period.

2. For the period December 30, 2021 to March 09, 2022, the Stakeholders Relationship Committee consisted of only two members instead of minimum three members required under Regulation 20 of SEBI LODR, as Mr. Ashok Mathai Kurien's re-appointment as Director was not approved by the members at the AGM held on December 30, 2021. Regulation 20(2A) of SEBI LODR provides that the Stakeholders Relationship Committee should consist of minimum three members. The Stakeholders Relationship Committee was reconstituted as per the Regulation 20 with effect from March 10, 2022.
3. The voting results of the AGM held on December 30, 2021 were declared and submitted with the stock exchanges on March 8, 2022. Regulation 44(3) of SEBI LODR provides for submission of details regarding the voting results to the stock exchanges within two working days of conclusion of a General Meeting. The Company has clarified that the delay was in view of pendency of IA's and Suit (L) No. 29569 of 2021 before Hon'ble Bombay High Court. The Company had received AGM results from the Scrutinizer in a sealed cover and had made an application to the Court for allowing it to submit the same before the Court. Subsequently, in compliance with Ad-interim order cum show cause notice dated March 07, 2022 issued by the SEBI, the results were declared on March 8, 2022. The stock exchanges have imposed fines of ₹ 11,800/- (including GST) each on the Company, which were deposited by the Company on March 15, 2022.
4. The Financial Statements for the Financial Year 2020-21, the Auditors Report, Board Report and their annexures thereon were not approved and adopted by the shareholders of the Company at the AGM held on December 30, 2021. As the voting at the AGM had been carried out electronically, the AGM could not be adjourned on this account. The Company has filed the provisional financial statements and other documents with the Registrar of Companies for the year 2020-21. The shareholders of the Company are yet to approve the audited financial statements for the year 2020-21 and reports thereon.

I further report that compliance of applicable financial laws including Direct and Indirect Tax laws by the Company has not been reviewed in this Audit as same are subject to review by the Statutory Auditors and other designated professionals.

I further report that:

- a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- b) The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.
- c) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- d) As per the minutes of meetings duly recorded and signed by the Chairman, the decisions of the Board and committees were carried through with unanimous consent and no dissenting views have been recorded as part of the minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that,

- (a) during the year 2017-18, the Hon'ble National Company Law Tribunal, Mumbai Bench vide order dated July 27, 2017 had approved the amalgamation of Videocon D2H Limited into and with the Company and the Company had issued fully paid up equity Shares of the Company of Re. 1/- (one each), on March 26, 2018, to the eligible equity shareholders of Videocon D2H Limited in exchange. However, out of the total issue of 857,785,642 fully paid equity shares, the Board of the Company allotted 775,256,159 fully paid Equity Shares of Re.1/- each and allotment of 82,529,483 equity shares was kept in abeyance owing to counter claims lodged with the Company. Subsequently, the Hon'ble National Company Law Tribunal, Mumbai Bench vide Order dated April 26, 2018 and Hon'ble Delhi High Court vide order dated August 2, 2018 directed the Company to keep the allotment of 82,529,483 fully paid Equity Shares of Re.1/- each in abeyance and to maintain a *status quo* in the matter till further orders in this regard. During the audit period under review, no further directions / orders were received for any change in status quo or carrying out the allotment of shares.
- (b) The Company received a Notice on September 23, 2021 issued by Yes Bank Limited ('YBL') requisitioning an Extraordinary General Meeting (EGM) of the shareholders of the Company under Section 100 of the Companies Act, 2013, proposing resolutions under Sections 160, 169 of the Act, for appointment of seven individuals as Directors on the Board of the Company and removal of five Directors from the then current Board. The legal counsels of the Company advised that there were certain embargos under various provisions including the Banking Regulation Act, 1949, Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, and therefore the Company could not place the said resolutions before the shareholders. Additionally, prior approval of Ministry of Information and Broadcasting as well as that of Company's Lenders were required for the change in the constitution of the Board of the Company.
- (c) The Financial Statements for the Financial Year 2020-21, the Auditors Report, Board Report and their annexures thereon were not approved and adopted by the shareholders of the Company at the AGM held on December 30, 2021. Please refer to para 4 above of this report in this regard. Also, the remuneration of Cost Auditor for the Financial Year 2021-22 was not ratified by the shareholders of the Company.
- (d) The Board of Directors of the Company at its meeting held on March 25, 2022 approved the re-appointment of Mr. Jawahar Lal Goel (DIN: 00076462) as the Managing Director of the Company from April 1, 2022 to March 31, 2025 (both days inclusive), and of Mr. Anil Kumar Dua (DIN: 03640948) as the Whole Time Director of the Company from March 26, 2022 to March 25, 2025 (both days inclusive), basis the recommendations of Nomination and Remuneration Committee.
- (e) The Company completed forfeiture of 31,360 Partly Paid up Equity Shares of Re. 1/- each i.e. partly paid-up 18,233 Shares of ₹ 0.50 each and partly paid-up 13,127 Shares of ₹ 0.75 each of the Company.

This report is to be read with my letter of even date which is annexed as Annexure and forms integral part of this report.

(vi) Employee wise details of options granted during the year:

Refer below

(a) Senior Managerial Personnel:

- **ESOP -2007:** With a view to launch a new ESOP Scheme, the NRC at its meeting held on August 17, 2017, decided not to make any fresh grant of options under Employee Stock Option Scheme (ESOP – 2007) of the Company, and proposed to withdraw the Scheme by canceling the remaining stock options which are yet to be granted under the scheme. Accordingly, no fresh grant of options was made during the year under review under the ESOP-2007 scheme of the Company.
- **ESOP -2018 :** During the financial year under review, no stock options were granted under the ESOP - 2018 Scheme of the Company.

(b) Any other employee who received a grant during the year, of options amounting to 5% or more of option granted during that year:

- **ESOP -2007:** During the financial year under review, no stock options were granted under the ESOP -2007 Scheme of the Company.
- **ESOP -2018:** During the financial year under review, no stock options were granted under the ESOP -2018 Scheme of the Company. Consequently, no employee was granted stock options, which amounted to 5% or more of the total options granted during the financial year under review.

(c) identified employees who were granted option, during any one year, equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) of the company at the time of grant

None

(vii) A description of the method and significant assumptions used during the year to estimate the fair value of options including the following information:

Expected Dividends	The shares issued under stock options shall rank <i>pari-passu</i> , including the right to receive dividend. Expected dividend payouts to be paid during the life of the option reduce the value of a call option by creating drop in market price of the stock. Adjustments for known dividend payouts over the life of the option are made to the formulae under Black Scholes method. However, in the present case, as the life of the option is greater than one year, there is considerable difficulty in estimating the amount and time of future dividend payouts with certainty. Hence, future dividend payouts have not been incorporated in the valuation analysis.				
(b) the method used and the assumptions made to incorporate the effects of expected early exercise	Not Applicable				
(c) how expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility	Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. Each vest has been considered as a separate grant. The volatility for periods corresponding to the respective expected lives of the different vests, prior to the grant date has been considered. The daily volatility of the Company's stock price on National Stock Exchange of India Limited over these years has been considered.				
(d) whether and how any other features of the option grant were incorporated into the measurement of fair value, such as a market condition	Not Applicable

ANNEXURE TO BOARD'S REPORT

Extract of Remuneration Policy

1. OBJECTIVE

This Policy aims to attract, retain and motivate the Members of the Board of Directors, Key Managerial Personnel and Senior Management of the Company. Further, the policy lays down the criteria / guiding principles for compensation package of Directors, Key Managerial Personnel, Senior Management and other employees of the Company.

The Policy reflects the Company's objectives for good corporate governance as well as sustained long-term value creation for shareholders.

2. GUIDING PRINCIPLES

The guiding principle of this Policy is that the remuneration and other terms of engagement / employment shall be competitive enough to ensure that the Company is in a position to attract, retain and motivate right kind of human resource(s) for achieving the desired growth set by the Company's management year on year thereby creating long-term value for all stakeholders of the Company.

While designing the remuneration package, efforts are to be made to ensure that the remuneration matches the level in comparable companies, whilst also taking into consideration requisite competencies, qualifications, industry experience, efforts required and the scope of the work.

Further, the compensation package for Directors, KMPs and other employees are designed based on the following principles:

- a. Aligning KMP and board remuneration with the longer term interests of the company and its shareholders.
- b. Link to long term strategy and annual business performance of the company on key business drivers.
- c. Develop a culture of meritocracy.
- d. Minimise complexity and ensure transparency.
- e. Reflective of line expertise, market competitiveness so as to attract the best talent.

The Nomination and Remuneration Committee while considering a remuneration package shall ensure that it reflects short and long term performance objectives appropriate to the working of the company and its goals.

The Nomination and Remuneration Committee believes that a successful remuneration policy must ensure that a significant part of the remuneration package should be linked to the achievement of corporate performance targets and a strong alignment of interest with stakeholders.

2.1. Remuneration of Executive Members on the Board:

REPORT ON CORPORATE GOVERNANCE

COMPANY'S PHILOSOPHY ON CORPORATE GOVERNANCE:

Your Company has put in place an effective Corporate Governance system which ensures that provisions of the Companies Act, 2013 ('Act'), Securities and Exchange Board of India (Listing Obligation and Disclosure Requirements) Regulations, 2015 ('Listing Regulations') and other applicable regulations, are duly complied with, not only in form but also in substance. Corporate Governance at Dish TV India Limited ('Company') is strongly founded on its core values viz. collaboration, speed & agility, solving big problems, respect, humility & integrity, big hairy audacious goals, customer first, innovation and being frugal. The Company's principles of Corporate Governance are based on transparency, accountability and focus on the sustainable long-term growth of the Company. Our actions are governed by our values and principles, which are reinforced at all levels within the Company. We consider our stakeholders as partners in our journey forward. We are committed to ensure their well-being despite the challenges and economic volatilities, for sustained corporate growth.

Corporate Governance philosophy in the Company stems from the belief that the Company's business strategy, plans and decisions ought to be consistent with the welfare of all its stakeholders. The governance principles ingrained in the value system of the Company are based on conscience, openness, fairness and professionalism, which have built strong foundation of trust and confidence in the minds of our stakeholders.

The Company has ensured that the governance framework is driven by the objective of enhancing long-term shareholder value without compromising on ethical standards, Sustainability and Corporate Social Responsibility. The Company has evolved over the years with vision and values set and ensured utmost governance towards its stakeholders. The Company believes that corporate governance is not limited to merely creating checks and balances and it goes beyond the practices enshrined in the laws and encompasses the basic business ethics and values that need to be adhered. Achieving milestones is important for us, but achieving them the right and ethical way is all the more important and essential. We strongly believe in ensuring good conduct and governance by following transparency, fairness, integrity, equity and accountability in all dealings with customers, vendors, employees, regulatory bodies, investors and community at large. The management and the employees of the Company continuously work on their competence and capability levels to meet the expectations with the highest standards of ethics.

The Board of Directors ('the Board') are responsible for and committed to sound principles of Corporate Governance in the Company. The Company's Corporate Governance framework includes informing the Company's policies and actions to those towards whom it has responsibility. This also includes disclosure without hampering the interests and privacy of the Company and those of its stakeholders. The Company has constructed its vision and business strategy around these principles in such a way that it would help the organisation to continuously improve its position in a fast-changing world. We believe that an active, well-informed and independent Board is necessary to ensure the highest standard of Corporate Governance. Our Board also represents a confluence of experience and expertise across diverse areas, ranging from finance, general management, and administrative services and consulting, which helps us in designing well planned vision and policies for the Company.

The Company strives at doing the "right things" in the "right manner" in the interest of multiple stakeholders, which would attract sound financial status, brand value, sustainability and reliability. We are in compliance with the mandatory requirements of the Listing Regulations. This section, along with the section on 'Management Discussion and Analysis', 'Business Responsibility Report' and 'General Shareholders' Information', constitute the Company's compliance with Regulation 34 of the Listing Regulations.

A report on compliance with the principles of Corporate Governance as prescribed under Listing Regulations is given below:

BOARD OF DIRECTORS

Further, the Interim Dividend declared by the Company which remains unpaid or unclaimed, has been transferred by the Company to "Dish TV India Limited – unpaid Interim Dividend FY 2018-19" account and will be due for transfer to the Investor Education and Protection Fund on completion of seven years.

T. Transfer to Investor Education and Protection Fund

As per Section 125(2) of the Act, the Companies are required to credit to the IEPF Fund any amount provided under clauses (a) to (n), within a period of thirty days of such amount becoming due to be credited to the fund. During the Financial Year 2021-22 Company was not required to deposit any amount to the Investor Education and Protection Fund.

U. Credit Rating

During the Financial Year under review, Acuité Rating and Research, a Credit rating agency had assigned ACUITE BB for long term bank facilities of the Company. ACUITE had downgraded the said rating from ACUITE BB+ for long term bank facilities of the Company. Acuité has downgraded the rating of the Company and placed it on rating watch with negative implications considering the decline in business performance of DTIL Group, lack of clarity on change in management and contingency of disputed license fees liabilities materialising. Instruments with this rating are considered to have moderate risk of default regarding timely servicing of financial obligations.

CARE (Credit Analysis and Research Limited), a Credit rating agency has during the year under review assigned CARE A4 (CWN) for short Term Loans of the Company. Instruments with this rating are considered to have minimal degree of safety regarding timely payment of financial obligations. Such instruments carry very high credit risk and are susceptible to default.

V. Foreign Exchange Risk and Hedging Activities

There is no Commodity Risk and hedging activities. Therefore, there is no disclosure to offer in terms of SEBI circular no. SEBI/HO/CFD/CMD1/ CIR/P/2018/0000000141 dated November 15, 2018.

Details relating to Foreign Exchange Risk / Exposure are given in Note No. 50B (e) to the Financial Statements.

Some of the Company's transactions are in foreign currency and due to fluctuations in foreign exchange prices, it is subject to foreign exchange risks. The Company has in place a risk management framework for identification and monitoring and mitigation of foreign exchange risks. The Company has entered into foreign exchange forward, option and futures contracts to manage its exposure to exchange rate fluctuations, in accordance with its risk management policies. The risks are tracked and monitored on a regular basis and mitigation strategies are adopted in line with the risk management policy.

Moreover, the foreign exchange exposure is also reviewed by the Audit committee of the Board of Directors of the Company for optimization and risk mitigation.

W. Compliance with Secretarial Standards

DISCLOSURES:

(a) Related Party Transactions

All transactions entered into by the Company with related parties during the financial year 2021-22 were in ordinary course of business and on arms-length basis. During the Financial year 2021-22 there were no materially significant related party transactions i.e. transactions material in nature, between the Company and the Related Parties including its Promoters, Directors or Key Managerial Personnel or their relatives etc. having any potential conflict with interests of the Company at large.

The related party transactions undertaken by the Company during the year under review were in compliance with the applicable provisions of the Act and Listing Regulations. The details of the Related Party Transactions are set out in the Notes to Financial Statements forming part of the Annual Report. Pursuant to the applicable provisions and the provision of the Related Party Transaction Policy of the Company, all the relevant details of the Related Party Transactions are placed before the Audit Committee and the Board on Quarterly and Annual Basis. All ongoing related party transactions along with the estimated transaction value and terms thereof are approved by the Audit Committee before commencement of financial year and thereafter reviewed on quarterly basis by the Audit Committee.

In compliance with the requirements of Regulation 23 of the Listing Regulations, the Board of the Company had approved a Related Party Transaction Policy, to facilitate management to report and seek approval for any Related Party Transaction proposed to be entered into by the Company, which is in compliance with all the applicable provisions of law including the provisions of the Act. The said Policy is also available on the Company's website and is accessible at <http://dishd2h.com/corporate-governance/>

(b) Details of non-compliance by the company, penalties, strictures imposed on the company by Stock Exchange or SEBI or any statutory authority

During the financial year 2019-20, in terms of Regulation 30 (6) of Listing Regulation, there was an inadvertent delay in submission of credit rating of the Company by two days, for which the National Stock Exchange of India advised the Company to take abundant caution in future in reporting such instances to stock exchanges. Detailed reason for delayed filing was duly furnished by the Company to the National Stock Exchange.

During the financial year 2020-21, SEBI issued show cause notice dated September 11, 2020 to the Company under Rule 4 of SEBI (Procedure for holding inquiry and imposing penalties) Rules 1995, on account of violation under SEBI (Prohibition of Insider Trading) Regulations, 2015 with regard to delayed filing of disclosures with Stock Exchanges under Regulation 7(2) (b) relating to dealings in the securities of the Company by its Promoter(s) viz. Direct Media Distribution Ventures Private Limited and World Crest Advisors LLP. In order to settle the proceedings initiated, without admitting or denying the findings of fact and conclusions of law, the Company filed settlement application with SEBI on October 7, 2020. SEBI vide its order dated February 17, 2021 approved settlement upon payment of ₹8,20,782/-. The Company deposited the said amount within the prescribed timeline and accordingly, the matter is settled.

During the financial year 2021-22 and upto the date of this report, the details of Non-compliances and reasons thereof are as under:

a) Delay in Disclosure of Voting Result:

World Crest Advisors LLP, a promoter group entity, had filed a suit bearing CS(L) No. 29569 of 2021 ('Suit') against Catalyst Trusteeship Limited and Yes Bank Limited, before the Hon'ble High Court of Judicature at Bombay, seeking *inter-alia*, a declaration to the effect that it is the owner of 44,00,54,852 equity shares of the Company which are presently held by Yes Bank Limited. On December 23, 2021, the Hon'ble Bombay High Court directed that the result of the proposed Annual General Meeting of the Company to be held on December 30, 2021, shall be subject to the outcome of the final hearing of the Interim Application in the Suit. In order to comply with the Hon'ble Court's direction, the Company upon the conclusion of the Annual General Meeting held on December 30, 2021 ("AGM") requested the Scrutinizer to place all the information relating to the e-voting along with his Report, in a sealed cover and the Company moved an suitable application before the Hon'ble High Court in order to place the same before the Court. Pursuant to the Securities and Exchange Board of India (SEBI)'s Ad-Interim ex-parte Order cum Show Cause Notice dated March 7, 2022, in relation to non-disclosure of voting results on various proposals put forth in the Company's 33rd AGM, the Company, without prejudice to its rights and contentions (and other Appellant/Parties in the Appeal and also in the Suit), disclosed the Voting Results of the AGM on March 8, 2022,

b) Composition of the Board:

Upon disclosure of the Voting Results of the AGM on March 8, 2022, the Company *inter-alia* became aware that the Shareholders of the Company have not accorded their requisite approval for the re-appointment of Mr. Ashok Mathai Kurien, an Non-Executive Director of the Company, consequent to which Mr. Ashok Mathai Kurien ceased to be a Director of the Company with effect from December 30, 2021. Accordingly the said cessation of the directorship of Mr. Kurien

though effective from December 30, 2021 was known to the Company only on March 8, 2022 on which day, the required disclosures were made by the Company. Pursuant to the provisions of Up-linking Guidelines of the Ministry of Information & Broadcasting (MIB), the Company is required to obtain prior permission of the MIB to affect any change in the Board of Directors. Immediately upon the declaration of the Voting Results of the AGM on March 8, 2022, the Nomination and Remuneration Committee at its meeting held on March 10, 2022 considered the candidature of Mr. Rajagopal Chakravarthi Venkateish as a Director of the Company and necessary application was filed with MIB for obtaining its prior permission. Upon receipt of the permission from MIB, the Nomination and Remuneration Committee and the Board at their respective meetings held on May 25, 2022 approved the appointment of Mr. Rajagopal Chakravarthi Venkateish as an Independent Director (Additional) of the Company for a period of 5 years with effect from May 25, 2022, subject to the approval of the Shareholders. Upon the said appointment the composition of the Board was in compliance with the requirements of Regulation 17 of the SEBI Listing regulations.

Subsequent to the above, at the Extra Ordinary General Meeting of the Company held on June 24, 2022, certain resolutions in respect of appointment / re-appointment of Directors were not approved with requisite majority by the Shareholders, owing to which, the composition of the Board once again fell below the requirements prescribed under the extant SEBI Listing regulations. The Nomination and Remuneration Committee and the Board have taken required steps to comply with the said requirements.

The details of the penalties imposed by the Stock Exchanges and Show cause notice issued by SEBI on the above non-compliances are as under:

a) SEBI Ad-Interim ex-parte Order cum Show Cause Notice:

Securities and Exchange Board of India (SEBI) passed an Ad-Interim ex-parte Order cum Show Cause Notice ('SEBI Order') bearing no. WTM/SM/CFD/CMD-1/15312/2021-22 dated March 7, 2022 under Sections 11(1), 11(4) and 11B(1) of Securities and Exchange Board of India Act, 1992, to the Company, its Directors and Company Secretary & Compliance Officer, in relation to non-disclosure of voting results on various proposals put forth in the Company's 33rd Annual General Meeting held on December 30, 2021. In order to comply with the SEBI Order, the Company, without prejudice to its rights and contentions, disclosed the voting results on March 8, 2022.

In respect of the Show Cause Notice of the SEBI Order, the Company along with Directors namely - Mr. Jawahar Lal Goel, Mr. Ashok Mathai Kurien, Mr. Anil Kumar Dua and the Company Secretary & Compliance Officer namely Mr. Ranjit Singh have filed Settlement application with SEBI, which is pending.

The Independent Directors namely - Mr. Bhagwan Das Narang, Mrs. Rashmi Aggarwal and Mr. Shankar Aggarwal had filed a response to the said show cause notice. Post adjudication, SEBI *vide* its Final Order dated July 14, 2022, in respect of Independent Directors of the Company, has held that no omission to exercise due diligence can be attributed to the independent directors in the facts and circumstances of the case, and accordingly has disposed the proceedings initiated by the Show Cause Notice, against the Independent Directors without any further directions.

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMY OVERVIEW

Global Economy

With over 9 billion doses administered, the year 2021 witnessed mass vaccination drives across the world. Even while the distribution was highly uneven with 75% population in advanced economies getting at least one vaccination dose as compared to only 55% in emerging and developing economies, it had a huge impact on reducing the resurgence of COVID-19, allowing most countries to avoid lockdowns, while focusing on ramping up vaccination, and expanding testing. Despite the pandemic waning down, global growth is projected to slow down from an estimated 6.1% in 2021 to 3.6% in 2022 and 2023. Even before geopolitical tensions escalated in early 2022, inflation in many countries had been rising due to supply-demand imbalances and policy support during the pandemic. Prompting a tightening of monetary policy. With inflationary pressures increasing a more aggressive monetary policy response is expected from policymakers across the globe.

As per RBI estimates the Indian economy is expected to grow at 7.2% with an inflation estimate of around 6.5%. In recent months there is some respite from inflation but it will take time to return to normalcy.

Advanced economies grew 5.2% in 2021 and are expected to grow at 3.3% in 2022 and 2.4% in 2023. Emerging economies fared better than advanced economies in 2021 growing at 6.8%. In 2022 and 2023, emerging economies are expected to grow at 3.8% and 4.4% respectively with India leading the way.

Indian Economy

At the start of FY 2021-22, the economy was grappling with the after effects of a strong second COVID-19 wave. Continuous government support through growth oriented and relief policies of the past two years coupled with Pan-India vaccination

Dish TV India Ltd

programme, helped to keep the economy afloat. Post opening up of the economy, revival in demand was rapid. The last quarter, however, was impacted by the third Covid wave and geopolitical conflicts which caused global level inflationary pressure. Though India continues to tread its growth path, inflationary pressure poses a significant challenge.

As per the World Economic Outlook by the IMF, India is set to remain the fastest growing economy in the world. Braving the COVID-19 pandemic and the ongoing geopolitical tensions, the Indian economy is expected to witness 8.7% GDP growth in FY 2021-22 as against a GDP contraction of 6.6% witnessed in FY 2020-21, as per the provisional estimates by the National Statistics Office (NSO). According to the S&P Global India manufacturing purchase managers' index, the manufacturing industry in India had a strong start to FY 2022-23, posting a marked expansion in new orders and production. GST collections were less impacted during the second Covid wave than during the first wave. Revenue receipts significantly improved in the latter half of FY 2021-22 as the economy recovered and pent-up demand drove consumption.

The Union Budget 2022-23 aimed to harness the momentum that has led to India emerging as the fastest-growing large economy. New and ambitious targets are taken up by India in the green economy and tech industries. The four key pillars for development that have been chalked out are inclusive development, productivity enhancement, energy transition and climate action. The government is pushing forward with its citizen empowerment agenda, promising jobs, inclusive development, healthcare transformation and female empowerment. Under PLI scheme, 6 million new jobs are expected to be created in 14 different industries and generate an additional ₹ 30,00,000 crore revenue. The government is focused on promoting a digital economy, fintech, technology-enabled development, energy transition, and climate action. The economic growth rate is expected at 8.2%, almost twice faster than China's 4.4%, led by lower base effect, successful vaccination drive and offtake of government programmes spurring investments and activity. Strong fiscal, monetary and budgetary interventions are expected to keep India on track to become USD 5 trillion economy by 2025.

INDUSTRY OVERVIEW

Indian Media and Entertainment (M&E) Sector

The Indian media and entertainment (M&E) sector posted 16.4% growth in 2021 to reach ₹ 1.61 trillion (USD 21.5 billion) from ₹ 1.39 trillion in 2020. Despite the sharp recovery, the sector is still 11% short of pre-pandemic 2019 levels, due to the second Covid wave. While television remained the largest segment, digital media cemented its position as a strong number two segment at ₹ 68 billion, followed by a resurgent print. The future of content consumption will be a mix of television, OTT, mobile, etc. with television expected to continue being the ubiquitous platform considering the average per capita income in the country.

A few important trends that were seen in the M&E space are as follows:

- Video remained the largest earning segment in 2021, holding on to its gains of 2020 as work-from-home and school-from-home remained significant for most Indians throughout 2021.
- Digital subscription grew 29% to reach ₹ 56 billion in 2021.
- Almost 80 million paid video subscriptions across almost 40 million Indian households generated ₹ 54 billion.

Indian Television (TV) Industry

The Indian Television industry grew 5% in 2021 to ₹ 720 billion from ₹ 685 billion in 2020 aided by a sharp spike in advertising revenues despite a 6% drop in distribution revenues. In 2021, television advertising grew 25% reaching ₹ 313 billion, almost reaching 2019 levels of ₹ 320 billion. Subscription revenue continued to fall for the second year in a row registering 6.2% decline reaching ₹ 407 billion. The de-growth is attributable to reduction of six million pay TV homes and a fall in consumer-end ARPU. The fall in homes has been due to both cord-cutting at the top end as well as movement to free DTH at the bottom end of the customer pyramid. In 2021, broadcasters earned revenues from an average of 125 million paid subscriptions, as compared to 131

million reported in 2020. The fall in paid subscriptions is believed to be led by rural subscribers who are churning out and moving to free TV platforms and some number of urban subscribers moving consumption to connected TVs. Connected TV sets doubled to 10 million connections.

COVID 19 related lockdowns accelerated the use of OTT Platforms in average household and it still continues though the expensive OTT content viewership is slightly impacted due to continued inflationary pressure and television coming up with new programs after the lifting of lockdowns

INDUSTRY OUTLOOK

The M&E sector grew at 17% in 2022 to reach ₹ 1.89 trillion (USD 25.2 billion) and recovered its 2019 levels. The Indian M&E sector will grow at a CAGR of 13% and add INR 707 billion in three years.

While television households will continue to grow at 1% till 2025, growth is expected to be driven by connected TVs and free television, thereby stressing the core pay television market. Subject to implementation of ad caps and regulatory restrictions on pricing, television revenues are expected to grow to ₹ 826 billion by 2024.

Smart connected TVs will exceed 40 million by 2025 leading to around 30% of content consumed on large screens to be social, gaming, digital, etc. The share of regional content will increase to 60% of television consumption in 2025 from around 55% in 2020.

The LCO business model is expected to run in the hybrid mode with a linear TV wire in addition to a broadband connection for providing efficient content services, broadband connectivity, smart home services and locality/ community services.

COMPANY OVERVIEW

Dish TV India Limited (the Company), the pioneer of digital entertainment in India, credited with changing the face of Indian Television, is one of the leading players in Direct-to-Home (DTH) market. The Company has a strong Pan-India presence across urban, rural and semi-urban regions with multiple individual brands like Dish TV, Zing and d2h under its umbrella. These brands enjoy strong brand equity with a large number of SD /HD channels and value-added services, spanning across price points.

The Company offers more than 700 channels and services including HD channels. The vast distribution network spread across the length and breadth of the country, encompasses over 2,900 distributors and around 2,54,000 dealers/recharge outlets that span across 9,300 towns. In addition, the Company owns multiple call-centres spread across 22 cities to provide round-the-clock customer care service in multiple language given the linguistic diversity of India. To provide customers with ease of recharge availability the Company is continuously engaging with major digital Fintech Companies which are largely popular.

The Company is committed to lead the DTH space and constantly endeavours to serve the customer wherever, whenever, whatever (content) and on whichever (device). The Company's product range spans the entire spectrum from the SD set top box to the top-of-the-line hybrid box.

In line with customers' growing interest in streaming services, the OTT platform, Watcho, was launched which has now become a critical part of the business strategy. Watcho is a multi-faceted platform offering original content, Live TV and user generated content. With over 50 million users and many more enhancements in the offing, it can be expected to play an even bigger role in Dish TV's performance. Watcho continues to attract large section of subscribers both in rural and urban areas and continues to provide them with new age content across genres. More particularly user generated content (SWAG) is a big draw amongst the youth. We will continue to enrich and enhance the usability, of the Watcho platform to attract more subscribers and revenue in the days to come.

Dish TV India Ltd

Connected Devices

The Company has enhanced the connected devices portfolio with its Android TV 9.0 powered, hybrid HD set-top boxes called Dish SMRT Hub and d2h Stream for DishTV and d2h brands respectively. These set top boxes are capable of providing online content, games and smart services and therefore, convert any ordinary TV into a smart TV. In addition, the Chromecast feature enables mirroring of content to the big screen TV from other devices like mobile phone. The integrated Google Assistant allows customers to interact with the device via voice commands through the Bluetooth enabled universal remote.

Another smart product offering from the Company is the Alexa-enabled smart dongle called Dish SMRT Kit and d2h Magic with Alexa for the respective brands. These devices are designed to convert an existing Dish TV set-top box into an Alexa enabled connected box. This allows the user to not only access popular OTT apps, but also get access to over 30,000 Alexa Skills and smart home functionalities like setting personalized reminders, account notifications, trending content recommendations, basic troubleshooting etc. This device resonates well with the youth as it brings home superior OTT content entertainment without the need for a new TV or set top box.

Another innovative offering from the Company is the Zing Super Box (2-in-1 box). A freemium product for viewing pay TV channels along with Free to Air package. This has created huge buzz in the dealer community and is attracting subscriber from Hindi heartland in a big way. The Company will focus on this product to counter Free Dish and local cable operators.

Regional Content

Being pioneers in the Indian digital space, the Company has a deep understanding of the pulse of the consumer. The Company thus offers strong regional content through Dish TV and d2h. This commitment is the reason behind the Company's strong performance in the Southern markets, West Bengal, Orissa and Maharashtra.

Watcho

The home-grown OTT platform has grown leaps and bounds crossing the 50 million user mark and doubling its presence in FY 2021-22. The platform enjoys a strong presence in semi urban markets and is gaining traction and visibility in Tier-1 cities. During the year, several original series like Papa Ka Scooter, Jaunpur, etc were released across genres like thriller, romcom, family drama.

During the third quarter, 'Watcho' partnered with Asia's largest content festival - India Film Project (IFP) for its 11th season to encourage emerging artists and content creators to showcase their work. The association allowed participants to submit their original content on Watcho's creator platform called 'Watcho SWAG' and subsequently view their entries on the App itself.

The platform is poised to become the medium to carry Dish TV India to the next level, by being a critical connect between the Company and youth. With a growing young population who are the decision makers of household viewing of content, the Indian market presents the right opportunity for Watcho's growth given its strong content distribution model.

Value-Added Services

Dish TV offered a new value-added service 'Shorts TV Active', in partnership with ShortsTV, the world's only TV channel dedicated to short movies. Leveraging on its stronghold in the regional content space, 'Punjabi Active' and 'Telugu Active' services were extended for its Punjabi and Telugu speaking viewers. The Company provides differentiated content through these value-added services including celebrity chat shows, behind-the-scenes of new movies, action and comedy scenes, chat shows and songs.

On another unique offering, the Company showcase plays across genres – from musicals and classics to drama, mystery, comedy and satire, featuring some of the most acclaimed actors from theatre and small screen. This theatre service is called 'Rangmanch Active'. To deepen connect with the senior citizen viewers, the Company offers 'Ayushman Active' service on both of its brands, Dish TV and d2h.

The Company also has an educational channel 'Kalvi Tholaikkatchi', aimed to provide good quality education within the home premises. This service had become greatly popular during pandemic when mobility restrictions developed the need for a robust online platform for educational growth.

Empowering subscribers

The Company has adopted technological advancements both in back end and front end to make its services and products more user friendly and increase reach. Powered by Artificial Intelligence & Machine Learning, 'Scan to help' is a new service on My DishTV app, it supports Hindi and English for easy understanding. The feature is targeted to increase the practice of self-help amongst subscribers facing basic technical errors on the Set-top Box. The user can simply scan the error plate and receive an update on the account status and current subscription. In addition, the app can also raise a 'Service Ticket' within the journey itself. Bad weather conditions at the broadcasting centre, prompts the app to take an update of the weather conditions in the subscriber's locality and proceed with technical troubleshooting. Similarly Do-it-yourself (DIY) or Self-Help centre are also provided on the websites. Such features help in reducing the number of cases being referred to the customer care benefiting both the Company and the subscribers. Regular queries related to recharges made, pack information, troubleshooting, service-related queries/complaints and more, are quickly addressed by the self-help centres. The tool, a probable one-stop solution for all queries, is aimed to completely automate the customer service ecosystem.

Technology, critical game changer in today's times, forms an integral part of business functioning. The IT systems are now CMMI ML5 V2 (DEV & SVC) and ISO 20000-2018 certified. Dish TV is the only media Company which is CMMI certified. The addition of feature of QR code-based capture of "Signal strength" and "signal quality" in the technician app is aimed at increasing efficiency of the service technicians.

BUSINESS STRENGTHS

- Pioneer in digital entertainment: The Company has established its stronghold in the Indian M&E space owing to its first mover advantage in addition to its vast distribution, technological edge, solid channel partner ecosystem, and a wide variety of offerings.
- Strong foothold in semi-urban and rural areas: Low market penetration in the semi-urban and rural areas provides ample growth opportunity to the Company. The Company benefits from its deeply entrenched vast distribution network. Improving standard of living, rapidly developing infrastructure bode well for growth of subscribers in the semi-urban and rural markets.
- Large dealer/ distributor network: The Company has been successful in spreading its distribution network across the length and breadth of the country with special focus on smaller towns and villages.
- Multi-brand leverage: The Company's different brands enable it to provide offerings across price points covering the needs of different consumer segments. Each of the three brands have a stronghold in a particular region. While Dish TV enjoys high top of-the-mind consumer brand recall, d2h has high brand loyalty in trade circles.
- Watcho: The Company's in-house OTT platform has garnered huge acceptance reflected in the downloads during the year. Watcho has not only strengthened its portfolio it also caters to the larger regional language and semi-urban area market. With a variety of original content, the app has become highly popular with the youth, socially aware and contemporary socials.

BUSINESS STRATEGIES

- Strong Customer Connect: The Company follows a customer centric approach which is crucial to its success. With evolving technology, the Company is constantly focusing on launching technologically advanced boxes to remain connected to its young audiences. During the year, the Company launched Zing Super Box (2-in-1 box) for viewing pay TV channels. The Company also launched several new channels and VAS on Dish platform apart from launching lot of innovative and original content on Watcho. To serve customers more effectively the Company is investing in data management and analytics for both Dish and Non-Dish platforms enabling better understanding of consumption and behavioural data.
- Technological Innovation: The Company is cognizant of the crucial role technology plays in the business which it operates in and thus always strives to not only keep pace but also stay ahead in terms of technology. The consumption has shifted to linear

Dish TV India Ltd

family viewing TV supplemented with individual viewing with OTT apps. Though this does not drastically impact reach of linear channels but increases consumption of OTT video content. The Company has successfully extended its bandwidth to serve this new market while continuing to serve its existing consumer base. The Company has been working to integrate the digital content library with the superior viewing experience available on a TV vis-à-vis smaller screens.

OUTLOOK AND OPPORTUNITIES

The past couple of years has changed the media and entertainment space as consumers have been spoilt for choices with over 850 channels in the linear space and 40+ big and small OTT platforms laden with abundance of movies, TV shows, web-series, time-shifted content etc. Content watching has seen a dramatic increase to almost 4.5 hours per day per as against 3.6 hours in 2018. This presents business like ours with both opportunities as well as challenges. Competition has increased not only within the DTH space but also from streaming platforms, free-to-air government run distribution platform, telcos, and cable TV.

The Company continues on its innovation journey to keep pace with changing times. With new launches of set top boxes and VAS the Company has managed to stay on track for business, reaching out to far more viewers than before. Though vulnerability persists due to shifting viewing habits which influence the recharge behaviour of its subscribers, creative content and innovative platforms and services helped the Company to perform well. The Company values customers' changing tastes and preferences and is constantly striving towards adapting to and leveraging these emerging trends.

The presence of multiple content delivery platforms is seen as an opportunity at Dish TV. The Company is actively looking beyond contemporary offerings of Hybrid Boxes and OTT platform 'Watcho' and are working towards new ways to serving both existing as well as new subscribers. Continued focus on technology and customer centricity, together with a lean balance sheet and optimised cost structure, the Company is in a sweet spot to tap on the emerging opportunities. Government support in terms of vaccination drives, rural electrification and other rural income focused schemes bode well for the Company who has a stronghold in the smaller towns and villages. With developing infrastructure in the hinterlands in terms of both roads and highways and housing for all, the Company expects the demand for television and pay-tv content should increase in the vast non-urban population.

The Company is confident that television is and will continue to be the most dominant, value-for money and fuss-free entertainment option for majority of Indians. The Company is committed to serve the Indian population with quality content and focus on both linear watching and OTT based individual viewing.

OPERATIONAL PERFORMANCE

The Company launched 'QR Scan Feature' aimed at giving customers a hassle-free single click payment experience to recharge their Dish TV account or paying utility bills. The QR code scan can be used on the Company's websites, www.dishtv.in and www.d2h.com using any UPI app or wallet.

The Company also launched a special 'Get 1 for 5 Recharge Offer' as per which a complimentary month of subscription was provided for every five months of recharge. In addition, a 'Lucky Recharge Offer' wherein customers could avail up to 100% cashback on recharge of ₹ 501 was also launched.

The Company continued to run its subscriber friendly pay-later scheme wherein viewers who miss their recharge dates due to any reason whatsoever get 3 days of grace viewing. The amount so credited to their account gets automatically adjusted from the next recharge amount paid by them.

With an aim of supporting vaccination the Company launched the offer of crediting one full day of television entertainment free of cost to all those subscribers who got themselves vaccinated and uploaded their vaccination certificate on the Company website. Similarly, a day of extra subscription was credited to all hospitals and medical facilities with a Dish TV or d2h connection as a mark of gratitude.

With growing inflationary pressure, the Company maintained a cautious approach towards expense management and achieved overall operating efficiencies with significant 6% reduction in total expenses during the year.

RISK AND MITIGATION

We, at Dish TV, acknowledge that certain intrinsic risks are inherent to business continuity. We endlessly strive to strike a balance between managing risk and exploiting opportunities. To effectively achieve strategic and operational goals an effective risk management process is crucial. We have thus adopted an integrated Risk Management Policy within the overall Risk Management Framework which enables us to ensure timely identification, evaluation, monitoring, mitigation and reporting of any internal and external risks for the Company's growth. The most important risks are discussed below with the appropriate mitigation measures adopted by the Company:

- Technology risk: The way consumers consume entertainment is rapidly evolving with respect to the devices and platforms (mediums) used. This makes it imperative to adapt with changing consumer pattern to stay relevant. Your Company also faces the risk of losing business in the event that the consumer switches to alternative devices and platforms.

Mitigation: The Company is cognizant of change in consumer's consumption behaviour and is taking constant efforts to remain relevant with changing times. We continue to offer innovative new products including new value-added services and adapt to technological developments. We invest in upgradation of both back-end and front-end technologies from time to time. We closely monitor new technological advancements and strive to keep pace with competitive offerings be it in terms of ease, cost, or diversity of content.

- **Regulatory risk:** Being a part of the broadcasting industry, the Company is regulated by the norms prescribed by the Ministry of Information & Broadcasting, Ministry of Electronics and Information Technology and Telecom Regulatory Authority of India (TRAI). It is mandatory to comply with all prescribed compliances which also govern important business aspects like pricing, content bundling, etc. The Company faces the risk of penalty, suspension of business or loss in business in the event of non-compliance or significant deviations.

Mitigation: The Company keeps a close watch on all the applicable rules and statutes and ensures strict compliance both in in letter and spirit.

- **Economic Risk:** The entertainment industry forms a significant contributor to India's GDP and thus is influenced by the macro-economic developments. Any slowdown or high inflationary environment may impact discretionary spending which may in turn impact consumer spending on entertainment.

Mitigation: Entertainment in the form of television has almost become a basic need. Even in times of slowdown, M&E industry is one of the last to get impacted as television is an important medium to remain engaged. The Company thus remains fairly insulated from temporary macroeconomic slowdown as was witnessed during the pandemic. Also, innovative content, growing media channels and personalization, help to engage the consumer.

- **Competition Risk:** Given the lucrative growth prospects of the industry the Company faces intense competition from cable and other DTH players distributing TV content. With proliferation of the internet, competition is evolving and the Company is also competing with other entertainment mediums such as the internet, OTT platforms, and free content providers including DD Direct.

Mitigation: The Company follows a highly subscriber-focused approach. To keep competition at bay, the Company strives to create innovative content, delivery platforms and offer unique value-added services. So as to retain existing customers and attract new customers, the Company offers a wide variety of content and technology. In addition to the standard HD and SD set-top boxes, we launched several premium offerings including Android-powered SMRT Hub & Stream set-top box, Alexa powered SMRT Kit & Magic set-top box and OTT platform Watcho.

- **Capital intensive business:** The nature of the industry itself is capital intensive, which has further intensified with digitization. The need for sophisticated broadcast equipment, communications equipment, and other information technology equipment for normal business activities. The Company has to adapt to technological innovations to remain relevant.

Mitigation: The Company keeps a close watch on the technological developments in the industry and adopts cost effective measures to embrace technological advancements in a timely manner. While adapting to latest technology the Company ensures to remain price competitive. This may lead to lag in launching new products/technology. Delay may also be caused due to failure of third-party suppliers to deliver services and products, failure in network upgradation, capital shortfalls, etc.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has devised robust internal control systems emphasizing its strong culture of integrity and ethics. Commensurate with the size and industry of operations, the internal control framework enables efficient conduct of business, financial control, adequate safeguarding of assets, prevention of frauds/errors and appropriate regulatory compliance. Regular monitoring

Dish TV India Ltd

of adequacy, accuracy and efficacy enables to closely monitor risks and implement adequate mitigation measures. Periodic assessment by the internal audit function ensures fair evaluation and monitoring of the internal control, processes, structure and resource allocation. High standard of Corporate Governance is ensured led by risk-based audits and regular review of financial, operational and compliance controls. The internal control framework is also responsible for the alignment of operations with its long-term and short-term business objectives. The Board of Directors reviews the internal control framework and key audit findings on a quarterly basis. Timely redressal of any deviations and further corrective course of action is ensured so as to strengthen the internal control framework.

HUMAN RESOURCES

Your Company values human capital as an important driver of business growth. We extend an employee-friendly work culture which enables both personal and professional growth. This enables the employee to remain committed to achieve organizational goals. We strive to provide a safe, conducive and productive environment. Best in class HR policies enable us to achieve high retention rate and attract superior talent. Your Company has a diverse employee base. Human Resource Management is compelled to be on its feet to maintain high level of agility. A flat organization structure, orientation, open-door policy and incentive-based work culture, ensure high productivity and greater adoption of the Company's values and culture. Your Company encourages skill development by investing in training programs. We also encourage employees to participate in industry conferences to keep abreast with industry developments.

As the economy opened up, we made adequate arrangements to ensure smooth transition from work-from-home to physical office while ensuring utmost safety of all employees. The count of permanent employees on the Company's rolls as of March 31, 2022, was 376.

INDEPENDENT AUDITOR'S REPORT

To the Members of Dish TV India Limited

Report on the Audit of the Standalone Financial Statements

Opinion

1. We have audited the accompanying standalone financial statements of Dish TV India Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2022, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flow and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2022, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to note 68(b) of the accompanying standalone financial statements which describes that the audited financial statements for the year ended 31 March 2021 included as comparative financial information in the accompanying standalone financial statements have not been adopted in the Annual General Meeting held on 30 December 2021. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
<p>A. Impairment assessment of Other Intangible assets</p> <p>As detailed in note 7B and 40 of the standalone financial statements, the Company has Trademark/Brand of ₹ 11,055 lacs (net of provision for impairment of ₹ 91,854 lacs) and Customer and distributor relationship of ₹ 60,844 lacs (net of amortisation of ₹ 49,737 lacs), arising out of business combinations. Both collectively referred to as other intangible assets.</p> <p>In terms with Indian Accounting Standard 36, Impairment of Assets, the management has carried out an impairment assessment of other intangible assets, which requires significant estimations and judgement with respect to inputs used and assumptions made to prepare the forecasted financial information, used to determine the fair value of such intangibles, using discounted cash flow model.</p> <p>Key assumptions used in management's assessment of the carrying amount of other intangible assets includes the expected growth rates, estimates of future financial performance, market conditions, capital expenditure and discount rates, among others. Consequent to such impairment assessment, the Company has recorded an impairment charge of ₹ 71,770 lacs against Trademark/Brand.</p> <p>Considering the materiality of the amounts involved and significant degree of judgement and subjectivity involved in the estimates and assumptions used in determining the cash flows used in the impairment evaluation, we have determined impairment of such other intangible assets arising from the business combination as a key audit matter.</p>	<p>Our audit procedures to address this key audit matter included, but were not limited to the following:</p> <ol style="list-style-type: none"> We obtained an understanding from the management through detailed discussions with respect to its impairment assessment process, assumptions used and estimates made by management and tested the operating effectiveness of the controls related to aforementioned impairment assessment; We obtained the impairment assessment carried out by the management and reviewed the valuation report obtained by management from an independent expert; We assessed the professional competence, objectivity and capabilities of the independent expert considered by the management for performing the required valuations to estimate the recoverable value of the other intangible assets; We involved valuation experts within the audit team to assess the appropriateness of the valuation model used by the management and its independent expert and reasonableness of assumptions made by the management relating to discount rate, risk premium, industry growth rate, etc.; We evaluated the inputs used by the management with respect to revenue and cost growth trends, among others, for reasonableness thereof; and We have evaluated the adequacy of disclosures made by the Company in the standalone financial statements in view of the requirements as specified in the Indian Accounting Standards.
<p>B. Impairment assessment of investment in and loan given to a wholly owned subsidiary</p> <p>As described in Note 8, 9, 40 and 42 to the standalone financial statements, the Company has carrying value of investment (including equity component of long term loan and guarantees) ₹ 310,005 lacs (net of provision for impairment of ₹ 205,420 lacs) and non-current loan of ₹ 84,705 lacs as on 31 March 2022 from the wholly owned subsidiary of the Company, namely Dish Infra Services Private Limited. The subsidiary has accumulated losses.</p>	<p>Our audit procedures to address this key audit matter included, but were not limited to the following:</p> <ol style="list-style-type: none"> We have performed detailed discussions with the management to understand the impairment assessment process, assumptions used and estimates made by management and tested the operating effectiveness of the controls implemented by management; We obtained the impairment assessment carried out by the management and reviewed the valuation report obtained by management from an independent expert;

Key audit matter	How our audit addressed the key audit matter
<p>In view of the above, management's assessment of impairment of investment and loan to such subsidiary requires estimation and judgement with respect to certain inputs used and assumptions made to prepare the forecasted financial information of the subsidiary company, which is used to fair value such amounts, using discounted cash flow model.</p> <p>Key assumptions used in management's assessment of the carrying amount of investment in and other amounts recoverable from the subsidiary include expected growth rates, estimates of future financial performance, market conditions, capital expenditure and discount rates, among others, as attributable to such subsidiary. Based on the management's assessment, impairment loss of ₹ 205,420 lacs has been recognised during the year in the standalone financial statements.</p> <p>Considering the materiality of the amounts involved and significant degree of judgement and subjectivity involved in the estimates and key assumptions used in determining the cash flows used in the impairment evaluation, we have determined impairment of such investment and loan as a key audit matter.</p>	<p>c) We assessed the professional competence, objectivity and capabilities of the third party expert considered by the management for performing the required valuations to estimate the recoverable value of Investment and loan given;</p> <p>d) We involved valuation experts within the audit team to assess the appropriateness of the valuation model used by the management and its independent expert and reasonableness of assumptions made by the management relating to discount rate, risk premium, industry growth rate, etc. to assess their recoverability;</p> <p>e) We evaluated the inputs used by the management with respect to revenue and cost growth trends, among others, for reasonableness thereof; and</p> <p>f) We have evaluated the adequacy of disclosures made by the Company in the standalone financial statements in view of the requirements as specified in the Indian Accounting Standards.</p>
<p>C. Amounts recoverable and provision for expected credit losses</p> <p>Refer note 4(i) for significant accounting policy and note 50(B) for credit risk disclosures.</p> <p>Trade receivables and other amounts recoverable comprise a significant portion of the current financial assets of the Company. As at 31 March 2022 trade receivables aggregate ₹ 6,971 lacs (net of provision for expected credit losses of ₹ 9,179 lacs).</p> <p>In accordance with Ind AS 109, the Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables. The Company has analysed the trend of trade receivables under different ageing bracket for last three years and calculated credit loss rate basis such ageing. The complexity in calculation of ECL is mainly related to calculations performed for different type of revenue streams in which the Company operates and the different recovery period for different categories of customers. Additional provision is recognised for the receivables which are specifically identified as doubtful or non-recoverable.</p>	<p>Our audit procedures to address this key audit matter included, but were not limited to the following:</p> <p>a) Obtained an understanding the process adopted by the Company for calculation, recording and monitoring of the impairment loss recognised for expected credit loss;</p> <p>b) We assessed and tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognised. Also, evaluated the controls over the modelling process, validation of data and related approvals;</p> <p>c) We discussed with the management about the conditions leading to, and their assessment of recoverability of dues from the parties and also referred to the available communication, if any, between them;</p> <p>d) We referred to the aging of trade and other receivables and discussed the key balances to establish the management's assessment of recoverability of such dues;</p>

Key audit matter	How our audit addressed the key audit matter
	<p>e) We analysed the methodology used by the management and considered the credit and payment history of specific parties to determine the trend used for arriving at the expected credit loss provision; and</p> <p>f) We have assessed the adequacy of disclosures made by the management in the standalone financial statements to reflect the expected credit loss provision, trade and other receivables</p>

Information other than the Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS specified under section 133 of the Act and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with Standards on Auditing, specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because

the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

ANNEXURE I

Annexure I referred to in Paragraph 17 of the Independent Auditor's Report of even date to the members of Dish TV India Limited on the standalone financial statements for the year ended 31 March 2022

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment and right of use assets.
- (B) The Company has maintained proper records showing full particulars of intangible assets.
- (b) The property, plant and equipment and right of use assets, other than consumer premise equipment (CPE) installed at the customers' premises, have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the property, plant and equipment and right of use assets, other than CPEs installed at the customers' premises, is reasonable having regard to the size of the Company and nature of its assets. The existence of CPEs installed at the customers' premises is verified on the basis of the 'active user status'. Accordingly, we are unable to comment on the discrepancies, if any, that could have arisen on physical verification of CPEs lying with customers in 'inactive status'.
- (c) The title deed of following immovable property (which was transferred as a result of business combination in earlier years) is still registered in the name of the erstwhile transferor Company:

Description of property	Gross carrying value (Amount in ₹ lacs)	Held in name of	Whether promoter, director or their relative or employee	Period held	Reason for not being held in name of company
Land	2,607	Videocon d2h Limited	No	Held since 1 October 2017	Right of use of land is vested in the Company pursuant to merger scheme of Videocon d2h Limited with the Company, title deeds of which are in the name of Videocon d2h Limited.

- (d) The Company has not revalued its Property, Plant and Equipment and Right of Use assets or intangible assets during the year.
- (e) No proceedings have been initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3(i)(e) of the Order is not applicable to the Company.
- (ii) (a) The Company does not hold any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable to the Company.
- (b) The Company has a working capital limit in excess of Rs 5 crore, sanctioned by bank on the basis of security of current assets during the year. However, pursuant to terms of the sanction letter, the Company is not required to file any quarterly return or statement with such bank.

Dish TV India Ltd

- (iii) (a) The Company during the year, has not provided any loans or provided any advances in the nature of loans, or guarantee, or security to any other entity. Accordingly, reporting under clauses 3(iii)(a) of the Order is not applicable to the Company.
- (b) The Company has not made any investment, provided any guarantee or given any security or granted any loans or advances in the nature of loans during the year. Accordingly, reporting under clauses 3(iii)(b) of the Order is not applicable to the Company.
- (c) In respect of loans granted by the Company, the schedule of repayment of principal and payment of interest has been stipulated and the repayments/receipts of principal and interest are regular, except for the following instances:

Name of the Entity	Amount due (in ₹ lacs)*	Due date	Extent of delay	Remarks (if any)
Dish T V Lanka Private Limited	8,110	Various installments dues between 31 March 2020 to 31 December 2021	90-730 Days	Refer note 44 to standalone financial statements

*The amounts reported are at gross amount, without considering provision made.

- (d) The total amount which is overdue for more than 90 days as at 31 March 2022 in respect of loans or advances in the nature of loans granted to such companies, firms, LLPs or other parties is as follows:

Particulars	Amount (in ₹ lacs)*	No. of Cases	Remarks, if any
Principal	4,211	1	Refer note 44 to standalone financial statements
Interest	3,899	1	
Total	8,110		

*The amounts reported are at gross amount, without considering provision made.

- (e) The Company has not granted any loan or advance in the nature of loan which has fallen due during the year. Further, no fresh loans were granted to any party to settle the overdue loans/advances in nature of loan.
- (f) The Company has not granted any loans or advance in the nature of loan, which are repayable on demand or without specifying any terms or period of repayment.
- (iv) In our opinion, and according to the information and explanations given to us, the Company has complied with the provisions of sections 185 and 186 of the Act in respect of loans, investments, guarantees and security, as applicable.
- (v) In our opinion, and according to the information and explanations given to us, the Company has not accepted any deposits or there is no amount which has been considered as deemed deposit within the meaning of sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, reporting under clause 3(v) of the Order is not applicable to the Company.
- (vi) The Central Government has specified maintenance of cost records under sub-section (1) of section 148 of the Act in respect of the products of the Company. We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) In our opinion, and according to the information and explanations given to us, undisputed statutory dues including goods and services tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs,

duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited with the appropriate authorities by the Company, though there have been slight delays in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

- (b) According to the information and explanations given to us, there are no statutory dues referred in sub-clause (a) which have not been deposited with the appropriate authorities on account of any dispute except for the following:

ANNEXURE II

Independent Auditor's Report on the internal financial controls with reference to the standalone financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Dish TV India Limited ('the Company') as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

1. Background

Dish TV India Limited ('Dish TV' or 'the Company') was incorporated on 10 August 1988. The Company is engaged in the business of providing Direct to Home ('DTH') television and Teleport services. Dish TV is a public company incorporated and domiciled in India. Its registered office is at Office No. 3/B, 3rd Floor, Goldline Business Centre, Link Road, Malad West, Mumbai 400064, Maharashtra, India.

2. General information and statement of compliance with Indian Accounting Standards (Ind AS)

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standard (Ind AS) as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other provisions of the Act and the presentation and disclosure requirement of Division II of Schedule III to the Act and the guidelines issued by the Securities and Exchange Board of India to the extent applicable. The Company has uniformly applied the accounting policies during the periods presented.

The standalone financial statement for the year ended 31 March 2022 were authorised and approved for issue by Board of Directors on 30 May 2022.

3. Recent accounting pronouncement

Amendment to Ind AS 16, Property, Plant and Equipment

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 103, Business Combinations

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 103 and has added a new exception in the standard for liabilities and contingent liabilities.

Amendment to Ind AS 109, Financial Instruments

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The amendments are extensive and the Company will evaluate the same to give effect to them as required by law.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

4. Significant accounting policies

a) Overall consideration

These standalone financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

These accounting policies have been used throughout all periods presented in these standalone financial statements.

b) Basis of preparation of financial statements

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets, financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

Further the management believes that it is appropriate to prepare these financial statements on a going concern basis considering available resources, current level of operations of the Company, and those projected for foreseeable future.

c) Current versus non-current classification

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Company and other criteria set out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

d) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred by the Company to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, the equity interests issued and fair value of contingent consideration issued. Acquisition-related costs are expensed as and when incurred.

Assets acquired and liabilities assumed are measured at their acquisition-date fair values.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently re-measured to fair value with changes in fair value recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised either in profit or loss or as a change to Other Comprehensive Income (OCI).

If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

Goodwill is measured as excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the resulting gain on bargain purchase is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

e) Property, plant and equipment and capital work in progress

Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are recorded at the cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use upto the date when the assets are ready for use. Any trade discount, recoverable taxes and rebates are deducted in arriving at the purchase price. All other repairs and maintenance are recognized in statement of profit and loss as incurred.

Consumer premises equipment (CPE) are treated as part of capital work in progress till the time of activation thereof, post which the same gets depreciated. Capital work in progress is valued at cost.

Subsequent measurement (Depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less depreciation and impairment loss. Depreciation on property, plant and equipment is provided on straight line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II of the Act as under:

Asset category	Useful life (in years)
Plant and equipments	7.5
Building	30
Office equipments except mobile	5
Mobiles	2.5
Furniture and fixtures	10
Electrical installations	10
Vehicles	8
Computers	
Laptops, desktops and other devices	3
Servers and networks	6

In case of following category, life of the assets have been assessed as under based on technical advice taking into account the nature of assets, estimated usage of the assets, the operating conditions of assets, past history of replacement, anticipated technological changes etc.

- i) Consumer premises equipment are depreciated over their useful life of five years, as estimated by the management.
- ii) Aircraft is depreciated over the estimated useful life of ten years.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition (calculated as the difference between the net disposal proceeds and its carrying amount) is included in the statement of profit and loss when the respective asset is derecognised.

f) Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognised. Goodwill is carried at cost less accumulated impairment losses.

g) Other intangible assets

Recognition and initial measurement

Intangible assets are recognised if it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. These assets are valued at cost which comprises the purchase price and any directly attributable expenditure on making the asset ready for its intended use.

Fee paid for acquiring license to operate DTH services, is capitalized as intangible asset.

Customer and distributor relationships are recorded at the fair market value assessed by independent valuer based on projected economic income attributable to the Company taking into account various factors in the business combination.

Brand is recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Company taking into account various factors in the business combination.

Cost of computer software includes license fees, cost of implementation and directly attributable system integration expenses. These costs are capitalized as intangible assets in the year in which related software is implemented.

Subsequent measurement (amortisation)

- i) Fees paid for acquiring licenses to operate DTH services is amortised over the period of license and other license fees are amortized over the management estimate of useful life of five years.
- ii) The economic life of customer and distributor relationship assets are usually determined by estimating future loyalty of customers. Management has assessed that the economic useful life of the customer and distributor relationship to be of ten years.
- iii) The brands have been acquired for a perpetual period. Based on various factors the Company has considered brand to be perpetual in nature. Accordingly, these are tested for impairment.
- iv) Software are amortised over an estimated life ranging from one year to five years as the case may be.

h) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

i) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider:

- i) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

j) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue is measured at the fair value of the consideration received/receivable net of rebates and applicable taxes. The Company applies the revenue recognition criteria to each nature of the sales and services transaction as set out below, pursuant to Indian Accounting Standard -115 "Revenue from contracts with customers" (Ind AS 115) which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

- i) Revenue from rendering of services
 - Revenue from subscription services is recognized upon transfer of control of promised products or services to customers over the time in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is recognised net of taxes collected from the customer, collection charges and any discount given. Consideration received in advance for subscription services is initially deferred and included in other liabilities.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

- Lease rental is recognized as revenue as per the terms of the contract over the period of lease contract on a straight line basis.
- Revenue from other services (viz performance incentive, marketing and promotional fee, teleport services, field repairs of CPE, advertisement income) are recognized on rendering of the services.
- ii) Revenue from sale of goods
 - Revenue from sale of stock-in-trade is recognised when the products are dispatched against orders to the customers in accordance with the contract terms and the Company has transferred to the buyer the significant risks and rewards.
 - Sales are stated net of rebates, trade discounts, sales returns and taxes on sales.
- iii) Interest income
 - Income from deployment of surplus funds is recognised on accrual basis using the effective interest rate (EIR) method.

k) Foreign currency translation

Functional and presentation currency

The financial statements are presented in Indian Rupees (Rs.) which is also the functional and presentation currency of the Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Non-monetary items denominated in a foreign currency are converted in functional currency at the rate prevailing on the date of transactions and the same are carried at historical cost.

Foreign currency monetary items are converted to functional currency using the closing rate.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

l) Borrowing Costs

Borrowing costs include interest and other costs that the Company incurs in connection with the borrowing of funds.

In case of significant long-term loans, other costs incurred in connection with the borrowing of funds are amortised over the period of respective loan.

m) Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Defined contribution plan

The Company deposits the contributions for provident fund and employees' state insurance to the appropriate government authorities and these contributions are recognised in the statement of profit and loss in the financial year to which they relate.

Defined benefit plan

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government Securities for relevant maturity. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income. The Company has done contribution to the Gratuity plan with Life Insurance Corporation of India partially.

Other long term employee benefits

Benefits under the Company's compensated absences constitute other long-term employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation done by an independent actuary using the projected unit credit method at the year end. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus, etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

n) Employee stock option scheme

The fair value of options granted under Employee Stock Option Plan of the Company is recognised as an employee benefits expense with a corresponding increase in other equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to other equity. Upon exercise of share options, the proceeds received are allocated to share capital up to the par value of the shares issued with any excess being recorded as share premium.

o) Leases

Company as a lessee

The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset, (2) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease, and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a Right of use (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight -line basis over the shorter of the lease term and the useful life of the underlying asset

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are re measured with a corresponding adjustment to the related ROU asset if the Company changes its assessment as to whether it will exercise an extension or a termination option.

ROU assets has been disclosed under property plant and equipments and corresponding lease liability has been shown under financial liability in the Balance sheet.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight line basis over the lease term.

p) Earnings per share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Equity, reserves and dividend payment

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

r) Taxation

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except those recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

Unused tax credit such as (Minimum alternate tax ('MAT') credit entitlement) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which such credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as unused tax credit. The Company reviews the same at each balance sheet date and writes down the carrying amount of unused tax credit to the extent it is not reasonably certain that the Company will pay normal income-tax during the specified period.

s) Operating cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

t) Operating expenses

Operating expenses are recognised in statement of profit or loss upon utilisation of the service or as incurred.

u) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Basis the review of operations being done by the CODM, the operations of the Company fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment.

v) Provisions, contingent liabilities, commitments and contingent assets

The Company recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

(All amounts in ₹ lacs, unless otherwise stated)

amount of such obligation can be reliably estimated. Provisions are discounted to their present value (where time value of money is material) and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Company. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

w) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Subsequent measurement

Financial asset at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in equity instruments of subsidiaries, joint ventures and associates

Investments in equity instruments of subsidiaries, joint ventures and associates are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

Investments in other equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Derivative instruments – derivatives such as options and forwards are carried at fair value through profit and loss with fair gains/losses recognised in profit and loss.

De-recognition of financial assets

A financial asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

x) Fair value measurement

The Company measures financial instruments such as investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

y) Cash and cash equivalents

Cash and cash equivalents comprises cash at bank and in hand, cheques in hand and short term investments that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

z) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

aa) Non-current assets held for sale and discontinued operations

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

ab) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognised in the current and future periods.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Recognition of deferred tax assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets: The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Contingent liabilities: At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Impairment of financial assets: At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables.

Impairment of goodwill and other intangible assets: At each balance sheet date, goodwill is tested for impairment. The recoverable amount of cash generating unit (CGU) is determined based on the higher of value-in-use and fair value less cost to sell. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The cash flow projections take into account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management.

Defined benefit obligation (DBO): Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements: Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Useful lives of depreciable/amortisable assets: Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Impairment tests for Goodwill

Goodwill is monitored by management at the level of D2h division acquired pursuant to merger of the Company with erstwhile Videocon D2h Limited. Goodwill was fully impaired as on 31 March 2021. Accordingly, no assessment was required to be carried out for the year ended 31 March 2022.

Impairment testing of the Goodwill and other intangible assets having infinite life namely trademark/brand (allocated to the D2H CGU) is being performed at each balance sheet date. The recoverable amount of cash generating unit is determined

based on the higher of value-in-use and fair value less cost to sell. Value in use is determined basis cash flow projections which is being prepared taking in to account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The impairment loss, determined as a result of the assessment is first applied to the carrying value of Goodwill allocated to D2H CGU and then to the other intangible assets consisting in the CGU in accordance with the manner prescribed in Ind AS 36. Based on above, at the current reporting date, an impairment loss amounting to Rs. 71,770 lacs (previous year Rs. 65,372 lacs) has been determined in respect of D2H CGU. Since the Goodwill allocated to D2H CGU had been fully impaired during the previous reporting year, total provision for impairment, Rs. 71,770 lacs (previous year Rs. 20,084 lacs) has been adjusted against the carrying value of another intangible asset having infinite life namely trademark/brand in the manner prescribed in Ind AS 36.

A summary of value in use and amount of impairment during the financial year is given below:

Particulars	31 March 2022	31 March 2021
Present value of discounted cash flows over 5 years	113,088	135,358
Present value of terminal cash flow	161,396	202,035

Provision for impairment (refer note 40)	-	45,288
Closing carrying value of Goodwill	-	-
Provision for impairment trademark/brand (refer note 40)	(71,770)	(20,084)

Key assumptions used for value in use calculation are as follows:

- The Company prepares its cash flow forecast based on the most recent financial budget approved by management with projected revenue growth rate. Average monthly revenue per user is expected to grow at 4% per year.
- Terminal growth rate is assumed at 4% and is based on industry growth rate and projected growth of Indian economy.
- The EBIDTA margin is expected to be at the same level through out the projected period.
- The free cash flow arrived at were discounted to present value using weighted average cost of capital (WACC) at the rate 13.50% (previous year 13.00%). The sum of the discounted cash flows along with the discounted terminal value is the estimated enterprise value.

48. Disclosure pursuant to Indian Accounting Standard 19 on “Employee Benefits”

Defined contribution plans

An amount of Rs. 332 lacs (previous year Rs. 294 lacs) and Rs. 1 lacs (previous year Rs. 1 lacs) for the year, have been recognised as expenses in respect of the Company’s contributions to Provident Fund and Employee’s State Insurance Fund respectively, deposited with the government authorities and have been included under “Employee benefits expenses”.

Defined benefit plans

Gratuity is payable to all eligible employees of the Company on superannuation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act or as per the Company’s Scheme, whichever is more beneficial. The gratuity plan is partly funded and the Company has made contribution to the recognised funds in India.

Risk exposure

The defined benefit plans are typically based on certain assumptions and expose the Company to various risk as follows:

- Salary risk- Actual salary increases will increase the Plan’s liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment risk – If plan is funded then assets liabilities mismatch & actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount rate : Reduction in discount rate in subsequent valuations can increase the plan’s liability.
- Mortality – Actual deaths & disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact Plan’s liability.

The following table sets forth the status of the gratuity plan of the Company and the amounts recognised in the Balance Sheet and Statement of Profit and Loss:

i) Changes in present value of obligation

Credit risk management

Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company continuously monitors defaults of the counterparties and incorporates this information into its credit risk controls.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorization	Provision for expected credit loss
Low credit risk	Investment other than subsidiaries, cash and cash equivalents, security deposits, other bank balances and other financial assets	12 month expected credit loss
Moderate credit risk	Investment in and loan to subsidiaries and trade receivables	Life time expected credit loss
High credit risk	Trade receivables and other recoverable	Life time expected credit loss or fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

55. A Leases

Company as a lessee

The Company has entered into lease arrangements for land and various offices that are renewable on a periodic basis with approval of both lessor and lessee.

The Company does not have any lease commitments towards variable rent as per the contract.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

(All amounts in ₹ lacs, unless otherwise stated)

56. a) The Company is in the litigation towards computation and payment of license fees on adjusted gross revenue basis with the Ministry of Information and Broadcasting ("Regulatory Authority"). This matter continues to be sub-judiced before the Hon'ble High Court of Jammu and Kashmir. The Company continues to be legally advised that on the merits of its submissions and that the matter was decided by the TDSAT in favour of the Company, it has a strong case. Using the principle of prudence in accounting standards, the Company, in prior years, made a provision of Rs. 349,992 lacs in its books of account, which in the current period has been increased by Rs. 25,679 lacs primarily towards interest as a time value of money charge for case under sub-judice. The same is included in table below:

Provision for regulatory dues (including interest)

Particulars	As at 31 March 2022	As at 31 March 2021
Opening provision	374,017	357,577
Add: created during the year	33,120	43,006
Less: payment during the year	12,631	26,566
Closing provision	394,506	374,017

The outflow of economic benefits with regard to the disputed portion would be dependent on the final decision by the Regulatory Authority. Presently, it has been classified under the 'Provisions (current)'

- b) In continuation to the matter described in note a) above, the Company has filed Petition (205(C) of 2014) before the Hon'ble Telecom Disputes Settlement & Appellate Tribunal (TDSAT) against Union of India challenging the propriety and legality of the demand of Rs. 62,420 lacs including interest of Rs. 15,967 lacs raised by the Ministry of Information and Broadcasting (MIB) by way of a demand letter dated 19 March 2014 towards alleged short payment of license fee for the period 2003-04 to 2012-13. The matter is pending before the Hon'ble TDSAT.

Further pursuant to scheme of merger, Company has assumed deemed liability of Rs. 13,104 lacs and interest liability of Rs. 2,724 lacs which was raised by the MIB on transferor company by way of demand letter dated 24 March 2014 towards alleged short payment of license fee for the period 2009-10 to 2012-13. Transferor company had filed petition (204(C) of 2014) before the Hon'ble TDSAT against Union of India challenging the propriety and legality of the demand. The matter is also pending before the Hon'ble TDSAT.

Further, despite the matter being sub-judice as stated above, the Company received communications from the MIB, wherein the Company was directed to pay Rs. 416,406 lacs within 15 days towards the license fee for the period from the date of issuance of DTH License till financial year 2018-19 and interest thereon till 30 September 2020. However, the MIB has in its said letter, also mentioned that the amount is subject to verification and audit and the outcome of various court cases pending before the TDSAT, the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India. The Company responded to the aforementioned letter on 06 January 2021 disputing the demand.

Income-tax

In earlier years, the Company had received demand notices for tax deducted at source ('TDS') and interest thereon amounting to Rs.760 lacs (excluding penalty levied amounting Rs. 16 lacs) relating to matters pertaining to alleged short deduction of tax at source on certain payments for the assessment years 2009-10 to 2013-14. Out of the cases mentioned above, Company has received favourable orders in the matter of assessment year 2010-11 and 2011-12. The balance demands amounting to Rs. 348 lacs relates to matters pertaining to alleged short deduction of tax at source on certain payments for the assessment years 2009-10, 2012-13 and 2013-14. In respect of the demand received the Company had made payment under protest of Rs. 348 lacs which was paid in the previous years. Further, the amount paid under protest, as a matter of abandoned caution, based on management estimate has been provided for in the books. However, the Company has disputed all these matters and filed appeal against the above said demands with the tax authorities.

Furthermore, the company has preferred to settle the dispute relating to tax arrears/Interest/Penalty under the Vivaad se Vishwas Scheme, 2020 by filling forms dated 8 March 2021 for all the above Financial Years.

Sales tax, value added tax, entry tax, service tax, entertainment tax, custom duty and other claims

INDEPENDENT AUDITOR'S REPORT

To the Members of Dish TV India Limited

Report on the Audit of the Consolidated Financial Statements

Opinion

1. We have audited the accompanying consolidated financial statements of Dish TV India Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in Annexure 1, which comprise the Consolidated Balance Sheet as at 31 March 2022, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('the Act') in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India of the consolidated state of affairs of the Group as at 31 March 2022, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Opinion

3. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained together with the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 16 of the Other Matter section below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

4. We draw attention to note 65(b) of the accompanying consolidated financial statements which describes that the audited financial statements for the year ended 31 March 2021 included as comparative financial information in the accompanying consolidated financial statements have not been adopted in the Annual General Meeting held on 30 December 2021. Our opinion is not modified in respect of this matter.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

6. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter

Information other than the Consolidated Financial Statements and Auditor's Report thereon

7. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the

preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and other accounting principles generally accepted in India. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act the respective Board of Directors of the companies included in the Group covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Board of Directors of the Holding Company, as aforesaid.

9. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
12. As part of an audit in accordance with Standards on Auditing specified under section 143(10) of the Act we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
 - Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;

- Conclude on the appropriateness of Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
 - Obtain sufficient appropriate audit evidence regarding the financial information/ financial statements of the entities or business activities within the Group, to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

16. We did not audit the financial statements of 3 subsidiaries, whose financial statements reflects total assets of ₹ 449,358 lacs and net assets of ₹ 242,809 lacs as at 31 March 2022, total revenues of ₹ 152,199 lacs and net cash outflows amounting to ₹ 1,627 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.

Further, of these subsidiaries, 1 subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with group accounting policies and which have been audited by other auditor under International Standards on Auditing.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 16, on separate financial statements of the subsidiaries, we report that the Holding Company incorporated in India whose financial statements have been audited under the Act have paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that 2 subsidiary companies incorporated in India whose financial statements have been audited under the Act have not paid or provided for any managerial remuneration during the year. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary companies.
18. As required by clause (xxi) of paragraph 3 of Companies (Auditor's Report) Order, 2020 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act based on the consideration of the Order reports issued by us and by the respective other auditors as mentioned in paragraph 16 above, of companies included in the consolidated financial statements and covered under the Act we report that there are no qualifications or adverse remarks reported in the respective Order reports of such companies.
19. As required by section 143(3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries incorporated in India whose financial statements have been audited under the Act, we report, to the extent applicable, that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors;
 - c) The consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) in our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015;
 - e) On the basis of the written representations received from the directors of the Holding Company and its subsidiary companies and taken on record by the Board of Directors of the Holding Company and its subsidiary companies, respectively, and the reports of the statutory auditors of its subsidiary companies covered under the Act, none of the directors of the Group companies are disqualified as on 31 March 2022 from being appointed as a director in terms of section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure II' wherein we have expressed an unmodified opinion; and
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements and other financial information of the subsidiaries incorporated in India whose financial statements have been audited under the Act:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in Note 56, 60 and 64 to the consolidated financial statements;

- ii. provision has been made in these consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts, as detailed in note 60(c)(iii) to the consolidated financial statements;
- iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary companies covered under the Act, during the year ended 31 March 2022;
- iv. a. The respective managements of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or securities premium or any other sources or kind of funds) by the Holding Company or its subsidiary companies to or in any person(s) or entity(ies), including foreign entities ('the intermediaries'), with the understanding, whether recorded in writing or otherwise, that the intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company, or any such subsidiary companies ('the Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf the Ultimate Beneficiaries;
- b. The respective managements of the Holding Company and its subsidiary companies incorporated in India whose financial statements have been audited under the Act have represented to us and the other auditors of such subsidiaries respectively that, to the best of their knowledge and belief, no funds have been received by the Holding Company or its subsidiary companies from any person(s) or entity(ies), including foreign entities ('the Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Holding Company, or any such subsidiary companies shall, whether directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
- c. Based on such audit procedures performed by us and that performed by the auditors of the subsidiaries, as considered reasonable and appropriate in the circumstances, nothing has come to our or other auditors' notice that has caused us or the other auditors to believe that the management representations under sub-clauses (a) and (b) above contain any material misstatement.
- v. The Holding Company and its subsidiary companies have not declared or paid any dividend during the year ended 31 March 2022.

ANNEXURE I

List of subsidiary companies

1. Dish Infra Services Private Limited;
2. Dish TV Lanka (Private) Limited; and
3. C&S Medianet Private Limited

ANNEXURE II

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Dish TV India Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as at and for the year ended 31 March 2022, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in

accordance with generally accepted accounting principles. A company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies, the Holding Company and its subsidiary companies which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements and such controls were operating effectively as at 31 March 2022, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

9. We did not audit the internal financial controls with reference to financial statements insofar as it relates to 2 subsidiary companies, which are companies covered under the Act, whose financial statements reflect total assets of ` 448,955 lacs and net assets of ` 267,891 lacs as at 31 March 2022, total revenues of ` 152,199 lacs and net cash outflows amounting to ` 1,610 lacs for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary companies, have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies, is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

1. Background

Dish TV India Limited ('Dish TV' or 'the Company' or 'the parent company') and its subsidiaries [refer to note 4(c) below], together referred as 'the Group', is engaged in the business of providing Direct to Home ('DTH') and Teleport services.

2. General information and statement of compliance with Indian Accounting Standards (Ind AS)

These consolidated financial statements of the Group have been prepared in accordance with Ind AS as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other provisions of the Act and the presentation and disclosure requirement of Division II of Schedule III to the Act and the guidelines issued by the Securities and Exchange Board of India to the extent applicable. The Group has uniformly applied the accounting policies during the periods presented.

The consolidated financial statement for the year ended 31 March 2022 were authorised and approved for issue by Board of Directors on 30 May 2022.

3. Recent accounting pronouncement

Amendment to Ind AS 16, Property, Plant and Equipment

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 16 which specifies that an entity shall deduct from the cost of an item of property, plant and equipment any proceeds received from selling items produced while the entity is preparing the asset for its intended use (for example, the proceeds from selling samples produced when testing a machine to see if it is functioning properly).

Amendment to Ind AS 37, Provisions, Contingent Liabilities and Contingent Assets

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 37 which specifies that the cost of fulfilling a contract comprises: the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Amendment to Ind AS 103, Business Combinations

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 103 and has added a new exception in the standard for liabilities and contingent liabilities.

Amendment to Ind AS 109, Financial Instruments

The Ministry of Corporate Affairs ("MCA") vide notification dated 23 March 2022, has issued an amendment to Ind AS 109 which clarifies that which fees an entity should include when it applies the '10%' test in assessing whether to derecognise a financial liability. An entity includes only fees paid or received between the entity (the borrower) and the lender, including fees paid or received by either the entity or the lender on the other's behalf.

The amendments are extensive and the Group will evaluate the same to give effect to them as required by law.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

4. Significant accounting policies

a) Overall considerations

These consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

These accounting policies have been used throughout all periods presented in these consolidated financial statements.

b) Basis of preparation of financial statements

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets, financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

Further the management believes that it is appropriate to prepare these financial statements on a going concern basis considering available resources, current level of operations of the Group, and those projected for foreseeable future.

c) Principles of consolidation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015. The consolidated financial statements are prepared on the following basis:

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including other comprehensive income ('OCI')) is attributed to the equity holders of the Holding Company and to the non-controlling interests on the basis the respective ownership interests and such balance is attributed even if this results in controlling interests having a deficit balance.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Joint ventures

Interest in joint venture are accounted for using the equity method, after initially being recognized at cost. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the investee, adjusted where necessary to ensure consistency with the accounting policies of the Group. The consolidated statement of profit and loss (including the other comprehensive income) includes the Group's share of the results of the operations of the investee. Dividends received or receivable from joint ventures are recognized as a reduction in the carrying amount of the investment.

The companies considered in the consolidated financial statements are:

Name of the company	Nature	Country of incorporation	% shareholding As at 31 March 2022	% shareholding As at 31 March 2021
Dish TV India Limited	Holding Company	India	-	-
Dish T V Lanka (Private) Limited	Subsidiary Company	Sri Lanka	70	70
Dish Infra Services Private Limited	Subsidiary Company	India	100	100
C&S Medianet Private Limited	Subsidiary Company	India	51	51

d) Current versus non-current classification

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Group and other criteria set out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

e) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, the equity interests issued and fair value of contingent consideration issued. Acquisition-related costs are expensed as and when incurred.

Assets acquired and liabilities assumed are generally measured at their acquisition-date fair values.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently re-measured to fair value with changes in fair value recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised either in profit or loss or as a change to OCI. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Goodwill is measured as excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the resulting gain on bargain purchase is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

f) Property, plant and equipment and capital work in progress

Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are recorded at the cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use upto the date when the assets are ready for use. Any trade discount, recoverable taxes and rebates are deducted in arriving at the purchase price. All other repairs and maintenance are recognized in statement of profit and loss as incurred.

Consumer premises equipments (CPE) including viewing cards (VC) are treated as part of capital work in progress till the time of activation thereof, post which the same gets depreciated. Capital work in progress is valued at cost.

Subsequent measurement (Depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less depreciation and impairment loss. Depreciation on property, plant and equipment is provided on straight line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II, of the Act, as under:

Asset category	Useful life (in years)
Plant and equipments	7.5
Building	30
Office equipments except mobile	5
Mobiles	2.5
Furniture and fixtures	10
Electrical installations	10
Vehicles	8
Computers	
Laptops, desktops and other devices	3
Servers and networks	6

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

In case of following category, life of the assets have been assessed as under based on technical advice taking into account the nature of assets, estimated usage of the assets, the operating conditions of assets, past history of replacement, anticipated technological changes etc.

- i) CPEs including Viewing Cards (VC) are depreciated over their useful life of five years, as estimated by the management.
- ii) Aircraft is depreciated over the estimated useful life of ten years.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition (calculated as the difference between the net disposal proceeds and its carrying amount) is included in the statement of profit and loss when the respective asset is derecognised.

g) Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognised. Goodwill is carried at cost less accumulated impairment losses.

h) Other intangible assets

Recognition and initial measurement

Intangible assets are recognised if it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably. These assets are valued at cost which comprises the purchase price and any directly attributable expenditure on making the asset ready for its intended use.

Fee paid for acquiring license to operate DTH services, is capitalized as intangible asset.

Customer and distributor relationships are recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Group as per valuation of merger scheme.

Brand is recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Group as per valuation of merger scheme.

Cost of computer software includes license fees, cost of implementation and directly attributable system integration expenses. These costs are capitalized as intangible assets in the year in which related software is implemented.

Subsequent measurement (amortisation)

- i) Fees paid for acquiring licenses to operate DTH services is amortised over the period of license and other license fees are amortized over the management estimate of useful life of five years.
- ii) The economic life of customer and distributor relationship assets are usually determined by estimating future loyalty of customers. Management has assessed that the economic useful life of the customer and distributor relationship to be of ten years.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

- iii) The brands have been acquired for a perpetual period. Based on all the factors the Group has considered life of brand till perpetuity.
- iv) Software are amortised over an estimated life of one year to five years.

i) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

j) Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group is required to consider –

- i) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Group applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

k) Inventories

Inventories of customer premises equipment (CPE) related accessories and spares are valued at the lower of cost and net realisable value. Cost of inventories includes all costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

l) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Revenue is measured at the fair value of the consideration received/receivable net of rebates and applicable taxes. The Group applies the revenue recognition criteria to each nature of the sales and services transaction as set out below, pursuant to Indian Accounting Standard -115 "Revenue from contracts with customers" (Ind AS 115) which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

i) Revenue from rendering of services

- Revenue from subscription services is recognized upon transfer of control of promised products or services to customers over the time in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is recognised net of taxes collected from the customer, collection charges and any discount given. Consideration received in advance for subscription services is initially deferred and included in other liabilities.
- Lease rental is recognized as revenue as per the terms of the contract over the period of lease contract on a straight line basis.
- Activation fee is recognised on an upfront basis considering the level of services rendered on activation, the corresponding cost incurred and separate consideration charged for the subsequent continuing services.
- Revenue from other services (viz Bandwidth charges, teleport services, field repairs of CPE, advertisement income) are recognized on rendering of the services.
- Infrastructure support fees is recognised on the basis of fixed rate agreement on the basis of active customers.

ii) Revenue from sale of goods

- Revenue from sale of stock-in-trade is recognised when the products are dispatched against orders to the customers in accordance with the contract terms and the Group has transferred to the buyer the significant risks and rewards.
- Sales are stated net of rebates, trade discounts, sales returns and taxes on sales.

iii) Interest income

- Income from deployment of surplus funds is recognised on accrual basis using the effective interest rate (EIR) method.

m) Foreign currency translation

Functional and presentation currency

The financial statements are presented in Indian Rupees (Rs.) which is also the functional and presentation currency of the Group.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Non-monetary items denominated in a foreign currency are converted in functional currency at the rate prevailing on the date of transactions and the same are carried at historical cost.

Foreign currency monetary items are converted to functional currency using the closing rate.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

n) Borrowing Costs

Borrowing costs include interest and other costs that the Group incurs in connection with the borrowing of funds.

In case of significant long-term loans, other costs incurred in connection with the borrowing of funds are amortised over the period of respective loan.

o) Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences

Defined contribution plan

The Group deposits the contributions for provident fund and employees' state insurance to the appropriate government authorities and these contributions are recognised in the statement of profit and loss in the financial year to which they relate.

Defined benefit plan

The Group's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government Securities for relevant maturity. Actuarial gains and losses are recognised immediately in the Statement of Other Comprehensive Income. The Group has done contribution to the Gratuity plan with LIC partially.

Other long term employee benefits

Benefits under the Group's compensated absences constitute other long-term employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation done by an independent actuary using the projected unit credit method at the year end. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus, etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

p) Employee stock option scheme

The fair value of options granted under Employee Stock Option Plan of the Group is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity. Upon exercise of share options, the proceeds received are allocated to share capital up to the par value of the shares issued with any excess being recorded as share premium.

q) Leases

The Groups's lease asset classes primarily consist of leases for land. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset, (2) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease, and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a Right of use (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. For short-term leases and low value leases, the Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight -line basis over the shorter of the lease term and the useful life of the underlying asset

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Group uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are re measured with a corresponding adjustment to the related ROU asset if the Group changes its assessment as to whether it will exercise an extension or a termination option.

ROU assets has been disclosed under property plant and equipments and corresponding lease liability has been shown under financial liability in the Balance sheet.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Company as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight line basis over the lease term.

r) Earnings per share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) Equity, reserves and dividend payment

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Retained earnings include current and prior period retained profits. All transactions with owners of the Parent Company are recorded separately within equity.

t) Taxation

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised either in other comprehensive income or in equity.

Unused tax credit such as (Minimum alternate tax ('MAT') credit entitlement) is recognized as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. In the year in which such credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as unused tax credit. The Group reviews the same at each balance sheet date

and writes down the carrying amount of unused tax credit to the extent it is not reasonably certain that the Group will pay normal income-tax during the specified period.

u) Operating cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Group has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

v) Operating expenses

Operating expenses are recognised in statement of profit or loss upon utilisation of the service or as incurred.

w) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Basis the review of operations being done by the CODM, the operations of the Group fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment.

x) Provisions, contingent liabilities, commitments and contingent assets

The Group recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the amount of such obligation can be reliably estimated. Provisions are discounted to their present value (where time value of money is material) and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Group. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

y) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Subsequent measurement

Financial asset at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in equity instruments of subsidiaries and joint ventures

Investments in equity instruments of subsidiaries and joint ventures are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

Investments in other equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Derivative instruments – derivatives such as options and forwards are carried at fair value through profit and loss with fair gains/losses recognised in statement of profit and loss.

De-recognition of financial assets

A financial asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of

an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

z) Fair value measurement

The Group measures financial instruments such as investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

aa) Cash and cash equivalents

Cash and cash equivalents comprises cash at bank and in hand, cheques in hand and short term investments that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

ab) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

ac) Non-current assets held for sale and discontinued operations

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION

for the year ended 31 March 2022

(All amounts in ₹ lacs, unless otherwise stated)

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Group's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Group that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

ad) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognised in the current and future periods.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Group that have the most significant effect on the financial statements.

Recognition of deferred tax assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets: The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Contingent liabilities: At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Impairment of financial assets: At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables.

Impairment of goodwill and other intangible assets: At each balance sheet date, goodwill is tested for impairment. The recoverable amount of cash generating unit (CGU) is determined based on the higher of value-in-use and fair value less cost to sell. Key assumptions on which the management has based its determination of recoverable amount include

estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The cash flow projections take into account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management.

Defined benefit obligation (DBO): Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements: Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Useful lives of depreciable/amortisable assets: Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Total	62,115	223,796

Impairment testing of the Goodwill (allocated to the D2H CGU) is being performed at each balance sheet date. The recoverable amount of cash generating unit is determined based on the higher of value-in-use and fair value less cost to sell. Value in use is determined basis cash flow projections which is being prepared taking in to account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The impairment loss, if any, determined as a result of the assessment is first applied to the carrying value of Goodwill allocated to D2H CGU and then to the other intangible assets consisting in the CGU in accordance with the manner prescribed in Ind AS 36. Based on above, at the current reporting date, an impairment loss amounting to Rs. 2,33,457 lacs (previous year Rs. 77,981 lacs) has been determined in respect of D2H CGU. Out of the total provision for impairment, Rs. 1,61,687 lacs (previous year Rs. 57,897 lacs) has been adjusted against the carrying value of goodwill and balance was adjusted against another intangible asset having infinite life namely trademark/brand in the manner prescribed in Ind AS 36.

exercise price which shall be equivalent to the market price determined as per the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ['SEBI (ESOP) Guidelines, 1999'].

The options granted under the Scheme shall vest between one year to six years from the date of grant of options, with 20% vesting each year. Once the options vest as per the Scheme, they would be exercisable by the grantee at any time within a period of four years from the date of vesting and the shares arising on exercise of such options shall not be subject to any lock-in period.

The shareholders in their meeting held on 28 August 2008 approved the re-pricing of outstanding options which were granted till that date and consequently the outstanding options were re-priced at Rs. 37.55 per option, determined as per SEBI (ESOP) Guidelines, 1999.

However, in respect of options granted subsequent to 28 August 2008, the exercise price of the options has been maintained as equivalent to the market price determined as per the SEBI (ESOP) Guidelines, 1999.

As stated above, the options are granted to the employees at an exercise price, being the latest market price as per SEBI (ESOP) Guidelines, 1999.

Further, it was decided by the Nomination and Remuneration Committee at its meeting held on 17 August 2017, that new Stock options shall not be granted under the ESOP 2007 Scheme of the Parent Company. Accordingly, it was proposed to withdraw the existing Scheme and cancel the remaining options which are yet to be granted and, for the employees who have been granted the Stock Options (whether vested or not) shall be granted Options under the new Scheme. However, the employees who have been granted the Stock Options (whether vested or not) shall be allowed to exercise those stock options.

47. Disclosure pursuant to Indian Accounting Standard 19 on “Employee Benefits”

Defined contribution plans

An amount of Rs. 696 lacs (previous year Rs. 651 lacs) and Rs. 2 lacs (previous year Rs. 2 lacs) for the year, have been recognized as expenses in respect of the Group’s contributions to Provident Fund and Employee’s State Insurance Fund respectively, deposited with the government authorities and have been included under “Employee benefits expenses”.

Defined benefit plans

Gratuity is payable to all eligible employees of the Group on superannuation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act or as per the Group’s Scheme, whichever is more beneficial. The gratuity plan is partly funded and the Group has made contribution to the recognised funds in India.

Risk exposure

The defined benefit plans are typically based on certain assumptions and expose the Group to various risk as follows:

- Salary risk- Actual salary increases will increase the Plan’s liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment risk – If plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount rate – Reduction in discount rate in subsequent valuations can increase the plan’s liability.
- Mortality – Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan’s liability.

B. Financial risk management

The Group is exposed to various risks and the main types of risks are credit risk, liquidity risk and market risk.

The Group's risk management is coordinated in close co-operation with the board of directors, and focuses on securing Group's short to medium term cash flows.

This note explains the sources of risk which the Group is exposed to and how the Group manages the risk and the related impact in these consolidated financial statements.

Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation to the Group causing a financial loss. The Group's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost.

Credit risk management

Credit risk rating

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group continuously monitors defaults of the counterparties and incorporates this information into its credit risk controls.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset group	Basis of categorization	Provision for expected credit loss
Low credit risk	Investment, cash and cash equivalents, loans, security deposits, other bank balances and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables	Life time expected credit loss
High credit risk	Trade receivables and other recoverable	Life time expected credit loss or fully provided for

Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Credit rating	Particulars	31 March 2022	31 March 2021
Low credit risk	Investment, cash and cash equivalents, loans, security deposits, other bank balances and other financial assets	20,774	18,561

b) Liquidity risk

Liquidity risk is the risk that suitable sources of funding for the Group's business activities may not be available. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Management monitors rolling forecasts of the Group's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. Short term liquidity requirements comprises mainly of trade payables and employee dues arising during normal course of business as on each balance sheet date. Long- term liquidity requirement is assessed by the management on periodical basis and is managed through internal accruals and through funding commitments from shareholders.

c) Financing arrangements

55. A Leases

Group as a lessee

The Group has entered into lease arrangements for land and various offices that are renewable on a periodic basis with approval of both lessor and lessee.

The Group does not have any lease commitments towards variable rent as per the contract.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublet the asset to another party, the right of use asset can only be used by the Group. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. The Group is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings and premises the Group must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

- The table below describes the nature of the Group's leasing activities by type of right of use asset recognised on balance sheet:

Right of use assets	Number of leases (no.)	Range of remaining term (years)	Average remaining lease term (years)	Number of leases with extension option (no.)	Number of leases with purchase option (no.)	Number of leases with termination option (no.)

- 56. a)** The Parent Company is in the litigation towards computation and payment of license fees on adjusted gross revenue basis with the Ministry of Information and Broadcasting ("Regulatory Authority"). This matter continues to be sub-judiced before the Hon'ble High Court of Jammu and Kashmir. The Parent Company continues to be legally advised that on the merits of its submissions and that the matter was decided by the TDSAT in favour of the Parent Company, it has a strong case. Using the principle of prudence in accounting standards, the Parent Company, in prior years, made a provision of Rs. 349,992 lacs in its books of account, which in the current period has been increased by Rs. 25,679 lacs primarily towards interest as a time value of money charge for case under subjudice. The same is included in table below:

Provision for regulatory dues (including interest)

Particulars	As at 31 March 2022	As at 31 March 2021
Opening provision	374,017	357,577
Add: created during the year	33,120	43,006
Less: payment during the year	12,631	26,566
Closing provision	394,506	374,017

The outflow of economic benefits with regard to the disputed portion would be dependent on the final decision by the Regulatory Authority. Presently, it has been classified under the 'Provision (current)'

- b)** In continuation to the matter described in note a) above, the Company has filed Petition [205(C) of 2014] before the Hon'ble Telecom Disputes Settlement & Appellate Tribunal (TDSAT) against Union of India challenging the propriety and legality of the demand of Rs. 62,420 lacs including interest of Rs. 15,967 lacs raised by the Ministry of Information and Broadcasting (MIB) by way of a demand letter dated 19 March 2014 towards alleged short payment of license fee for the period 2003-04 to 2012-13. The matter is pending before the Hon'ble TDSAT.

Further pursuant to scheme of merger, Parent Company has assumed deemed liability of Rs. 13,104 lacs and interest liability of Rs. 2,724 lacs which was raised by the MIB on transferor company by way of demand letter dated 24 March 2014 towards alleged short payment of license fee for the period 2009-10 to 2012-13. Transferor company had filed petition [204(C) of 2014] before the Hon'ble TDSAT against Union of India challenging the propriety and legality of the demand. The matter is also pending before the Hon'ble TDSAT.

Further, despite the matter being sub-judice as stated above, the Parent Company received communications from the MIB, wherein the Parent Company was directed to pay Rs. 416,406 lacs within 15 days towards the license fee for the period from the date of issuance of DTH License till financial year 2018-19 and interest thereon till 30 September 2020. However, the MIB has in its said letter, also mentioned that the amount is subject to verification and audit and the outcome of various court cases pending before the TDSAT, the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India. The Parent Company responded to the aforementioned letter on 06 January 2021 disputing the demand.

Board's Report and Annual Financial Statement (F.Y. 2020-21)

Chairman's Message

Dear Shareholders,

Let me begin by expressing my joy in connecting with you once again and placing the Annual Report of Dish TV India Limited for the financial year ended March 31, 2021 before you. We began the financial year amidst a never-before-seen lockdown to prevent an upsurge in COVID 19 cases because of the pandemic. This year has been fraught with one of mankind's greatest challenges and I hope that you and your family continue to remain safe and in the best of health. Our collective resilience will ensure that not only do we overcome this challenge but emerge even stronger from it. Your company has been adapting itself to the ever-changing scenario and responding while keeping the safety and interest of all stakeholders in mind. The strict but necessary measure of the lockdown along with other precautionary measures to prevent the spread of infections have brought some unprecedented and far-reaching changes in the way of life across all aspects of our existence. The downside risks to the

economy from the pandemic remain with slow pace of global vaccination and emergence of mutating variants. The other trends that will drive the Indian economic story are digital penetration, urbanization, reforms, Government spending, infrastructure development and rebound of consumption.

Your company played a significant role by continuing to provide a dedicated channel for dissemination of information pertaining to COVID-19. This was to augment the efforts made by the Ministry of Health and Family Welfare in disseminating information on crucial COVID-19 safety protocols and Government guidelines and encouraging people to adhere to the same.

Vaccination is the biggest weapon mankind has in the battle against COVID-19 and your company went all out to encourage viewers to get this safety net for themselves. Going beyond communication, your company announced that it would thank its subscribers who get vaccinated by crediting one day worth of entertainment to every customer of Dish TV and D2H who uploads his/her details of vaccination on respective brand websites.

Moreover to aid patients and Covid warriors battling it in hospitals, Dish TV further announced that all hospitals and nursing homes having Dish TV or D2H connections will get one month of free subscription. Hospitals that could not recharge their connections would receive the benefit upon recharge.

Your Company is a pioneer in the space of channel distribution and has a diverse and powerful portfolio of its three Direct-To-Home (DTH) brands and a newly launched Over The Top (OTT) platform. The Company's OTT platform Watcho, strengthens the business portfolio and aims at focusing on the larger regional language and semi urban market. It is leading the industry in providing a versatile library of owned and 3rd party content across various technology platforms and leveraging the connected TV as a medium to deliver innovative services. Despite facing a challenging external environment, we were able to sustain our performance without a major blip and further consolidate our operations to generate efficiencies and to prepare ourselves for the future.

India's M&E Industry Developments

The Indian Media and Entertainment (M&E) industry faced headwinds in 2020 due to the pandemic driven shrinkage in advertising spends, restrictions on live events, shooting, film screening and depressed consumer spending affecting subscription revenues. Notwithstanding the decline in size by 24% experienced during the year, the long-term prospects of the sector as one of the fastest growing sectors, within the country and globally, remain intact. This is predicated on the phenomena that the pandemic has only accelerated the trends that were driving the transformation and explosive growth of the sector. Be it shift towards on-demand, interactive and user-generated content or personalization or digitalization of platforms and payments, these have only deepened because of the pandemic.

The industry has used the opportunity of the digital content consumption rush to introduce paywalls and subscription models. This has brought the digital platforms whether OTT or online websites at par with the traditional segments in terms of monetization. The country's advantage in this space stems from its traditions of storytelling and the diversity of narratives. The players who will succeed in tapping this need for stories by offering contextualized content and leverage the capability to tell them engagingly by reaching out to the world are likely to take the sector to newer heights.

In the distribution space, proliferation of smart devices, penetration of wired and wireless broadband deeper into the hinterland, and high speeds offered by upcoming 5G networks will drive the user behaviour and habits. The industry is already evolving new distribution models and monetization strategies across devices to address these changes. Although, the ever-changing trends in the industry have opened up several growth opportunities, the shift in consumer demand for personalization is implying constant pressure on entertainment companies to drive innovation and embrace new technologies.

Performance Overview

Dish TV has a pan India distribution network and has established strong foothold in semi urban and rural areas. With a diverse offering of products and services, we are one of the preferred entertainment brands in the country. The first mover advantage

continues to play a major role in rural and semi-urban areas where the brand acceptability is much better and is almost synonymous with the category.

Our Company has always innovated and launched the best-in-class technology to meet the needs of the subscribers to access linear as well as non-linear content on their television sets. In this direction, we have launched Android powered hybrid HD set-top boxes called DishSMRT Hub and D2H Stream for Dish TV and D2H brands respectively. We have associated with the leading players in the OTT and entertainment space like Amazon Prime Video, Zee5, Sony Liv, You Tube, Eros Now, MX Player, Hungama, Watcho etc. to bring their services on these devices.

Watcho, our in-house OTT platform, has already seen more than 25 Millions of downloads and has started generating revenue through subscription model. This platform will enable us to capture a larger wallet share and screen share of existing subscribers and also tap new user demographics. The innovation to allow users to create their own content on Watcho can differentiate us from the other OTT players and also help in making this application a one-stop shop for all entertainment needs for our subscribers. There is a continuous pressure on retention of subscribers due to various alternates available for entertainment at various price points. There is a huge push for online contemporary content provided by various paid / free OTT platform attracting youth and students across the income strata. Various regulatory changes in the past 3 years have also created lot of behaviour change in the manner in which television content is being consumed. This has resulted in widespread upheavals and heterogeneity in the consumption pattern.

In terms of performance, FY21 was a mixed bag. Due to conscious constraints on marketing spending, the Company did not attract enough new subscribers to compensate for the higher churn in existing subscribers, a result of pandemic influenced consciousness in curtailing expenses. This impacted the subscription revenue which saw a small drop of 6.4 per cent during the year under review. However, due to our focus on operational efficiencies, we increased our EBIDTA margins from 59.2 per cent to 62.1 per cent. In absolute terms, the EBITDA for the year was ₹ 20,170 million. PBT before exceptional item declined from ₹ 1,282 million in FY2019-20 to ₹ 823 million due to increased depreciation. However, the Company's net loss was significantly lower than ₹ 16,548 million recorded in FY2019-20 due to much lower impairment of goodwill related to D2H acquisition. The reported net loss for the year 2020-21 was ₹ 11,899 million. The Company continued to reduce its debt with improved cash flows and has shaved off more than ₹ 10 billion from the total borrowings.

Looking ahead

Even as we see COVID subsiding, we may continue to see its latent impact on different sectors and in different ways. In a connected world, layers of insulation are thin at best and mostly non-existent. While the future has always had a degree of uncertainty, what is certain is that people and organisations will have to be nimble and light-footed to thrive in the fast paced changes we may expect to see. Technology being vital to the customer proposition, our Company will continue to invest in new and advanced technologies to enable subscribers to watch content anywhere, anytime. We believe that the growth will be majorly driven by increasing subscriptions from connected TVs and the growth in Pay TV such as DTH will be driven by content innovation and product offerings. We will continue to collaborate with technology partners for carrying out the enhancements for our connected devices, maintain and enter into strategic partnership and collaboration with leading players in the OTT and entertainment space to bring best in class entertainment to our customers.

With the market environment improving, we will do our best to regain the title of the fastest growing DTH brand by leveraging the diverse strengths of our multi-brands viz. "Dish TV", "D2H" and "Zing". The focus will also be shifting our existing subscribers to our premium offerings to ensure we do not lose them to direct digital subscriptions. Watcho will be another anchor for us to compete against the pure OTT platforms and also increase our addressable market. In our strategy, we will keep the customer first and build our offerings around their behaviour, habits, and needs. To achieve success in doing so, we will continue to invest in evolving technologies to that would best fulfil their needs. The special packages and zero human-touch services offered to counter COVID-19 pandemic will continue as the situation has not become completely normal. We seek to leverage and enhance our brand to strengthen our presence in the direct-to-home broadcasting services sector and develop new customer and industry relationships. We will endeavour to improve upon these by responding to customer feedback and adopting the latest technology in make the interactions most efficient.

I take this opportunity to thank all the Shareholders including our Subscribers, Central and State Government bodies, Ministry of Information and Broadcasting, TRAI and other Regulatory authorities, Investors and Business associates, for continued faith in us. I also thank my colleagues on the Board for their valuable contribution and all the employees, for their constant efforts towards growth of the organisation.

Your trust has been our biggest inspiration. I thank you all and look forward to your continuous support and co-operation. Stay entertained at home!

Sincerely,
Jawahar Lal Goel

Based on internal financial control framework and compliance systems established in the Company and verified by the external professional firms and statutory auditor and reviews performed by the management and/or the Audit Committee of the Board, your Board is of the opinion that Company's internal financial controls were adequate and effective, except as provided in this report, during the financial year 2020-21.

2. OUTBREAK OF COVID-19

As post-COVID new normal became a part of life, most sectors developed coping strategies and the gradual opening of economies began after the number of infections started reducing towards the second half of 2020, prospects for a smart recovery in 2021 became stronger. However, the subsequent second and third waves of infections in most economies have dampened the initial estimations of global growth. Vaccine access has emerged as the key factor that will determine the normalization of activity in a country and hence its economic recovery. It is driving the divergence in prospects of recovery across economies as the global rollout of vaccines has been highly unequal and seeing challenges as the supplier nations struggled to manage their surges due to the spread of mutating variants of the COVID-19 virus.

The financial year began amidst a never-before-seen lockdown to prevent an upsurge in COVID 19 cases because of the pandemic. This year has been fraught with one of mankind's greatest challenges. Our collective resilience will ensure that not only do we overcome this challenge but emerge even stronger from it. The Company has been adapting itself to the ever-changing scenario and responding while keeping the safety and interest of all stakeholders in mind. The strict but necessary measure of the lockdown along with the other precautionary measures to prevent the spread of infections have brought some unprecedented and far-reaching changes in the way of life across all aspects of our existence. The downside risks to the economy from the pandemic remain with slow pace of global vaccination and emergence of mutating variants. The other trends that will drive the Indian economic story are digital penetration, urbanization, reforms, government spending, infrastructure development and rebound of consumption.

Dish TV has continued to operate and provide DTH services to its customers, finding out new ways and means to serve the customer, even during the lockdown periods.

3. DIVIDEND

With a view to conserve the resources for future business requirements, your Board has not recommended any dividend on the equity shares of the Company for the year under review. The Board of Directors of the Company had approved

and adopted a Policy on Distribution of Dividend, as amended from time to time, to comply with Regulation 43A of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ('Listing Regulations'). The said Policy of the Company sets out the parameters and circumstances that will be taken into account by the Board in determining whether or not to distribute dividend to its shareholders, the quantum of profits and/or retained profits earned by the Company to be distributed as dividend. The policy is available on the website of the Company viz. <https://www.dishd2h.com/>

4. BUSINESS OVERVIEW

Dish TV has been at the forefront of India's @ Home Digital Entertainment revolution right from its beginning as the first mover in this space. It has always led the market with its technology innovations that have seamlessly combined the television viewing experience with the accessibility and variety offered by digital content. The Company's three brands, viz. DishTV, d2h and Zing have distinct positioning in the market catering to different demographics, and together make it the forerunner. It enjoys this position because at the core, Dish TV has always put the customer first and hence, they prefer the Company's offerings for their competitive cost, service quality, and easy accessibility and availability through an enormous network.

After launching many industry-first and path-breaking products in the last couple of years such as content streaming solution 'd2h Magic' and connected android boxes that allow customers to access digital video streaming, new-age entertainment and OTT apps on a d2h set-top box, the Company has in the year under review launched DIA (d2h Intelligent Assistant), an AI-enabled chatbot, that is set to revolutionize the service interactions with the customers. This initiative is based on the demand for such zero-human-touch interactions as seen in the persistent shift towards digital payments through Unified Payments Interface (UPI) and e-wallets, and to a smaller extent Credit Cards and Net Banking after the COVID-19 pandemic.

To build further on its in-house OTT platform 'Watcho', the Company has taken a progressive step to further differentiate it by giving the users a facility to create short video content for

dissemination on the platform. Thus, enabling Watcho to become the default application for the all-around entertainment needs of its target demographic. The Company also continued to expand the content available on its platforms, both owned and 3rd party, through newer partnerships and launches. The recent partnerships with 'Hungama Play', 'EPIC ON', and 'Hoichoi' (a Bengali on-demand platform) have given its subscribers access to a large content library.

A few ways in which Dish TV coped with the difficult times during the pandemic and tried to achieve customer retention were through a waiver of re-connection charges and launching pay-later schemes with a three-day credit period for eligible subscribers. Another COVID-19 mitigation measure implemented by the Company during FY 2020-21 included setting up the supply chain to procure set-top boxes and other key accessories from India, going forward.

During the year under review, the Company was relatively successful in protecting its consolidated revenue from operations with a decline of 8.6 per cent. Due to conscious constraints on marketing spending, the Company did not attract enough new subscribers to compensate for the higher churn in existing subscribers, a result of pandemic influenced consciousness in curtailing expenses. The subscriber base saw a reduction owing to cautiousness in spending by viewers due to the economic situation, propensity of the customers to migrate to other platforms and absence of fresh content from broadcasters. The shortfall in subscription revenue was the primary contributor due to a cautious approach to spending across the board. The focus on driving operational efficiencies pushed the EBITDA margin to rise by 290 basis points in FY 2020-21 as compared to the previous financial year. As the financial expenses were lower on account of reduced debt, the cash profits before taxes were higher, which helped the Company, on a consolidated basis, to reduce the debt further by ₹ 10 billion by the end of the year. Overall losses after tax also decreased by 28.1 per cent to ₹ 11,899 million. This performance has created a solid platform from which the Company can make a leap in the coming financial years when the demand environment is expected to improve significantly. It is also prepared with the right strategies to deal with any delay in this bounce due to downward risks to the economy and the sector from subsequent

waves of infections. The mainstay products from DishTV, d2h and Zing and Watcho will be the primary elements of the Company's strategic response to the evolving market situations.

DIRECT TO HOME ('DTH') LICENSE

New DTH License:

Your Company was issued Direct to Home ('DTH') License by the Ministry of Information and Broadcasting, Government of India ('MIB') in the year 2003, which License was valid for a period of 10 years, i.e. upto September 2013. Subsequently, the MIB has been periodically granting interim extensions of the said License.

The MIB *vide* Order dated December 30, 2020 issued amended Guidelines for DTH sector. The amended guidelines, *inter-alia* provide for a term of 20 years for the DTH License and the license fee revised to 8% of Adjusted Gross Revenue (AGR), which is to be calculated by deduction of GST from the Gross Revenue. The terms of the amended guidelines have come into effect from April 1, 2021. In accordance with the amended guidelines, the Company had applied for issue of License and the MIB has granted provisional License with effect from April 1, 2021 *vide* its letter dated March 31, 2021 on the terms and conditions as mentioned therein.

DTH License fee Demand:

The Ministry of Information and Broadcasting *vide* its communication dated December 24, 2020, intimated the Company that basis the accounts of the Company and payment made by the Company towards license fee from the period, from the date of issuance of DTH License till Financial Year 2018-19, an amount of ₹ 4,164.05 Crores is payable by the Company and directed the Company to remit the said amount within a period of 15 days. According to the communication dated December 24, 2020, the said amount includes the License Fee payable and accrued interest thereon. However, the Ministry of Information and Broadcasting has in its said letter, also mentioned that the amount is further subject to verification and audit and the outcome of various court cases pending before the Hon'ble Telecom Dispute Settlement Appellate Tribunal (TDSAT), the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India, in the matter of DTH License fee.

The Ministry of Information and Broadcasting had also issued a demand notice in the year 2014 for the

License Fee pertaining from the date of issuance of DTH License till Financial Year 12-13. The said Demand Notice was challenged by the Company before the Hon'ble TDSAT and the said Demand has been stayed by the Hon'ble TDSAT, which stay continues to be in force.

Further, petition of the Company is also pending before the Hon'ble High Court of Jammu and Kashmir where *inter-alia* the quantum / applicability of License Fee and imposition of interest has been challenged by the Company. The Hon'ble High Court of Jammu and Kashmir had also allowed the interim prayer of the Company *vide* order dated October 13, 2015 which order continues to be in force as the Writ is pending. Similar Writs are also pending before the Hon'ble Supreme Court of India. The DTH License fee matter has already been through several rounds of litigation, the final outcomes of which are yet to be argued and concluded.

LLP, Chartered Accountants, as the Statutory Auditors' of the Company, for second term of Five (5) consecutive years i.e. to hold office from the date of 29th Annual General Meeting until the conclusion of the 34th Annual General Meeting of the Company to be held in the calendar year 2022. The Company has received certificate of eligibility from M/s Walker Chandiok & Co. LLP in accordance with the provisions of the Companies Act, 2013 read with rules thereunder and a confirmation that they continue to hold valid Peer Review Certificate as required under Listing Regulations.

M/s Walker Chandiok & Co. LLP, Chartered Accountants (Statutory Auditors of the Company), have issued Audit Report with modified opinion on the Standalone and Consolidated Audited Financial Results for the financial year ended March 31, 2021.

Qualification, reservation, adverse remark or disclaimer given by the Auditors in their Report:

The Report given by the Statutory Auditors on the Financial Statements of the Company for the financial year ended on March 31, 2021 forms part of this Annual Report. The auditors of the Company have qualified their report to the extent and as mentioned in the Auditors' Report. The qualification in auditors' report and Management response to such qualification are as under:

Details of Audit Qualification, as per Auditors' Report dated June 30, 2021 on the Standalone Financial Results of the Company for the Financial Year 2020-21:

(a) *As stated in Note 41 to the accompanying standalone financial statements, the Company has non-current investment in*

and other non-current loans to its wholly owned subsidiary amounting to ₹ 515,412 lacs and ₹ 74,173 lacs respectively. The wholly owned subsidiary has negative net current assets and has incurred losses in the current year, although it has positive net worth as at 31 March 2021. As described in aforementioned note, management, basis its internal assessment, has considered such balances as fully recoverable as at 31 March 2021. However, the management has not carried out a detailed and comprehensive impairment testing in accordance with the principles of Indian Accounting Standard – 36, “Impairment of Assets” and Indian Accounting Standard – 109, “Financial Instruments”. In the absence of sufficient appropriate evidence to support management’s conclusion, we are unable to comment upon adjustments, if any, that may be required to the carrying value of these non-current investment and non-current loans and its consequential impact on the accompanying standalone financial statements.

Our opinion for the year ended 31 March 2020 was also modified in respect of this matter.

- (b) As explained in Note 41 and Note 42 to the standalone financial statements, the Company has performed an internal assessment to estimate the fair value of its investment in its subsidiary, which in our view is not a detailed and comprehensive test in accordance with the principles of Indian Accounting Standard – 36 “Impairment of Assets” and Indian Accounting Standard – 109 “Financial Instruments”. As a result, the Company’s internal financial control system towards estimating the fair value of its investment in its subsidiary were not operating effectively, which could result in the Company not providing for adjustment, if any that may be required to the carrying values of non-current investment and other non-current loans, and its consequential impact on the earnings, reserves and related disclosures in the accompanying standalone financial statements.

Management Response:

- (a) The Company as at 31 March 2021, has non-current Investment (including equity component of long term loans and guarantees) in and non-current loans to its wholly owned

subsidiary, Dish Infra Services Private Limited (‘Dish Infra’), amounting to ₹ 5,15,412 lacs and ₹ 74,173 lacs respectively. Dish Infra’s net worth is positive although it has incurred losses in current year. Based on internal assessment, Management believes that the realisable amount from Dish Infra will be higher than the carrying value of the non-current investments and other non-current financial assets. Hence, no impairment has been considered. The internal assessment is based on the ability of Dish Infra to monetise its assets including investments in new age technologies, which will generate sufficient cash flows in the future.

- (b) The Company has a well defined system in place to access the appropriateness of the carrying value of its investments and estimation is performed with proper laid down process based on valuation models, usually applied in such cases. The model is refined from time to time to provide appropriateness, accuracy and fair value at a particular point of time. Our internal valuation team has performed the assessment of valuation models, specifically in testing of key assumption, accuracy of inputs used in the models to determine the fair value.

Details of Audit Qualification 2, as per Auditors’ Report dated June 30, 2021 on the Consolidated Financial Results of the Company for the Financial Year 2020-21:

- (a) As given in Note 9 to the accompanying consolidated financial statements, the following qualification is given by another firm of Chartered Accountants vide their audit report dated 28 June 2021 on the financial statements of Dish Infra Services Private Limited, a wholly owned subsidiary of the Holding Company which is reproduced by us as under:

“As stated in Note 9 to the accompanying consolidated financial statements, the Company has invested in new technologies recorded as Intangible assets under development and related capital advances amounting to ₹ 55,200 lacs and ₹ 68,585 lacs respectively. In accordance with Indian Accounting Standard – 36, “Impairment of Assets”, the management is required to carry out impairment test of intangible assets

under development at least annually. The management has not carried out a detailed impairment testing for intangible assets under development and related advances, inter alia, involving independent valuation experts, evaluating impact of competition on related business plans and performing sensitivity analysis of future cash flows expected from these assets. In the absence of such aforementioned impairment assessment, we are unable to comment upon adjustments, if any, that may be required to the carrying values of such intangible assets under development and the related advances”.

Our opinion for the year ended 31 March 2020 was also modified in respect of this matter.

- (b) *As stated in Note 9 and Note 44 to the accompanying consolidated financial statements, the following material weakness is identified by another firm of Chartered Accountants, issued vide their audit report dated 28 June 2021 on the internal financial controls with reference to financial statements of Dish Infra Services Private Limited, a wholly owned subsidiary company of the Holding Company, which is reproduced by us as under:*

“As explained in Note 9 and Note 44 to the consolidated financial statements, the company has performed an internal assessment to estimate the fair value of its intangible assets under development and related capital advances, which in our view is not detailed and comprehensive test in accordance with the principles of Indian Accounting Standard – 36 “Impairment of Assets”. As a result, the company’s internal financial control system towards estimating the fair value of its intangible assets under development and related capital advances were not operating effectively, which could result in the company not providing for adjustment, if any that may be required to the carrying values of intangible assets under development and related capital advances, and its consequential impact on the earnings, reserves and related disclosures in the financial statements.”

Management Response:

- (a) In line with the business plan of investing in

new age technologies, inter alia, Watcho the OTT platform, networking equipments and customer premises equipments (CPE), Dish Infra Services Private Limited, a wholly owned subsidiary Company had made significant progress in augmenting these new age technologies in previous year. The subsidiary Company had contracted with aggregators for content and related infrastructure and recorded ₹ 55,200 lacs as intangible assets under development and ₹ 68,585 lacs as related capital advances as of 31 March 2021. However, the process could not be completed within planned timeframe due to COVID-19 lockdown and restrictions imposed across the country during the year. The management of the subsidiary Company is in the process of concluding all the planned investments in the near future. As further described in note 10, management has concluded that no material adjustments is required in the carrying value of intangible assets under development and the related advances.

- (b) The Group has a well defined system in place to access the appropriateness of the carrying value of its investments and estimation is performed with proper laid down process based on valuation models, usually applied in such cases. The model is refined from time to time to provide appropriateness, accuracy and fair value at a particular point of time. Our internal valuation team has performed the assessment of valuation models, specifically in testing of key assumption, accuracy of inputs used in the models to determine the fair value. Apart from the valuation exercise, the Group also undertakes testing for impairment to estimate and evaluate the actual recoverable value of the underlying assets.

Secretarial Auditor

During the year, the Board had re-appointed Mr. Jayant Gupta, Practicing Company Secretary, (holding ICSI Certificate of Practice No. 9738), proprietor of M/s Jayant Gupta & Associates, Company Secretaries as the Secretarial Auditor of the Company for conducting the Secretarial Audit for the FY 2020-21 in accordance with Section 204 of the Act and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 made thereunder.

Secretarial Audit report (in MR-3 format) *inter alia* confirming compliance with applicable regulatory requirements by the Company during FY 2020-21 is annexed to this report. The remarks/ observations in the said report is as detailed below:

During the audit period, the SEBI issued show cause notices to the Company and its promoters viz. Direct Media Distribution Ventures Private Limited and World Crest Advisors LLP under Rule 4 of SEBI (Procedure for holding inquiry and imposing penalties) Rules 1995, as under Regulations 7(2)(a) and (b) of SEBI (Prohibition of Insider Trading) Regulations, 2015 the transactions of invocation of pledge of shares of the Company held by its promoter entities was to be notified to the exchanges within two trading days by said promoter entities and by the Listed Entity within two trading days of becoming aware of the said information. There were certain transactions done by promoter entities on May 15, 2019 and May 23, 2019 but the same were notified to the exchanges on August 01, 2019, thereby resulting in delay of 66 days and 76 days respectively. The Company made the said disclosure to the exchanges within 2 working days of receipt of the said disclosure. In order to settle the SEBI proceedings, without admitting or denying the findings of fact and conclusions of law, the Company and its promoters filed settlement applications with SEBI. SEBI vide its order dated February 17, 2021 approved settlement with respect to the Company upon payment of ₹ 8,20,782. The Company deposited the said amount within the prescribed timeline and accordingly, the matter is settled. The Promoters also settled the matter and deposited the requisite amounts with SEBI.

The said remark / observation is self-explanatory and hence no separate management response is provided.

Dish Infra Services Private Limited, the unlisted material subsidiary of your company, had appointed Anjali Yadav & Associates, Practicing Company Secretary (holding ICSI Certificate of Practice No. 7257), as its Secretarial Auditor to conduct the Secretarial Audit for the FY 2020-21.  - (iii) The Telecommunication (Broadcasting and Cable) Services (Addressable Systems) Tariff Order, along with Amendments;
 - (iv) The Telecommunication (Broadcasting and Cable) Services Register of Interconnection Agreements and all such other matters Regulations, 2019.
- (c) Terms and conditions of the DTH license issued by the Ministry of Information and Broadcasting.
- (d) Terms and conditions of the license issued by Wireless Planning and Coordination Wing (WPC), Department of Telecommunications, Ministry of Communications.

I have also examined compliance with Secretarial Standards with regard to Meeting of Board of Directors (SS-1) and General Meetings (SS-2), issued by The Institute of Company Secretaries of India (ICSI).

During the audit period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above. However, during the audit period, the SEBI issued show cause notices to the Company and its promoters viz. Direct Media Distribution Ventures Private Limited and World Crest Advisors LLP under Rule 4 of SEBI (Procedure for holding inquiry and imposing penalties) Rules 1995, as under Regulations 7(2)(a) and (b) of SEBI (Prohibition of Insider Trading) Regulations, 2015 the transactions of invocation of pledge of shares of the Company held by its promoter entities was to be notified to the exchanges within two trading days by said promoter entities and by the Listed Entity within two trading days of becoming aware of the said information. There were certain transactions done by promoter entities on May 15, 2019 and May 23, 2019 but the same were notified to the exchanges on August 01, 2019, thereby resulting in delay of 66 days and 76 days respectively. The Company made the said disclosure to the exchanges within 2 working days of receipt of the said disclosure. In order to settle the SEBI proceedings, without admitting or denying the findings of fact and conclusions of law, the Company and its promoters filed settlement applications with SEBI. SEBI *vide* its order dated February 17, 2021 approved settlement with respect to the Company upon payment of ₹ 8,20,782. The Company deposited the said amount within the prescribed timeline and accordingly, the matter is settled. The Promoters also settled the matter and deposited the requisite amounts with SEBI.

I further report that compliance of applicable financial laws including Direct and Indirect Tax laws by the Company has not been reviewed in this Audit as same are subject to review by the Statutory Auditors and other designated professionals.

I further report that:

- a) The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors.
- b) The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Dish TV India Ltd

- c) Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
- d) As per the minutes of meetings duly recorded and signed by the Chairman, the decisions of the Board and committees were carried through with unanimous consent and no dissenting views have been recorded as part of the minutes.

I further report that there are adequate systems and processes in the company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that, during the year 2017-18, the Hon'ble National Company Law Tribunal, Mumbai Bench vide order dated July 27, 2017 had approved the amalgamation of Videocon D2H Limited into and with the Company and the Company had issued fully paid up equity Shares of the Company of Re. 1/- (one each), on March 26, 2018, to the eligible equity shareholders of Videocon D2H Limited in exchange. However, out of the total issue of 857,785,642 fully paid equity shares, the Board of the Company allotted 775,256,159 fully paid Equity Shares of Re.1/- each and allotment of 82,529,483 equity shares was kept in abeyance owing to counter claims lodged with the Company. Subsequently, the Hon'ble National Company Law Tribunal, Mumbai Bench vide Order dated April 26, 2018 and Hon'ble Delhi High Court vide order dated August 2, 2018 directed the Company to keep the allotment of 82,529,483 fully paid Equity Shares of Re.1/- each in abeyance and to maintain a *status quo* in the matter till further orders in this regard. During the audit period under review, no further directions / orders were received for any change in status quo or carrying out the allotment of shares.

This report is to be read with my letter of even date which is annexed as Annexure and forms integral part of this report.

SECRETARIAL AUDIT REPORT

(For the Financial Year ended March 31, 2021)

[Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members
Dish Infra Services Private Limited
Essel House, B-10
Lawrence Road, Industrial Area
New Delhi - 110035

I, Anjali Yadav, Proprietor of Anjali Yadav & Associates, Company Secretaries have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practices by Dish Infra Services Private Limited, (CIN-U74140DL2014PTC264838) ("the Company"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in our opinion, the company has, during the audit period covering the financial year ended on 31st March, 2021, complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the company for the financial year ended on 31st March, 2021 according to the provisions of:

- (i) The Companies Act, 2013 ('the Act') and the rules made there under (as amended from time to time)
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under (as amended from time to time) - Not applicable to the Company.
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under (as amended from time to time) - Not applicable to the Company.
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made under that Act to the extent applicable to Foreign Direct Investment, Overseas Direct Investment (ODI) and External Commercial Borrowings (as amended from time to time)- Not applicable to the Company during the audit period.
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): Not applicable to the Company.
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (as amended from time to time)
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 (as amended from time to time)
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 (as amended from time to time)
 - (d) The Securities and Exchange Board of India (Employee Stock Option Scheme, Employee Stock Purchase Scheme) Guidelines, 1999 and (Share Based Employee Benefits) Regulations, 2014 (as amended from time to time):
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) (Amendment) Regulations, 2008 (as amended from time to time)
 - (f) Securities and Exchange Board of India (Issue and Listing of Non-Convertible and Redeemable Preference Shares) Regulations, 2013

- (g) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client (as amended from time to time)
- (h) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 (as amended from time to time)
- (i) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018(as amended from time to time)
- (j) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirement) Regulations, 2015 (as amended from time to time)
- (k) Securities and Exchange Board of India (Depositories and Participants) Regulations, 2018

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standard - 1 (Meetings of Board of Directors) issued by The Institute of Company Secretaries of India.
- (ii) Secretarial Standard - 2 (General Meetings) issued by The Institute of Company Secretaries of India.

During the audit period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I, further report that

Compliance of applicable financial laws including Direct and Indirect Tax laws by the Company has not been reviewed in this Audit and the same has been subject to review by the Statutory Auditors and others designated professionals.

Based on the information provided by the Company, its officers and authorized representatives during the conduct of the audit, in my opinion, adequate systems and processes and control mechanism exist in the Company to monitor and ensure compliance of provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I, further report that

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors and Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent in advance to all the Directors, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decisions were carried through while the dissenting member's views, if any, were captured and recorded as part of the minutes.

I further report that

1. During the period under review, Ms. Kamna Tomar, (A-35025) had resigned from the post of Company Secretary with effect from February 24, 2021 and in her place Mr. Sanchit Rathana (A- 40304) was appointed as Company Secretary of the Company with effect from February 25, 2021.
2. During the period under review, Mr. Kartik Bansal (DIN: 07971137), who was appointed as Additional Director (Non-Executive, Nominee Director) was regularized as Director (Non-Executive, Nominee Director) in the 7th Annual General Meeting of the company held on September 28, 2020.

This Report is to be read with our letter of even date which is annexed as **Annexure 1** and forms an integral part of this Report.

(vi) Employee wise details of options granted during the year: *Refer below*

(a) Senior Managerial Personnel:

- **ESOP-2007:** During the financial year under review, no stock options were granted under the ESOP -2007 Scheme of the Company. With a view to launch a new ESOP Scheme, the NRC at its meeting held on August 17, 2017, decided not to make any fresh grant of options under Employee Stock Option Scheme (ESOP – 2007) of the Company, and proposed to withdraw the Scheme by canceling the remaining stock options which are yet to be granted under the scheme. Accordingly, no fresh grant of options was made during the year under review under the ESOP-2007 scheme of the Company.
- **ESOP-2018 :** During the financial year under review, no stock options were granted under the ESOP - 2018 Scheme of the Company.

(b) Any other employee who received a grant during the year, of options amounting to 5% or more of option granted during that year:

- **ESOP -2007:** During the financial year under review, no stock options were granted under the ESOP -2007 Scheme of the Company.
- **ESOP -2018:** During the financial year under review, stock options were granted under the ESOP-2018 Scheme of the Company. Consequently, no employee was granted stock options, which amounted to 5% or more of the total options granted during the financial year under review.

(c) Identified employees who were granted option, during any one year, equal to or exceeding 1% of the issued capital (excluding outstanding warrants and conversions) of the company at the time of grant *None*

Expected Dividends	The shares issued under stock options shall rank pari-passu, including the right to receive dividend. Expected dividend payouts to be paid during the life of the option reduce the value of a call option by creating drop in market price of the stock. Adjustments for known dividend payouts over the life of the option are made to the formulae under Black Scholes method. However, in the present case, as the life of the option is greater than one year, there is considerable difficulty in estimating the amount and time of future dividend payouts with certainty. Hence, future dividend payouts have not been incorporated in the valuation analysis.				

(b) the method used and the assumptions made to incorporate the effects of expected early exercise	Not Applicable
(c) how expected volatility was determined, including an explanation of the extent to which expected volatility was based on historical volatility	Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. Each vest has been considered as a separate grant. The volatility for periods corresponding to the respective expected lives of the different vests, prior to the grant date has been considered. The daily volatility of the Company's stock price on National Stock Exchange of India Limited over these years has been considered.
(d) whether and how any other features of the option grant were incorporated into the measurement of fair value, such as a market condition	Not Applicable

The term of appointment of Managing Director shall be fixed at 3 (three) years and may be re-appointed for such further terms. Executive members of the Board shall not be eligible to receive any sitting fees for attending any meeting of the Board of Directors or Committee thereof.

2.2 Remuneration of Non-Executive Members of the Board:

The Non-Executive member(s) of the Board shall be paid sitting fees for attending the meetings of the Board and / or Committees thereof and reimbursement of expenses for participation in the Board and other meetings. The Board shall decide the sitting fee payable to the Director which shall be subject to the limits prescribed under the applicable laws. Independent Director(s) of the Company shall not be entitled to any stock option of the Company. The performance of the non-executive members of the Board shall be reviewed by the Board on an annual basis.

2.3 Remuneration of Executive Management comprising of Key Managerial Personnel, Senior Management and other employees:

The compensation for the Key managerial personnel, senior management and other employees at Dish TV would be guided by the external competitiveness and internal parity through annual benchmarking.

The performance-linked incentive based on Company performance and performance of the employee concerned each year shall be considered and approved by the Nomination and Remuneration Committee. Additionally, The Nomination and Remuneration Committee of the Board of the company, inter alia, administers and monitors the ESOPs of the company in accordance with the applicable SEBI Guidelines.

Internally, performance ratings of all Employees would be spread across a normal distribution curve. The rating obtained by an employee will be used as an input to determine Merit Pay increases. Merit pay increases will be calculated using a combination of individual performance and organizational performance. Compensation can also be determined based on identified skill sets critical to success of the Company. It is determined as per management's review of market demand and supply.

Employees are assigned grades according to their qualifications and work experience, competencies as well as their roles and responsibilities in the organization

The Nomination and Remuneration Committee will from time to time consider proposals concerning the appointment and remuneration of the Key Managerial Personnel and ensure that the proposed remuneration is in line with industry standards in comparable companies. Such proposals then shall be submitted to the Board for approval. The remuneration of the employees may consist of the following components:

- Basic salary and Allowances
- Performance linked incentive / bonus
- Stock options
- Perquisites as per rules of the Company including Company car, telephone etc.

MANAGEMENT DISCUSSION AND ANALYSIS

ECONOMY OVERVIEW

Global Economy

The world economies continued to fight the spread of Coronavirus in its second year. While 2020 saw the healthcare infrastructure even in advanced economies struggle to cope with the onslaught of the virus, the lockdowns and restrictions on people movement implemented to prevent the spread resulted in widespread economic upheavals. In addition to depressing the consumer demand, the business activity was also adversely impacted which resulted in the de-growth of the Global Economy by 3.2 percent in 2020. Almost all the Advanced Economies were severely affected by the pandemic and their economies as a grouping declined by 4.6 percent during this period.

As post-COVID new normal became a part of life, most sectors developed coping strategies and the gradual opening of economies began after the number of infections started reducing towards the second half of 2020, prospects for a smart recovery in 2021 became stronger. However, the subsequent second and third waves of infections in most economies have dampened the initial estimations of global growth. Vaccine access has emerged as the key factor that will determine the normalization of activity in a country and hence its economic recovery. It is driving the divergence in prospects of recovery across economies as the global rollout of vaccines has been highly unequal and seeing challenges as the supplier nations struggled to manage their surges due to the spread of mutating variants of the COVID-19 virus. Even after factoring in these downside risks, the global GDP is projected to grow by 6 percent in 2021 and 4.9 percent in 2022. With most of the Advanced Economies managing to have a relatively faster rollout of vaccination, the bloc is expected to grow by 5.6 percent. Some of the key factors that will have an impact on the shared and individual prospects of economic recovery in 2021, other than the vaccine access, are:

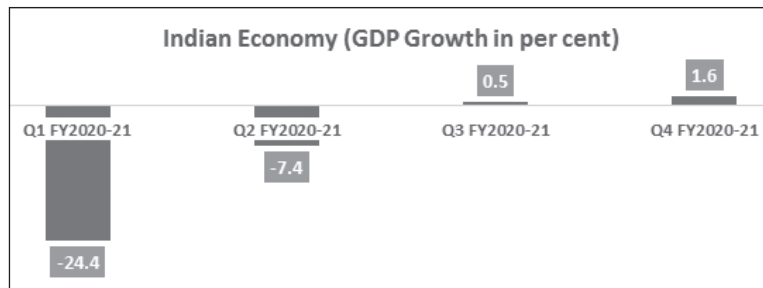

- the fiscal policies of the governments to support disposable income,
- pent-up consumer demand and savings to finance it,
- inflationary shocks in some parts that are either seeing overheating or significant supply disruptions,
- structural adjustments in global supply chains, and
- other policy interventions by the governments to control the pandemic and mitigate its impacts on the business activities.

Indian Economy

The COVID-19 infection numbers for India have followed the trend in Advanced Economies albeit with a lag. Although the country was able to substantially control the infection count during the first wave in 2020 on a per capita basis compared to some of the worst affected countries, it witnessed high peak numbers during a short but highly devastating second wave of infections in 2021. During the first wave as it struggled to develop administrative and healthcare capacity to deal with the pandemic, the country's economy went into a tailspin especially in the first quarter of the FY 2020-21 when a strict lockdown was imposed. Once the economic activity gradually resumed as the people adapted to the restrictions, shifted to online interactions and transactions, wherever possible, or restrictions were lifted in phases, the economy once again returned to growth mode in the second half of the financial year. The lockdowns and displacement of labour across the country created a sense of fear about joblessness and livelihood. The marginal and vulnerable population bore the brunt of loss of jobs, lack of healthcare infrastructure and increased frustration on account of day-to-day management of life. The rural population suffered more due to a lack of available resources and knowledge to deal with the situation. For the full year, India's economic output saw a decline of 7.3 percent in FY 2020-21.

[Source: National Statistical Office (NSO), Ministry of Statistics & Programme Implementation (MOSPI), Government of India, Press Note – May 31, 2021]

However, despite disruptions and partial closure of economic activity in the year gone by, the future of economic growth is expected to be around 8-10% as per various estimates. The Trade, Hotels, Transport, Communication and Broadcasting-related services segment that saw a maximum dip of -18.2% in FY 2020-21 [Source: MOSPI, Government of India, Press Note – May 31, 2021] and was expected to see a slower recovery in output during FY 2021-22. Gross Value Added (GVA) was expected to recover from a 6.2 percent decline to a 7 – 8.5 percent growth in FY 2021-22. The headline inflation number was expected to moderate from 6.16 percent in FY 2020-21 [Source: <https://bit.ly/3xB7NYY> - Inflation data from NSO] to 5.1 percent in FY 2021-22 [Source: <https://bit.ly/3iGrB8V> - RBI Monetary Policy June 2021]. Similarly, the fiscal deficit was expected to reduce from 9.3 percent of GDP in the previous financial year [Source: <https://bit.ly/3jPDuJ9>] to 6.8 percent in FY 2021-22 [Source: <https://bit.ly/2VNN46W>]. The current account, which saw a surplus after more than one and a half-decade due to lower imports in FY 2020-21, is likely to return to a deficit during the next year [Source: <https://bit.ly/2Udqu7t>].

INDUSTRY OVERVIEW [Source: FICCI EY “Playing by new rules” Media & Entertainment sector report, March 2021]

Indian Media and Entertainment (M&E) Sector

2020 had an all-pervasive impact on the Indian Media and Entertainment sector as the economic slowdown due to the COVID-19 pandemic affected advertising and subscription revenue. However, it also accelerated some long-term trends and brought some sustainable changes in the viewing habits of the consumers. This meant the industry had to revamp its customer engagement models because of the emergence of new demand-side patterns, thus bringing structural changes in the sector.

The size of the Indian M&E sector shrunk to ₹ 1.38 trillion in 2020 from ₹ 1.82 trillion in 2019. This contraction increased the churn among segments with the Digital Media segment taking over the second position on the leader board from Print and Online Gaming leaping to the fourth position from the seventh position in 2019. This performance was since only these two segments grew in 2020 over 2019. Filmed entertainment and Print were the most impacted, followed by Television. However, Television remained the largest segment of the industry in 2020.

However, the long-term story of the Indian M&E sector remains strong because of the size of its population, diversity of content creation, long storytelling tradition, growing digital penetration, and development of competencies to become the content production hub for the world. These factors are expected to translate into a pace of growth that will see the sector doubling in size by 2025 making it one of the fastest growing countries in the M&E space.

A few important trends that were seen in the M&E space during the year 2020 are as follows:

- The contribution of subscription revenue to the industry pool increased from 49.7% in 2019 to 51.5% in 2020 due to the resilience of subscription models vs ad-based models. This was applicable for OTT, print and television.
- 28 million Indians subscribed to 53 million paid OTT subscriptions. This number was only 10.5 million Indians in 2019, hence growth of 49% in 2020.
- The number of online gamers touched 360 million in 2020 translating into a growth of 20% over 2019.
- While the Digital advertising revenue remained flat in 2020 over the previous year, its contribution to the total advertising revenues jumped to 32 percent from 24 percent in 2019.

- The content formats have become the differentiation factor in terms of consumption vis-à-vis segments as all the segments offer content in video, audio, text and experiences formats. 2020 also saw acceleration of the long-term trend favouring content consumption in video format.

Indian Television (TV) Industry

The Television industry in India contracted by 13 percent in 2020 from ₹ 787 billion in 2019 to ₹ 685 billion. A major part of the fall was in the advertising revenues at 21.5 percent although the ad volumes fell only by 3 percent. The number of channels also saw a decline in 2020 by net 9 channels, however, the viewership increased by 7.3 percent from 1,614 billion Average Minute Audience (AMA) to 1,731 billion AMA. This was a significantly higher jump than the 0.6 percent increase seen in 2019 over 2018 because of considerably higher time spent indoors due to lockdowns. Hindi Speaking Markets saw a higher jump than the southern markets. In terms of genres, News and Kids channels saw an increase in viewership share and cannibalised the share of Sports and Music and Youth channels.

On average the regional Television channels received 26.6 percent more ad volumes than national channels in 2020, as against a 13 percent lead on national channels in 2019. On the other hand, the subscription revenue dipped by 7.3 percent mainly because of lower ARPUs driven by reverse migration, cautious spending, and lack of fresh content (including live sports events). A reduction in Pay-TV universe by 2 million households also contributed to this fall. There was a major shift in the consumer behaviour reflected in the higher number of OTT consumption both in terms of time and amount spent by the consumer.

INDUSTRY OUTLOOK *(Source: FICCI EY "Playing by new rules" Media & Entertainment sector report, March 2021)*

The M&E sector is projected to expand by 25 percent to ₹ 1,729 billion in 2021 and at a CAGR of 17 percent from 2020 to 2023. Television is expected to retain its dominant position amongst all the segments, whereas Digital Media and Online Gaming will continue to surge ahead at an above industry average pace despite showing growth during the pandemic year.

Television segment size in 2021 would touch ₹ 760 billion translating into a growth of 10.9 percent over 2020. It is expected to grow at a CAGR of 7 percent from 2020 – 2023 and achieve a revenue base of ₹ 847 billion. Overall TV subscriptions are projected to go up from 176 million in 2020, including 171 Unidirectional TV and 5 million Connected TV, to 231+ million in 2025. The maximum increase will be from Connected TV which will cross 40+ million subscriptions in 2025 as broadband penetration and connection speeds improve across the country. The Unidirectional TV will see only a secular growth to 191+ million TV sets. Total viewership of video content will shift away from Mass consumers towards those who are tactically digital, or view bundled digital offerings along with primary content consumption on pay TV. The share of the tactically digital and bundled digital category of video viewers is estimated to go up from 41 percent in 2020 to 60 percent by 2023.

There is increasing competition both from within the industry as well as alternate solution providers. High-speed Internet at lower costs continues to be a potential alternative and could be a threat. However, restricted bandwidths are still a bottleneck to take to mass markets. Increased consumption of TV content via mobile is proliferating fast, although, the mobile viewing experience as of now is restrictive. Competition in the DTH Pay-TV industry has intensified in recent years as the industry has matured and seen the growth of digital cable-based Pay-TV services offered by digital cable operators. These cable-based Pay-TV services have significantly greater capacity, enabling them to offer substantial HD programming content as well as bundled services. In addition, huge growth has been witnessed in the free DTH platform of Doordarshan because of many private channels being available on the said platform. The difference in the pricing between the Pay-TV, Free-TV from Doordarshan and OTT platforms has also led to increased competition.

COMPANY OVERVIEW

Dish TV India Limited is a leading direct-to-home (DTH) Company, providing its services across the segments and the Country. The Company owns recognised and powerful brands like 'DishTV', 'd2h' and 'Zing' under its umbrella. The Company is also engaging with major digital Fintech Companies for ease of recharge availability and widespread acceptance of such platforms.

Entertainment is the *raison d'être* for your company and it is extremely exciting to look at the number of avenues we have today to ensure it reaches the subscriber wherever, whenever, whatever (content) and on whichever (device). We are geared to provide entertainment to the length and breadth of our country across all segments of subscribers. From an array of devices starting from the SD set top box to the top of the line hybrid box, your company has it all. Moreover the OTT platform, Watcho is there to meet needs of digital age subscribers for snackable and on-the-go entertainment.

Connected Devices

To strengthen the product portfolio, the Company offers Android TV 9.0 powered hybrid HD set-top boxes called Dish SMRT Hub and d2h Stream for DishTV and d2h brands respectively. The set-top box can convert an ordinary TV into an Android-powered smart-TV to enable online content, games and smart services through the Google Play store. Built-in Chromecast allows users to stream content from any device directly on the big screen without any lag. Available with native support for video content OTT platforms, the integrated Google Assistant converts this box into a smart home hub, enabling users to control their connected devices with a single remote and do a lot more with their TV.

Alexa-enabled smart dongles called Dish SMRT Kit and d2h Magic can transform an existing Dish TV set-top box into an Alexa enabled connected box to access popular OTT apps, 30,000 plus Alexa Skills and smart home functionalities. So, high-end functionalities like surfing a wide range of content, getting up-to-date information of their account, setting reminders for their favourite programs, getting recommendations on trending programs, basic troubleshooting and a lot more features are possible with this device. Through these devices, Dish TV has associated with leading players in the OTT and entertainment space to bring best in class entertainment to its customers. This service will act as an enabler for OTT content consumption without the hassle of separate connectivity and will also save costs in the long run. These products have found widespread appreciation and are hugely popular amongst the youth and the newly connected subscriber.

Regional Content

DishTV and d2h have a strong regional content portfolio. We added channels for the Southern markets making them one of the strongest players in those markets. For the Bengal market, Dish TV has a partnership with 'Hoichoi,' a leading Bengali on-demand platform, whose app was added to the App Zone of the Company's Android-based connected devices.

Watcho

Watcho, the in-house OTT platform, has displayed exponential growth with regular content updates and partnerships with leading technology platforms. The platform has received a good response since launch as the users are delighted with the seamless experience of watching new-age and bite-sized video content. We have already seen downloads of more than 25 million and it is ever increasing due to the veracity of content and short films suited for on-go entertainment.

Value-Added Services

The Company also offers value-added service 'Shorts TV Active' in partnership with ShortsTV, the world's only TV channel dedicated to short movies. The Company has also introduced regional value-added services in the form of 'Punjabi Active' and 'Telugu Active' for its Punjabi and Telugu speaking viewers. Both services offer unique and engaging content including chat shows of top celebrities, behind-the-scenes of new movies, action and comedy scenes, chat shows and songs on both DishTV and d2h platform.

The Company also launched 'Rangmanch Active', a theatre service dedicated to showcasing plays across genres – from musicals and classics to drama, mystery, comedy and satire, featuring some of the most acclaimed actors

from theatre and small screen. 'Ayushman Active' was also launched during the year to meet the content needs of senior citizen viewers on both of its brands, DishTV and d2h. The Company intends to leverage these value-added services to drive incremental growth in revenues and boasts of a diverse portfolio catering to varied genres.

An educational channel 'Kalvi Tholaikkatchi,' was launched by Dish TV to enable students to receive quality education at home as they are stuck there due to the pandemic causing the closure of the schools.

Empowering subscribers

A key aspect of improvement in technology is how it becomes simpler to use - reaching out to a larger set of users and enabling more use cases. Your company has always been quick to adopt technology both at the back end as well as the front end. One such feature which was introduced for the benefit of its subscribers was 'Scan to Help' on My DishTV app. It is powered by Artificial Intelligence & Machine Learning and supports Hindi and English language for easy understanding. With this feature, the company aims to empower all existing and new subscribers for self-help in case of any technical errors on the Set-top Box. The subscribers can seamlessly initiate the self-help journey by scanning the error plate and it will automatically share an update on the account status and current subscription. In case of bad weather conditions at the broadcasting center, it will take an update of the weather conditions in the subscriber's locality and proceed with technical troubleshooting. The app also provides an option to raise a 'Service Ticket' within the journey itself. Another utility to aid subscribers was the introduction of a Do-it-yourself (DIY) or Self Help centre on the websites.

It give subscribers an opportunity to avoid calling customer care for regular queries related to recharges made, pack information, troubleshooting, service related queries/complaints and more. The vision for this tool is to automate the entire customer service ecosystem intended to become a one-stop solution for all subscriber queries.

Wallets have become extremely popular and have played a crucial role in enabling digital payments amongst the masses. Your company receives a significant amount of recharges through this mode, a deep Integration of recharge options with key platforms has been enabled to add to the convenience of subscribers using these wallets.

Technology is playing a crucial role in shaping the world and it forms the backbone of your company's operations. Your Company's IT systems are now CMMI ML5 V2 (DEV & SVC) certified. This is in addition to the company receiving the ISO 20000-2018 certification as well. To make our service technicians more efficient, we launched a feature of QR code based capture of "Signal strength" and "signal quality" in the technician app. This would be an extremely helpful tool for new Installations as well as regular service requests.

BUSINESS STRENGTHS

- ✓ **First mover advantage:** Dish TV is a leading content distribution platform in India. The first-mover advantage with a technological edge, superior network quality, strong channel partner ecosystem, comprehensive digital offerings add to its competitive strengths.
- ✓ **Strong foothold in semi-urban and rural areas:** The metros and larger cities are saturated from a new subscriber growth perspective. Hence, Dish TV's robust market penetration in the semi-urban and rural areas gives it the advantage to capture new subscribers. With the increased focus on improving ease of living and infrastructure investments in the rural economy, the greater spending capacity will assist in greater penetration. With its Customer First approach, best TV viewing experience, unique content and Value-added Services options, and customised packages as per the customers' requirements, it can retain these subscribers and prevent churn.
- ✓ **Large dealer/distributor network:** With a wide sales and distribution network, Dish TV has established a strong presence in thousands of retail outlets supported by a large number of service touch-points across the country. At the end of FY21, the Company's distribution footprint comprises 3,100 distributors & around 3,03,000 dealers/ recharge outlets that span across 9,300 towns in the country.
- ✓ **Multi-brand leverage:** The three-brand portfolio with diverse strengths allows the Company to cater to multiple consumer segments of the market. In addition, each brand has its own geographical pockets of strength. Dish

TV has always had a high top of- the-mind consumer brand recall while d2h is having high brand loyalty in trade circles.

- ✓ **Watcho – Company’s OTT Offering:** The Company launched Watcho to strengthen its business portfolio and aims at focusing on the larger regional language and semi-urban area market. It has caught the fancy of the viewers across the most popular genres of youth, social awareness and contemporary socials. The Company is planning to further enrich the content involving stories around nationalism, sports, religion and social melodrama to broaden the viewer demographic.

BUSINESS STRATEGIES

- ✓ **Strong Customer Connect:** By constantly enhancing the value proposition for the customers through offering a wide variety of offerings not only in terms of boxes but also access to online content, apps, services on TV, the Company has put subscribers at the centre of its business model. This approach not only helps it cater to different customer segments but also expand its wallet share from its existing customers. The Company is focusing on up scaling its subscriber base by focusing on HD offerings. With the COVID-19 pandemic as a big driver, the Company has strengthened its digital services infrastructure for its subscribers and enabled the execution of nearly all interactions without any human contact. The Company is making strategic investments in understanding customer needs and expectations in various phases of digitalisation to further improve services to the customers.
- ✓ **Technological Innovation:** The Company has always focused on being ahead in terms of technology. With content consumption becoming increasingly personalised because of the availability of screens and ease of access to entertainment content online, the Company has been innovating to integrating the digital content library with the superior viewing experience available on a TV vis-à-vis smaller screens. In addition, it is also expanding its target subscriber base by launching the Watcho OTT platform that will allow subscribers to watch content anywhere, anytime, and be natively available for viewing on TV by expanding its footprint on leading technology platforms.

OUTLOOK AND OPPORTUNITIES

The economic recovery in FY 2021-22 and projected growth for the M&E sector and TV segment means the Company is likely to perform well during the year. With the reduced debt on the balance sheet and optimised cost structure, the Company believes that it shall further strengthen the operational parameters.

With its diverse offerings catering to both Unidirectional TV and Connected TV viewing, the Company can leverage the segment’s growth. Localized restrictions due to continued COVID would mean TV viewership will continue to sustain its high levels and increase going forward. In addition, increasing TV households, urbanization, growing multi-TV households, rural electrification and improving consumer sentiment should continue to be primary drivers of DTH growth. A fast-growing interest in streamed content should give a major boost to the market for hybrid and connected devices. Dish TV is well on its way to making the most of this opportunity and this will be one of the key focus areas going forward.

OPERATIONAL PERFORMANCE

FY21 was a challenging year for the Company as the COVID-19 pandemic not only impacted the subscriber base but also brought in constraints in terms of operations that necessitated the Company innovating and implementing completely online/no-touch customer interfaces. The subscriber base saw a reduction owing to cautiousness in spending by viewers due to the economic situation, job losses and absence of fresh content from broadcasters. The Company waived off re-connection charges at the beginning of the lockdown to reduce subscriber churn. The Company focused on online subscriber engagement campaigns to keep costs under control and restricted spending on customer acquisition. This meant lower new subscriber additions, which combined with higher subscriber churn resulted in a net reduction in the subscriber base during the year.

The Company leveraged its existing digital infrastructure and took it to the next level by offering contactless home delivery, installation of CPE, online recharge and contactless service experience with help from DIA (d2h Intelligent Assistant), an AI-enabled chatbot, and on-screen guides. Digital recharge contributed most of the cash

inflow. In addition to implementing its app to enable the call centre team to operate from home, it also made sure Work From Home for other employees did not hamper productivity and collaboration by ensuring connectivity and infrastructure. With the revenue getting impacted due to lower subscriber count, it focused on cost rationalization during the year. Robust cash flow and lower costs meant the quality of the balance sheet improved significantly due to improved operating profitability and reduction in debt.

Dish D2H won the 'e4m Play Awards 2020' for the category 'Best Use of Video by/ on a Brand Owned Channel' for its subscriber launch campaign.

RISK AND MITIGATION

The Company is cognizant of the inherent risks in its business, which may impact its performance significantly if not managed appropriately on time. It has, therefore, adopted a robust Risk Management Policy within the overall Risk Management Framework to identify, assess, monitor and mitigate the risks to minimize their negative effect on the Company's financial performance and its long-term prospects. The Company has also put in place systems, processes, structures and resources to implement the policies. The major risks and associated mitigation approaches are discussed below.

- ✓ **Technology risk:** Fast-paced evolution of technology in devices and platforms (mediums) for the consumption of entertainment content brings enormous risks for players in this industry. However, the key factor that determines the impact of technological changes on the Company's business is the change in customer preferences concerning competition's offerings and for alternative devices and platforms.

Mitigation: Upgrade of and investment in back-end and front-end technologies to stay ahead of direct competition. Adoption of new technologies to address the challenges from alternative devices or platforms to offer a competitive proposition in terms of ease, cost, and diversity of content consumption. The Company is vigilant of emerging threats from a technology perspective and is constantly innovating to test the market by offering new products (including new value-added services) based on or countering these new technologies.

- ✓ **Regulatory Risk:** The broadcasting industry is regulated by the norms prescribed by the Ministry of Information & Broadcasting, Ministry of Electronics and Information Technology and Telecom Regulatory Authority of India (TRAI). These regulations and norms not only control major aspects of the business model such as pricing, content bundling, etc. but also prescribe comprehensive compliance requirements. Any deviations may lead to penalties, suspension of operations, and other punitive measures.

Mitigation: The Company complies with all provisions of applicable laws and regulations in letter and spirit. It also has a diverse business portfolio that prevents a survival risk when a single business may be adversely impacted due to regulatory changes.

- ✓ **Economic Risk:** The macroeconomic factors have a significant impact on the private consumption basket, including entertainment, through their effect on disposable income and consumer priorities. COVID-19 pandemic is likely to hurt the economy for the next couple of years, however, it is also driving an increase in consumption of entertainment content as people spend more time at home.

Mitigation: The impact of economic fortunes on entertainment consumption are only temporary as entertainment is a fundamental need. With the proliferation in media channels, personalization of content consumption and increasing income levels, the demand for entertainment content is more likely to only increase over the long term.

- ✓ **Competition Risk:** The nature of the competition for the Company's business is constantly evolving and intensifying. It is facing competition not only from cable and other DTH players distributing TV content but also from other mediums such as the internet, OTT platforms, free content providers including DD Direct that deliver entertainment to homes for a range of subscribers.

Mitigation: The Company invests heavily in its content portfolio and delivery platforms in addition to innovating with the Value-Added Services to continuously stay ahead of the competition. The focus is always on the subscribers, their needs and preferences. It also strives to offer the widest possible choices in terms of content and technology to retain and attract subscribers. It has launched a wide range of premium offerings such as Android-powered SMRT Hub & Stream set-top box, Alexa powered SMRT Kit & Magic set-top box and OTT platform Watcho in addition to the standard HD and SD set-top boxes.

- ✓ **Capital Intensive Business:** Business being highly capital intensive and dependent on our ability to adapt to technological innovations. Our Company operates in a capital-intensive industry, which over the years has seen changes due to technological improvements and is currently in the process of digitization. Our Company relies on sophisticated broadcast equipment, communications equipment, and other information technology

to conduct its business. New technologies have been, and will likely continue to be, developed that further increase the competition the Company faces for its business.

Mitigation: The Company adapts to technological changes and adopts the latest technologies in a timely and cost-effective manner. Our Company seeks to proactively anticipate technological developments and to maintain adaptability and price competitiveness to enable it to respond to changes in consumer behaviour. However, the Company may experience delays in the roll-out of new products for various reasons, including failure to upgrade its networks, capital shortfalls, failure of third-party suppliers to deliver services and products promptly and inability to meet the Company's implementation schedules.

- ✓ **COVID-19 Risk:** The Coronavirus pandemic has caused demand shocks and supply chain bottlenecks in many sectors of the economy, in addition to causing a massive loss of life and financial strain for people. The social distancing measures and restrictions on the movement of people have affected business operations. Continuation of a pandemic would affect the Company's business due to its ability to have a long-term impact on the general wellbeing of subscribers, trade and employees.

Mitigation: Company Implements all the prescribed safety protocols for social distancing in entire business operations including offices, subscriber services, and business interactions. Run communication programs to create awareness about the measures adopted by the Company to keep all its stakeholders safe and promote positive mental health practices. Organize vaccination drives for its employees.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company's internal system is comprehensive and effective in enforcing financial control, ensuring compliance and mitigating risks. The system is constantly assessed and strengthened through audit and review mechanisms by making changes to the policies, structures, standard operating procedures and resource allocation. The key objectives are to maintain a high standard of Corporate Governance, safeguard and protect the Company from any loss, through prevention and detection of frauds, ensuring accuracy and completeness in recording financial transactions, proper authorizations for all transactions, and alignment of operations with its long-term and short-term business objectives. The Board of Directors and the Committees of the Board monitor these internal controls systems and review on a quarterly basis with the aid of statutory and internal auditors.

HUMAN RESOURCES

The work culture at Dish TV is employee-friendly as the Company believes in providing an enabling working environment for the employee to perform and develop themselves into committed professionals. Its people practices are not only aligned with the business objectives but also compare favourably with industry best practices to ensure attraction and retention of talent. The diversity of the Company's employee base poses an interesting Human Resource Management challenge for building an agile and capable organization. This is addressed by ensuring open communication channels, flatter organization structure, orientation and positive incentivization towards adoption of the Company's values and culture and giving the employees opportunity and freedom to perform. It supports the professional development of the employees by investing in training programs and participation in industry conferences.

COVID-19 pandemic has had a significant impact on the Company's operations. To ensure the employees have a smooth experience in performing their duties in a Work From Home mode, the Company has invested in providing them with the right systems and connectivity. It is also organizing programs to ensure their general wellbeing, keep them engaged with the organization, and maintain connection and collaboration with fellow employees.

The count of permanent employees on the Company's rolls as of March 31, 2021, was 388.

INDEPENDENT AUDITOR'S REPORT

To the Members of Dish TV India Limited

Report on the Audit of the Standalone Financial Statements

Qualified Opinion

1. We have audited the accompanying standalone financial statements of Dish TV India Limited ('the Company'), which comprise the Balance Sheet as at 31 March 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the state of affairs of the Company as at 31 March 2021, and its loss (including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

Basis for Qualified Opinion

3. As stated in Note 41 to the accompanying standalone financial statements, the Company has non-current investment in and other non-current loans to its wholly owned subsidiary amounting to ₹ 515,412 lacs and ₹ 74,173 lacs respectively. The wholly owned subsidiary has negative net current assets and has incurred losses in the current year, although it has positive net worth as at 31 March 2021. As described in aforementioned note, management, basis its internal assessment, has considered such balances as fully recoverable as at 31 March 2021. However, the management has not carried out a detailed and comprehensive impairment testing in accordance with the principles of Indian Accounting Standard – 36, "Impairment of Assets" and Indian Accounting Standard – 109, "Financial Instruments". In the absence of sufficient appropriate evidence to support management's conclusion, we are unable to comment upon adjustments, if any, that may be required to the carrying value of these non-current investment and non-current loans and its consequential impact on the accompanying standalone financial statements.

Our opinion for the year ended 31 March 2020 was also modified in respect of this matter.

4. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and the relevant provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. In addition to the matters described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Our audit procedures to address this key audit matter included, but were not limited to the following: <ol style="list-style-type: none"> a) We obtained an understanding from the management through detailed discussions with respect to its impairment assessment process, assumptions used and estimates made by management and tested the operating effectiveness of the controls related to aforementioned impairment assessment;

Key audit matter	How our audit addressed the key audit matter
<p>In terms with Indian Accounting Standard 36, Impairment of Assets, the management has carried out an impairment analysis of goodwill and other intangible assets, which requires significant estimations and judgement with respect to inputs used and assumptions made to prepare the forecasted financial information, used to determine the fair value of such intangibles, using discounted cash flow model.</p> <p>Key assumptions used in management's assessment of the carrying amount of goodwill and other intangible assets includes the expected growth rates, estimates of future financial performance, market conditions, capital expenditure and discount rates, among others. Consequent to such impairment assessment, the Company has recorded an impairment charge of ₹ 45,288 lacs against goodwill and ₹ 20,084 lacs against Trademark/ Brand.</p> <p>Considering the materiality of the amounts involved and significant degree of judgement and subjectivity involved in the estimates and assumptions used in determining the cash flows used in the impairment evaluation, we have determined impairment of such goodwill and other intangible assets arising from the business combination as a key audit matter.</p>	<p>b) We obtained the impairment analysis carried out by the management and reviewed the valuation report obtained by management from an independent valuer;</p> <p>c) We assessed the professional competence, objectivity and capabilities of the independent expert considered by the management for performing the required valuations to estimate the recoverable value of the goodwill and other intangible assets;</p> <p>d) We involved experts within the audit team to assess the appropriateness of the valuation model used by the management and reasonableness of assumptions made by the management relating to discount rate, risk premium, industry growth rate, etc.;</p> <p>e) We evaluated the inputs used by the management with respect to revenue and cost growth trends, among others, for reasonableness thereof; and</p> <p>f) We have evaluated the adequacy of disclosures made by the Company in the standalone financial statements in view of the requirements as specified in the Indian Accounting Standards.</p>
<p>B. Amounts recoverable and provision for expected credit losses</p> <p>Refer note 4(i) for significant accounting policy and note 49(B) for credit risk disclosures.</p> <p>Trade receivables and other amounts recoverable comprise a significant portion of the current financial assets of the Company. As at 31 March 2021 trade receivables aggregate ₹ 6,866 lacs (net of provision for expected credit losses of ₹ 8,468 lacs).</p> <p>In accordance with Ind AS 109, the Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables. The Company has analysed the trend of trade receivables under different ageing bracket for last three years and calculated credit loss rate basis such ageing. The complexity in calculation of ECL is mainly related to calculations performed for different type of revenue streams in which the Company operates and the different recovery period for different categories of customers. Additional provision is recognised for the receivables which are specifically identified as doubtful or non-recoverable.</p>	<p>Our audit procedures to address this key audit matter included, but were not limited to the following:</p> <p>a) Obtained an understanding the process adopted by the Company for calculation, recording and monitoring of the impairment loss recognised for expected credit loss;</p> <p>b) We assessed and tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognised. Also, evaluated the controls over the modelling process, validation of data and related approvals;</p> <p>c) We discussed with the management about the conditions leading to, and their assessment of recoverability of dues from the parties and also referred to the available communication, if any, between them;</p> <p>d) We referred to the aging of trade and other receivables and discussed the key balances to establish the management's assessment of recoverability of such dues;</p> <p>e) We analysed the methodology used by the management and considered the credit and payment history of specific parties to determine the trend used for arriving at the expected credit loss provision; and</p> <p>f) We have assessed the adequacy of disclosures made by the management in the standalone financial statements to reflect the expected credit loss provision, trade and other receivables</p>

Information other than the Financial Statements and Auditor's Report thereon

7. The Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the standalone financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

8. The accompanying standalone financial statements have been approved by the Company's Board of Directors. The Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.
9. In preparing the financial statements, Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless Board of Directors either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.
10. Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.
12. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern; and
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation;

13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

16. As required by section 197(16) of the Act, based on our audit, we report that the Company has paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act.
17. As required by the Companies (Auditor's Report) Order, 2016 ('the Order') issued by the Central Government of India in terms of section 143(11) of the Act, we give in the Annexure I, a statement on the matters specified in paragraphs 3 and 4 of the Order.
18. Further to our comments in Annexure I, as required by section 143(3) of the Act, based on our audit, we report, to the extent applicable, that:
 - a) we have sought and except for the matter described in the Basis for Qualified Opinion section, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the accompanying standalone financial statements;
 - b) except for the possible effects of the matter described in the Basis for Qualified Opinion section, in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - c) the standalone financial statements dealt with by this report are in agreement with the books of account;
 - d) except for the possible effects of the matter described in the Basis for Qualified Opinion section, in our opinion, the aforesaid standalone financial statements comply with Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on 31 March 2021 from being appointed as a director in terms of section 164(2) of the Act;
 - f) the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion section;
 - g) we have also audited the internal financial controls with reference to financial statements of the Company as on 31 March 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date and our report dated 30 June 2021 as per Annexure II expressed modified opinion; and
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us:
 - i. the Company, as detailed in note 55 and 60 to the standalone financial statements, has disclosed the impact of pending litigations on its financial position as at 31 March 2021;
 - ii. the Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses as at 31 March 2021;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company during the year ended 31 March 2021; and
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these standalone financial statements. Hence, reporting under this clause is not applicable.

ANNEXURE I

Based on the audit procedures performed for the purpose of reporting a true and fair view on the financial statements of the Company and taking into consideration the information and explanations given to us and the books of account and other records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.
- (b) The property, plant and equipment, other than consumer premise equipment (CPE) installed at the customers' premises, have been physically verified by the management during the year and no material discrepancies were noticed on such verification. In our opinion, the frequency of verification of the property, plant and equipment, other than CPEs installed at the customers' premises, is reasonable having regard to the size of the Company and nature of its assets. The existence of CPEs installed at the customers' premises is verified on the basis of the 'active user status'. Accordingly, we are unable to comment on the discrepancies, if any, that could have arisen on physical verification of CPEs lying with customers in 'inactive status'.
- (c) The title deed of following immovable property (which are included under the head 'Property, plant and equipment' and which was transferred as a result of business combination in earlier years) is still registered in the name of the erstwhile transferor Company:

Nature of property	Total number of Cases	Whether leasehold / freehold	Gross block 31 March 2021 (in ₹ lacs)	Net block/ carrying value as on 31 March 2021 (in ₹ lacs)	Remarks
Land	One	Leasehold	2,607	2,533	Refer note 54 to standalone financial statements

- (ii) The Company does not have any inventory. Accordingly, the provisions of clause 3(ii) of the Order are not applicable.
- (iii) The Company has granted interest free unsecured loans to a Company being wholly owned subsidiary, covered in the register maintained under Section 189 of the Act; and with respect to the same:
- (a) in our opinion the terms and conditions of grant of such loans are not, prima facie, prejudicial to the Company's interest.
- (b) the schedule of repayment of principal and payment of interest has been stipulated and the principal amount is not due for repayment currently; and
- (c) there is no overdue amount in respect of loans granted to such Company.
- (iv) In our opinion, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of loans, investments and guarantees. Further, in our opinion, the Company has not entered into any transaction covered under Section 186 of the Act in respect of security.
- (v) In our opinion, the Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Act and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable.
- (vi) We have broadly reviewed the books of account maintained by the Company pursuant to the Rules made by the Central Government for the maintenance of cost records under sub-section (1) of Section 148 of the Act in respect of Company's services and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. However, we have not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) (a) Undisputed statutory dues including provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other material statutory dues, as applicable, have generally been regularly deposited to the appropriate authorities, though there has been a slight delay in a few cases. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.
- (b) The dues outstanding in respect of income-tax, sales-tax, service-tax, duty of customs, duty of excise and value added tax on account of any dispute, are as follows:

ANNEXURE II

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the standalone financial statements of Dish TV India Limited ('the Company') as at and for the year ended 31 March 2021, we have audited the internal financial controls with reference to financial statements of the Company as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The Company's Board of Directors is responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion on the Company's internal financial controls with reference to financial statements.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified opinion

8. According to the information and explanations given to us and based on our audit, the following material weakness have been identified in the operating effectiveness of the Company's internal financial controls with reference to financial statements as at 31 March 2021:

As explained in Note 41 and Note 42 to the standalone financial statements, the Company has performed an internal assessment to estimate the fair value of its investment in its subsidiary, which in our view is not a detailed and comprehensive test in accordance with the principles of Indian Accounting Standard – 36 "Impairment of Assets" and Indian Accounting Standard – 109 "Financial Instruments". As a result, the Company's internal financial control system towards estimating the fair value of its investment in its subsidiary were not operating effectively, which could result in the Company not providing for adjustment, if any that may be required to the carrying values of non-current investment and other non-current loans, and its consequential impact on the earnings, reserves and related disclosures in the accompanying standalone financial statements.

9. A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.
10. In our opinion, the Company has, in all material respects, adequate internal financial controls with reference to financial statements as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI, and except for the effects/possible effects of the material weakness described above on the achievement of the objectives of the control criteria, the Company's internal financial controls with reference to financial statements were operating effectively as at 31 March 2021.
11. We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the standalone financial statements of the Company as at and for the year ended 31 March 2021, and the material weakness has affected our opinion on the standalone financial statements of the Company and we have issued a Qualified opinion on the standalone financial statements.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

1. Background

Dish TV India Limited ('Dish TV' or 'the Company') was incorporated on 10 August 1988. The Company is engaged in the business of providing Direct to Home ('DTH') television and Teleport services. Dish TV is a public company incorporated and domiciled in India. Its registered office is at 18th floor, A Wing, Marathon Futurex, N M Joshi Marg, Lower Parel, Mumbai 400013, Maharashtra, India.

2. General information and statement of compliance with Indian Accounting Standards (Ind AS)

These standalone financial statements of the Company have been prepared in accordance with Indian Accounting Standard (Ind AS) as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other provisions of the Act. The Company has uniformly applied the accounting policies during the periods presented.

The standalone financial statement for the year ended 31 March 2021 were authorised and approved for issue by Board of Directors on 30 June 2021.

3. Recent accounting pronouncement

Standard issued but not yet effective

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards. However, there are no such notifications which have been issued but not yet effective or applicable from 1 April 2021.

4. Significant accounting policies

a) Overall consideration

These standalone financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

These accounting policies have been used throughout all periods presented in these standalone financial statements.

b) Basis of preparation of financial statements

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets, financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

Further the management believes that it is appropriate to prepare these financial statements on a going concern basis considering available resources, current level of operations of the Company, and those projected for foreseeable future.

c) Current versus non-current classification

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Company and other criteria set out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

d) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred by the Company to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, the equity interests issued and fair value of contingent consideration issued. Acquisition-related costs are expensed as and when incurred.

Assets acquired and liabilities assumed are measured at their acquisition-date fair values.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently re-measured to fair value with changes in fair value recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value recognised either in profit or loss or as a change to Other Comprehensive Income (OCI).

If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

Goodwill is measured as excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the resulting gain on bargain purchase is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

e) **Property, plant and equipment and capital work in progress**

Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are recorded at the cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use upto the date when the assets are ready for use. Any trade discount, recoverable taxes and rebates are deducted in arriving at the purchase price. All other repairs and maintenance are recognized in statement of profit and loss as incurred.

Consumer premises equipment (CPE) are treated as part of capital work in progress till the time of activation thereof, post which the same gets depreciated. Capital work in progress is valued at cost.

Subsequent measurement (Depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less depreciation and impairment loss. Depreciation on property, plant and equipment is provided on straight line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II of the Act as under:

Asset category	Useful life (in years)
Plant and equipments	7.5
Building	30
Office equipment except mobile	5
Mobiles	2.5
Furniture and fixtures	10
Electrical installations	10
Vehicles	8
Computers	
Laptops, desktops and other devices	3
Servers and networks	6

In case of following category, life of the assets have been assessed as under based on technical advice taking into account the nature of assets, estimated usage of the assets, the operating conditions of assets, past history of replacement, anticipated technological changes etc.

- i) Consumer premises equipment are depreciated over their useful life of five years, as estimated by the management.
- ii) Aircraft is depreciated over the estimated useful life of ten years.

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

arising on de-recognition (calculated as the difference between the net disposal proceeds and its carrying amount) is included in the statement of profit and loss when the respective asset is derecognised.

f) Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognised. Goodwill is carried at cost less accumulated impairment losses.

g) Other intangible assets

Recognition and initial measurement

Intangible assets are recognised if it is probable that the future economic benefits that are attributable to the asset will flow to the Company and the cost of the asset can be measured reliably. These assets are valued at cost which comprises the purchase price and any directly attributable expenditure on making the asset ready for its intended use.

Fee paid for acquiring license to operate DTH services, is capitalized as intangible asset.

Customer and distributor relationships are recorded at the fair market value assessed by independent valuer based on projected economic income attributable to the Company taking into account various factors in the business combination.

Brand is recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Company taking into account various factors in the business combination.

Cost of computer software includes license fees, cost of implementation and directly attributable system integration expenses. These costs are capitalized as intangible assets in the year in which related software is implemented.

Subsequent measurement (amortisation)

- i) Fees paid for acquiring licenses to operate DTH services is amortised over the period of license and other license fees are amortized over the management estimate of useful life of five years.
- ii) The economic life of customer and distributor relationship assets are usually determined by estimating future loyalty of customers. Management has assessed that the economic useful life of the customer and distributor relationship to be of ten years.
- iii) The brands have been acquired for a perpetual period. Based on various factors the Company has considered brand to be perpetual in nature. Accordingly, these are tested for impairment.
- iv) Software are amortised over an estimated life ranging from one year to five years as the case may be.

h) Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/ external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

i) Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive. When estimating the cash flows, the Company is required to consider:

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

- i) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Company applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Company determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

j) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Revenue is measured at the fair value of the consideration received/receivable net of rebates and applicable taxes. The Company applies the revenue recognition criteria to each nature of the sales and services transaction as set out below, pursuant to Indian Accounting Standard -115 "Revenue from contracts with customers" (Ind AS 115) which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

- i) Revenue from rendering of services
 - Revenue from subscription services is recognized upon transfer of control of promised products or services to customers over the time in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is recognised net of taxes collected from the customer, collection charges and any discount given. Consideration received in advance for subscription services is initially deferred and included in other liabilities.
 - Lease rental is recognized as revenue as per the terms of the contract over the period of lease contract on a straight line basis.
 - Revenue from other services (viz performance incentive, marketing and promotional fee, teleport services, field repairs of CPE, advertisement income) are recognized on rendering of the services.
- ii) Revenue from sale of goods
 - Revenue from sale of stock-in-trade is recognised when the products are dispatched against orders to the customers in accordance with the contract terms and the Company has transferred to the buyer the significant risks and rewards.
 - Sales are stated net of rebates, trade discounts, sales returns and taxes on sales.
- iii) Interest income
 - Income from deployment of surplus funds is recognised on accrual basis using the effective interest rate (EIR) method.

k) Foreign currency translation

Functional and presentation currency

The financial statements are presented in Indian Rupees (₹) which is also the functional and presentation currency of the Company.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

Non-monetary items denominated in a foreign currency are converted in functional currency at the rate prevailing on the date of transactions and the same are carried at historical cost.

Foreign currency monetary items are converted to functional currency using the closing rate.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

l) Borrowing Costs

Borrowing costs include interest and other costs that the Company incurs in connection with the borrowing of funds.

In case of significant long-term loans, other costs incurred in connection with the borrowing of funds are amortised over the period of respective loan.

m) Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences

Defined contribution plan

The Company deposits the contributions for provident fund and employees' state insurance to the appropriate government authorities and these contributions are recognised in the statement of profit and loss in the financial year to which they relate.

Defined benefit plan

The Company's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government Securities for relevant maturity. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income. The Company has done contribution to the Gratuity plan with Life Insurance Corporation of India partially.

Other long term employee benefits

Benefits under the Company's compensated absences constitute other long-term employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation done by an independent actuary using the projected unit credit method at the year end. Actuarial gains and losses are recognised immediately in the statement of profit and loss.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus, etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

n) Employee stock option scheme

The fair value of options granted under Employee Stock Option Plan of the Company is recognised as an employee benefits expense with a corresponding increase in other equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to other equity. Upon exercise of share options, the proceeds received are allocated to share capital up to the par value of the shares issued with any excess being recorded as share premium.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

o) Leases

Company as a lessee

Accounting policy till 31 March 2019

Assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straight line basis.

Leases which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased items are classified as 'Finance Leases'. Assets acquired on 'Finance Lease' which transfer risk and rewards of the ownership to the Company are capitalized as the assets by the Company.

Changes in accounting policy

The Company's lease asset classes primarily consist of leases for land. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (1) the contract involves the use of an identified asset, (2) the Company has substantially all of the economic benefits from the use of the asset through the period of the lease, and (3) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a Right of use (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. For short-term leases and low value leases, the Company recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight -line basis over the shorter of the lease term and the useful life of the underlying asset

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Company uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are re measured with a corresponding adjustment to the related ROU asset if the Company changes its assessment as to whether it will exercise an extension or a termination option.

ROU assets has been disclosed under property plant and equipments and corresponding lease liability has been shown under financial liability in the Balance sheet.

Transition

Effective 1 April 2019, the Company adopted Ind AS 116 "Leases" and applied the standard to all lease contracts existing on 1 April 2019 using the modified retrospective method, on the date of initial application. This new standard provides a comprehensive model for the identification of lease arrangements and their treatment in the financial statements of both lessees and lessors. Ind AS 116 supersedes Ind AS 17 and its associated interpretative guidance. Consequently, the Company recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and Right-of-use assets were measured at the amount of the lease liability (adjusted for any prepaid or accrued lease expenses). Comparatives as at and for the year ended 31 March 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended 31 March 2019.

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

On transition, the adoption of the new standard resulted in recognition of Right-of-Use asset (ROU) (an amount equal to the lease liability, adjusted by the prepaid lease rent) of ₹ 2,607 lacs. The impact on the loss of the Company for the year ended 31 March 2020 is not material.

The following is the summary of practical expedients elected on initial application:

- a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- b) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- c) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

The weighted average incremental borrowing rate applied to lease liabilities as at 1 April 2019 is 10.84% p.a.

Company as a lessor

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight line basis over the lease term.

p) Earnings per share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

q) Equity, reserves and dividend payment

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Retained earnings include current and prior period retained profits. All transactions with owners of the Company are recorded separately within equity.

r) Taxation

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except those recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit or loss (either in other comprehensive income or in equity).

Unused tax credit such as (Minimum alternate tax ('MAT') credit entitlement) is recognized as an asset only when and to the extent there is convincing evidence that the Company will pay normal income-tax during the specified period. In the year in which such credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as unused

tax credit. The Company reviews the same at each balance sheet date and writes down the carrying amount of unused tax credit to the extent it is not reasonably certain that the Company will pay normal income-tax during the specified period.

s) **Operating cycle**

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Company has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

t) **Operating expenses**

Operating expenses are recognised in statement of profit or loss upon utilisation of the service or as incurred.

u) **Segment reporting**

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Basis the review of operations being done by the CODM, the operations of the Company fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment.

v) **Provisions, contingent liabilities, commitments and contingent assets**

The Company recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the amount of such obligation can be reliably estimated. Provisions are discounted to their present value (where time value of money is material) and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Company. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

w) **Financial instruments**

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Subsequent measurement

Financial asset at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met:

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in equity instruments of subsidiaries, joint ventures and associates

Investments in equity instruments of subsidiaries, joint ventures and associates are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

Investments in other equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Company makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Derivative instruments – derivatives such as options and forwards are carried at fair value through profit and loss with fair gains/losses recognised in profit and loss.

De-recognition of financial assets

A financial asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

x) Fair value measurement

The Company measures financial instruments such as investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

STANDALONE SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

y) **Cash and cash equivalents**

Cash and cash equivalents comprises cash at bank and in hand, cheques in hand and short term investments that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

z) **Cash flow statement**

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

aa) **Non-current assets held for sale and discontinued operations**

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Company's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Company that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

ab) **Significant management judgement in applying accounting policies and estimation uncertainty**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognised in the current and future periods.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Company that have the most significant effect on the financial statements.

Recognition of deferred tax assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

Evaluation of indicators for impairment of assets: The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Contingent liabilities: At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Impairment of financial assets: At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables.

Impairment of goodwill and other intangible assets: At each balance sheet date, goodwill is tested for impairment. The recoverable amount of cash generating unit (CGU) is determined based on the higher of value-in-use and fair value less cost to sell. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The cash flow projections take into account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management.

Defined benefit obligation (DBO): Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements: Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Useful lives of depreciable/amortisable assets: Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Impairment tests for goodwill

Goodwill is monitored by management at the level of D2h division acquired pursuant to merger of the Company with erstwhile Videocon D2h Limited

A summary of goodwill allocation and carrying value is presented below,

Particulars	31 March 2021	31 March 2020
D2h CGU	-	45,288
Total	-	45,288

Impairment testing of the goodwill (allocated to the D2H CGU) is being performed at each balance sheet date. The recoverable amount of cash generating unit is determined based on the higher of value-in-use and fair value less cost to sell. Value in use is determined basis cash flow projections which is being prepared taking in to account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The impairment loss, if any, determined as a result of the assessment is first applied to the carrying value of Goodwill allocated to D2H CGU and then to the other intangible assets consisting in the CGU in accordance with the manner prescribed in Ind AS 36. Based on above, at the current reporting date, an impairment loss amounting to ₹ 65,372 lacs (previous year ₹ 191,550 lacs) has been determined in respect of D2H CGU. Out of the total provision for impairment, ₹ 45,288 lacs (previous year ₹ 191,550 lacs) has been adjusted against the carrying value of goodwill and balance was adjusted against another intangible asset having infinite life namely trademark/brand in the manner prescribed in Ind AS 36.

A summary of value in use and amount of impairment during the financial year is given below:

Key assumptions used for value in use calculation are as follows:

- The Company prepares its cash flow forecast based on the most recent financial budget approved by management with projected revenue growth rate. Average monthly revenue per user is expected to grow at 4% per year.
- Terminal growth rate is assumed at 4% and is based on industry growth rate and projected growth of Indian economy.
- The EBITDA margin is expected to be at the same level through out the projected period.
- The free cash flow arrived at were discounted to present value using weighted average cost of capital (WACC). The sum of the discounted cash flows along with the discounted terminal value is the estimated enterprise value.

41. The Company, has non-current investments (including equity component of long term loans and guarantees) in and non-current loans to its wholly owned subsidiary, Dish Infra Services Private Limited ('Dish Infra'), amounting to ₹ 515,412 lacs and ₹ 74,173 lacs respectively. Dish Infra's net worth is positive although it has incurred losses in the current year. Based on internal assessment, the management believes that the realisable amount from Dish Infra will be higher than the carrying value of the non-current investments and other non-current loans. Hence, no impairment has been considered. The internal assessment is based on the ability of Dish Infra to monetise its assets including investments in new age technologies, which will generate sufficient cash flows in the future.
42. Despite of the outbreak of Coronavirus (COVID-19) leading to consequential lock down across the country during the year and further restrictions imposed by many State Governments subsequent to year-end due to spread of Covid-19 second wave, the Company has continued to operate and provide 'Direct to Home' (DTH) services to its customer without any disruptions. The Company has evaluated its liquidity position and recoverability and carrying value of its assets, including planned investments and has concluded that no material adjustments is required at this stage in the financial results. However, given the uncertainties in the economic environment, management's impact assessment is subject to significant estimation, uncertainties, and accordingly, the actual results in future may be different from those estimated as at the date of approval of these financial statements. Considering that it is a dynamic and evolving situation, the management will continue to monitor any material changes to the future economic conditions and consequential impact on its business/operations.
43. The Company has advanced loans, classified under long term loans and advances, to Dish TV Lanka Private Limited ("Dish Lanka"), its subsidiary company, which has incurred losses and its net worth has been eroded. The Company has recognised a provision for expected credit loss for total loan outstanding of ₹ 23,025 lacs as on 31 March 2021 (out of the total provision of ₹ 23,025 lacs, an amount of ₹ 366 lacs has been recognised during previous financial year 2019-20 and balance amount was recognised in earlier years). Same has been shown as exceptional item in the statement of profit and loss.

Further, the Board at its meeting held on 29 January 2021 approved the sale of its entire equity investment ("investment") in its subsidiary viz. Dish T V Lanka (Private) Limited ("Dish Lanka"), a Company incorporated in Sri Lanka. On 30 March 2021, the Company and its subsidiary entered into a Share sale agreement to sell its investment to Union Network International (Private) Limited ("purchaser") subject to requisite regulatory approvals. Transaction is expected to be completed in the next 12 months. Pending transfer of investment to purchaser, Investment in subsidiary has been classified as assets held for sale in standalone financial statements. The amount of loan given to this subsidiary has been fully provided for in the prior periods in the standalone financial statements of the Company.

44. Segmental information

In line with the provisions of Ind AS 108 "Operating segments" and based on review of the operations done by the chief operating decision maker (CODM), the operations of the Company fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment by the CODM.

45. Employee stock option plan (ESOP) 2018

Stock Option Plan, i.e., ESOP 2018 ("the Scheme"). The Scheme provided for issuance of 1,80,00,000 stock options (underlying fully paid equity share of Re.1 each) to all the permanent employees or Directors of the Company, whether whole-time or not, or to employee of a subsidiary company or of a holding company or of an associate company except an employee who is a Promoter or belongs to the Promoter Group, a Director who either by himself or through his relatives or through any body corporate, directly or indirectly holds more than 10% of the issued and subscribed shares of the Company and the Independent Director at an exercise price equal to the 'market price' which shall be the latest available closing price, prior to the date of the meeting of the nomination and remuneration committee, in which options are granted on the stock exchange on which the shares of the Company are listed.

The options will be granted at an exercise price equal to the 'market price' which shall be the latest available closing price, prior to the date of the meeting of the nomination and remuneration committee, in which options are granted on the stock exchange on which the shares of the Company are listed.

Under ESOP 2018, the Company will issue fresh equity shares as and when the Vested Options are exercised by the option grantees. Each option shall be convertible into one Share of the Company upon exercise.

The total number of options that may be granted to any specific employee under one or more tranches during any one year shall not exceed 1,000,000 stock options and options that may be granted to any specific employee in aggregate shall not exceed 5,000,000 stock options

Options granted under ESOP 2018 would vest not earlier than one year and not later than four years from the date of Grant of such Options. The vesting shall happen every year equally i.e. 25% of the number of options granted, for 4 years from the date of grant of the options.

The Nomination and Remuneration Committee of the Company at its meeting held on 25 October 2018 has approved the grant of 3,360,000 stock option at an exercise price of ₹ 44.85 per option to the eligible employees under the scheme having weighted average fair value of ₹ 13.87. Further, on 24 May 2019, the Nomination and Remuneration Committee of the Company has approved the grant of additional 8,60,000 stock option at an exercise price of ₹ 30.45 per option to eligible employees under ESOP Plan 2018 having weighted average fair value of ₹ 15.20.

The fair value of the options granted has been calculated on the date of grant using Black Scholes option pricing model with the following assumptions:

Particulars	As at 31 Mar 2020
Date of grant	24 May 2019
Number of options granted	860,000
Fair value on grant date (₹ per share)	15.20
Share price at grant date (₹ per share)	31.20
Expected volatility (%)	47.98
Expected life (no. of years)	4.50
Expected dividends (in %)	-
Risk-free interest rate (in %) (based on government bonds)	6.91

Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. Each vest has been considered as a separate grant. The volatility for periods corresponding to the respective expected lives of the different vests, prior to the grant date has been considered. The daily volatility of the Company's stock price on NSE over these years has been considered.

46. Employee stock option plan (ESOP) 2007

At the Annual General Meeting held on 3 August 2007, the shareholders of the Company had approved Employee Stock Option Plan, i.e., ESOP 2007 ("the Scheme"). The Scheme provided for issuance of 4,282,228 stock options (underlying fully paid equity share of Re.1 each) to the employees of the Company as well as that of its subsidiaries companies at the exercise price which shall be equivalent to the market price determined as per the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 ['SEBI (ESOP) Guidelines, 1999'].

The options granted under the Scheme shall vest between one year to six years from the date of grant of options, with 20% vesting each year. Once the options vest as per the Scheme, they would be exercisable by the grantee at any time within a period of four years from the date of vesting and the shares arising on exercise of such options shall not be subject to any lock-in period.

The shareholders in their meeting held on 28 August 2008 approved the re-pricing of outstanding options which were granted till that date and consequently the outstanding options were re-priced at ₹ 37.55 per option, determined as per SEBI (ESOP) Guidelines, 1999.

However, in respect of options granted subsequent to 28 August 2008, the exercise price of the options has been maintained as equivalent to the market price determined as per the SEBI (ESOP) Guidelines, 1999.

As stated above, the options are granted to the employees at an exercise price, being the latest market price as per SEBI (ESOP) Guidelines, 1999.

Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation to the Company causing a financial loss. The Company's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost.

Credit risk management

Credit risk rating

The Company assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Company continuously monitors defaults of the counterparties and incorporates this information into its credit risk controls.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Company provides for expected credit loss based on the following:

Asset group	Basis of categorization	Provision for expected credit loss
Low credit risk	Investment other than subsidiaries, cash and cash equivalents, security deposits, other bank balances and other financial assets	12 month expected credit loss
Moderate credit risk	Investment in and loan to subsidiaries and trade receivables	Life time expected credit loss
High credit risk	Trade receivables and other recoverable	Life time expected credit loss or fully provided for

Based on business environment in which the Company operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

Credit rating	Particulars	31 March 2021	31 March 2020
Low credit risk	Investment other than subsidiaries, cash and cash equivalents, security deposits, other bank balances and other financial assets	601,956	586,063
Moderate credit risk	Investment in and loan to subsidiaries and Trade receivables	6,866	6,545
High credit risk	Trade receivables and other recoverable	35,618	32,551

Concentration of trade receivables

The Company has widespread customers and there is no concentration of trade receivables.

a) Expected credit losses

Provision for expected credit losses

The Company recognises lifetime expected credit losses on trade receivables using a simplified approach and uses historical information to arrive at loss percentage relevant to each category of trade receivables.

Further the Company is not exposed to any price risk as none of the equity securities held by the Company are classified as fair value through profit and loss or fair value through OCI.

50. Capital management

For the purpose of the Company's capital management, capital includes issued capital and all other equity reserves attributable to the equity shareholders of the Company. The primary objective of the Company when managing capital is to safeguard its ability to continue as a going concern and to maintain an optimal capital structure so as to maximize shareholder value.

As at 31 March, 2021, the Company has only one class of equity shares and has reasonable debt. The Company's net debt consists interest bearing borrowings. Consequent to such capital structure, there are no externally imposed capital requirements. In order to maintain or achieve an optimal capital structure, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans.

54. Leases

Company as a lessee

The Company has entered into lease arrangements for land and various offices that are renewable on a periodic basis with approval of both lessor and lessee.

The Company does not have any lease commitments towards variable rent as per the contract.

Each lease generally imposes a restriction that, unless there is a contractual right for the Company to sublet the asset to another party, the right-of-use asset can only be used by the Company. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. The Company is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings and premises the Company must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

55. a) The Company is in the litigation towards computation and payment of license fees on adjusted gross revenue basis with the Ministry of Information and Broadcasting ("Regulatory Authority"). This matter continues to be sub-judiced before the Hon'ble High Court of Jammu and Kashmir. The Company continues to be legally advised that on the merits of its submissions and that the matter was decided by the TDSAT in favour of the Company, it has a strong case. Using the principle of prudence in accounting standards, the Company, in prior years, made a provision of ₹ 324,121 lacs in its books of account, which in the current period has been increased by ₹ 24,871 lacs primarily towards interest as a time value of money charge for case under sub-judice. The same is included in table below:

Provision for regulatory dues (including interest)

Particulars	As at 31 March 2021	As at 31 March 2020
Opening provision	357,577	325,648
Add: created during the year	43,006	41,829
Less: payment during the year	26,566	9,900
Closing provision	374,017	357,577

The outflow of economic benefits with regard to the disputed portion would be dependent on the final decision by the Regulatory Authority. Presently, it has been classified under the 'Provisions (current)'

- b) In continuation to the matter described in note a above, the Company has filed Petition (205(C) of 2014) before the Hon'ble Telecom Disputes Settlement & Appellate Tribunal (TDSAT) against Union of India challenging the propriety and legality of the demand of ₹ 62,420 lacs including interest of ₹ 15,967 lacs raised by the Ministry of Information and Broadcasting (MIB) by way of a demand letter dated 19 March 2014 towards alleged short payment of license fee for the period 2003-04 to 2012-13. The matter is pending before the Hon'ble TDSAT.

Further pursuant to scheme of merger, Company has assumed deemed liability of ₹ 13,104 lacs and interest liability of ₹ 2,724 lacs which was raised by the MIB on transferor company by way of demand letter dated 24 March 2014 towards alleged short payment of license fee for the period 2009-10 to 2012-13. Transferor company had filed petition (204(C) of 2014) before the Hon'ble TDSAT against Union of India challenging the propriety and legality of the demand. The matter is also pending before the Hon'ble TDSAT.

Further, despite the matter being sub-judice as stated above, the Company received communications from the MIB, wherein the Company was directed to pay ₹ 416,406 lacs within 15 days towards the license fee for the period from the date of issuance of DTH License till financial year 2018-19 and interest thereon till 30 September 2020. However, the MIB has in its said letter, also mentioned that the amount is subject to verification and audit and the outcome of various court cases pending before the TDSAT, the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India. The Company responded to the aforementioned letter on 06 January 2021 disputing the demand.

CONSOLIDATED FINANCIAL STATEMENT

INDEPENDENT AUDITOR'S REPORT

To the Members of Dish TV India Limited

Report on the Audit of the Consolidated Financial Statements

Qualified Opinion

1. We have audited the accompanying consolidated financial statements of Dish TV India Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group'), as listed in Annexure I, which comprise the Consolidated Balance Sheet as at 31 March 2021, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.
2. In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements and on the other financial information of the subsidiaries except for the possible effects of the matter described in the Basis for Qualified Opinion section of our report, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Indian Accounting Standards ('Ind AS') specified under section 133 of the Act, of the consolidated state of affairs of the Group as at 31 March 2021, and their consolidated loss (including other comprehensive income), consolidated cash flows and the consolidated changes in equity for the year ended on that date.

Basis for Qualified Opinion

3. As given in Note 9 to the accompanying consolidated financial statements, the following qualification is given by another firm of Chartered Accountants vide their audit report dated 28 June 2021 on the financial statements of Dish Infra Services Private Limited, a wholly owned subsidiary of the Holding Company which is reproduced by us as under:

As stated in Note 9 to the accompanying consolidated financial statements, the Company has invested in new technologies recorded as Intangible assets under development and related capital advances amounting to Rs 55,200 lacs and ₹ 68,585 lacs respectively. In accordance with Indian Accounting Standard – 36, "Impairment of Assets", the management is required to carry out impairment test of intangible assets under development at least annually. The management has not carried out a detailed impairment testing for intangible assets under development and related advances, inter alia, involving independent valuation experts, evaluating impact of competition on related business plans and performing sensitivity analysis of future cash flows expected from these assets. In the absence of such aforementioned impairment assessment, we are unable to comment upon adjustments, if any, that may be required to the carrying values of such intangible assets under development and the related advances".

Our opinion for the year ended 31 March 2020 was also modified in respect of this matter.

4. We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India ('ICAI') and the relevant provisions of the Act and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in paragraph 16 of the Other Matter section below, is sufficient and appropriate to provide a basis for our qualified opinion.

Key Audit Matters

5. Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.
6. In addition to the matters described in the Basis for Qualified Opinion section, we have determined the matters described below to be the key audit matters to be communicated in our report.

Key audit matter	How our audit addressed the key audit matter
A. Impairment assessment of Intangible assets including Goodwill As detailed in note 7 and 8 of the consolidated financial statements, the Group has intangible assets, including Goodwill of ₹ 223,796 lacs (net of provision for impairment of ₹ 403,847 lacs), Trademark/Brand of ₹ 82,825 lacs (net of provision for impairment of ₹ 20,084 lacs) and Customer and distributor relationship of ₹ 82,015 lacs, arising out of business combinations.	Our audit procedures and those of the component auditors to address this key audit matter included, but were not limited to the following: <ol style="list-style-type: none"> a) Obtained an understanding from the management through detailed discussions with respect to its impairment assessment process, assumptions used and estimates made by management and tested the operating effectiveness of the controls related to the aforementioned impairment assessment;

Key audit matter	How our audit addressed the key audit matter
<p>In terms with Indian Accounting Standard 36, Impairment of Assets, the management has carried out an impairment analysis of goodwill and other intangible assets, which requires significant estimations and judgement with respect to inputs used and assumptions made to prepare the forecasted financial information, used to determine the fair value of such intangibles, using discounted cash flow model.</p> <p>Key assumptions used in management's assessment of the carrying amount of goodwill and other intangible assets includes the expected growth rates, estimates of future financial performance, market conditions, capital expenditure and discount rates, among others. Consequent to such impairment assessment, the Group has recorded an impairment charge of ₹ 57,897 lacs against goodwill and ₹ 20,084 lacs against Trademark/Brand.</p> <p>Considering the materiality of the amount involved and significant degree of judgement and subjectivity involved in the estimates and assumptions used in determining the cash flows used in the impairment evaluation, we have determined impairment of such goodwill and other intangible assets arising from the business combination as a key audit matter.</p>	<p>b) Obtained the impairment analysis carried out by the management and reviewed the valuation report obtained by management from an independent valuer;</p> <p>c) Assessed the professional competence, objectivity and capabilities of the independent expert considered by the management for performing the required valuations to estimate the recoverable value of the goodwill and other intangible assets;</p> <p>d) Involved experts within the audit team to assess the appropriateness of the valuation model used by the management and reasonableness of assumptions made by the management relating to discount rate, risk premium, industry growth rate etc.;</p> <p>e) Evaluated the inputs used by the management with respect to revenue and cost growth trends, among others, for reasonableness thereof; and</p> <p>f) Evaluated the adequacy of disclosures made by the Group in the consolidated financial statements in view of the requirements as specified in the Indian Accounting Standards.</p>
<p>B. Amounts recoverable and provision for expected credit losses</p> <p>Refer note 4(j) for significant accounting policy and note 49(B) for credit risk disclosures.</p> <p>Trade receivables and other amounts recoverable comprise a significant portion of the current financial assets of the Group. As at 31 March 2021 trade receivables aggregate ₹ 9,305 lacs (net of provision for expected credit losses of ₹ 10,332 lacs).</p> <p>In accordance with Ind AS 109, the Group applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables. The Group has analysed the trend of trade receivables under different ageing bracket for last three years and calculated credit loss rate basis such ageing.</p> <p>The complexity in calculation of ECL is mainly related to calculations performed for different type of revenue streams in which the Group operates and the different recovery period for different categories of customers. Additional provision is recognised for the receivables which are specifically identified as doubtful or non-recoverable.</p>	<p>Our audit procedures and those of the component auditors, to address this key audit matter included, but were not limited to the following:</p> <p>a) Obtained an understanding the process adopted by the Group for calculation, recording and monitoring of the impairment loss recognised for expected credit loss;</p> <p>b) Assessed and tested the design and operating effectiveness of key controls over completeness and accuracy of the key inputs and assumptions considered for calculation, recording and monitoring of the impairment loss recognised. Also, evaluated the controls over the modelling process, validation of data and related approvals;</p> <p>c) Discussed with the management about the conditions leading to, and their assessment of recoverability of dues from the parties and also referred to the available communication, if any, between them;</p> <p>d) Referred to the aging of trade and other receivables and discussed the key balances to establish the management's assessment of recoverability of such dues;</p> <p>e) Analysed the methodology used by the management and considered the credit and payment history of specific parties to determine the trend used for arriving at the expected credit loss provision; and</p> <p>f) Assessed the adequacy of disclosures made by the management in the consolidated financial statements to reflect the expected credit loss provision, trade and other receivables.</p>

Information other than the Consolidated Financial Statements and Auditor's Report thereon

7. The Holding Company's Board of Directors are responsible for the other information. The other information comprises the information included in the Annual Report, but does not include the consolidated financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

8. The accompanying consolidated financial statements have been approved by the Holding Company's Board of Directors. The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation and presentation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Ind AS specified under section 133 of the Act. The Holding Company's Board of Directors are also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. Further, in terms of the provisions of the Act, the respective Board of Directors of the companies included in the Group covered under the Act are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error. These financial statements have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.
9. In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group are responsible for assessing the ability of the Group to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intend to liquidate the Group or to cease operations, or has no realistic alternative but to do so.
10. Those respective Board of Directors are also responsible for overseeing the financial reporting process of the companies included in the Group.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

11. Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.
12. As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls;

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
 - Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern;
 - Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation; and
 - Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group, to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit of financial statements of such entities included in the financial statements, of which we are the independent auditors. For the other entities included in the financial statements, which have been audited by the other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.
13. We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
 14. We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.
 15. From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

16. We did not audit the financial statements of 3 subsidiaries, whose financial statements reflects total assets of ₹ 633,386 lacs and net assets of ₹ 381,237 lacs as at 31 March 2021, total revenues of ₹ 177,260 lacs and net cash outflows amounting to ₹ 5,965 lacs for the year ended on that date, as considered in the consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of sub-section (3) of section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, are based solely on the reports of the other auditors.

Further, of these subsidiaries, 1 subsidiary is located outside India whose financial statements and other financial information have been prepared in accordance with accounting principles generally accepted in that respective countries and which have been audited by other auditors under generally accepted auditing standards applicable in that respective country. The Holding Company's management has converted the financial statements of such subsidiary located outside India from accounting principles generally accepted in that respective country to accounting principles generally accepted in India. Another firm of Chartered Accountants have audited these conversion adjustments made by the Holding Company's management. Our opinion on the consolidated financial statements, in so far as it relates to the balances and affairs of such subsidiary located outside India, is based on the report of other auditor and the conversion adjustments prepared by the management of the Holding Company and audited by another auditor.

Our opinion above on the consolidated financial statements, and our report on other legal and regulatory requirements below, are not modified in respect of the above matters with respect to our reliance on the work done by and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

17. As required by section 197(16) of the Act, based on our audit and on the consideration of the reports of the other auditors, referred to in paragraph 16, on separate financial statements of the subsidiaries, we report that the Holding Company covered under the Act paid remuneration to its directors during the year in accordance with the provisions of and limits laid down under section 197 read with Schedule V to the Act. Further, we report that 2 subsidiary companies covered under the Act have not paid or provided for any managerial remuneration during the year and 1 subsidiary company is not

covered under the Act. Accordingly, reporting under section 197(16) of the Act is not applicable in respect of such subsidiary companies.

18. As required by section 143 (3) of the Act, based on our audit and on the consideration of the reports of the other auditors on separate financial statements and other financial information of the subsidiaries, we report, to the extent applicable, that:
- a) we have sought and except for the matter described in the Basis for Qualified Opinion section, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
 - b) in our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors, except for the possible effects of the matter described in the Basis for Qualified Opinion section with respect to the financial statements of Dish Infra Services Private Limited, a subsidiary of the Holding Company;
 - c) the consolidated financial statements dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d) except for the possible effects of the matter described in the Basis for Qualified Opinion section, in our opinion, the aforesaid consolidated financial statements comply with Ind AS specified under section 133 of the Act;
 - e) on the basis of the written representations received from the directors of the Holding Company and taken on record by the Board of Directors of the Holding Company, and the reports of the statutory auditors of its subsidiary companies, covered under the Act, none of the directors of the Group companies, covered under the Act, are disqualified as on 31 March 2021 from being appointed as a director in terms of section 164(2) of the Act;
 - f) the qualification relating to the maintenance of accounts and other matters connected therewith are as stated in the Basis for Qualified Opinion section with respect to the Dish Infra Services Private Limited, a subsidiary of the Holding Company;
 - g) with respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, and its subsidiary companies covered under the Act, and the operating effectiveness of such controls, refer to our separate report in 'Annexure II'; and
 - h) with respect to the other matters to be included in the Auditor's Report in accordance with rule 11 of the Companies (Audit and Auditors) Rules, 2014 (as amended), in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the report of the other auditors on separate financial statements as also the other financial information of the subsidiaries:
 - i. the consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group as detailed in note 56 and 61 to the consolidated financial statements;
 - ii. provision has been made in these consolidated financial statements, as required under the applicable law or Ind AS, for material foreseeable losses, on long-term contracts including derivative contracts, as detailed in note 61(c)(ii) to the consolidated financial statements;
 - iii. there were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company, and its subsidiary companies covered under the Act, during the year ended 31 March 2021; and
 - iv. the disclosure requirements relating to holdings as well as dealings in specified bank notes were applicable for the period from 8 November 2016 to 30 December 2016, which are not relevant to these consolidated financial statements. Hence, reporting under this clause is not applicable.

ANNEXURE I

List of subsidiary companies

1. Dish Infra Services Private Limited;
2. Dish TV Lanka (Private) Limited; and
3. C&S Medianet Private Limited

ANNEXURE II

Independent Auditor's Report on the internal financial controls with reference to financial statements under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ('the Act')

1. In conjunction with our audit of the consolidated financial statements of Dish TV India Limited ('the Holding Company') and its subsidiaries (the Holding Company and its subsidiaries together referred to as 'the Group') as at and for the year ended 31 March 2021, we have audited the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, which are companies covered under the Act, as at that date.

Responsibilities of Management and Those Charged with Governance for Internal Financial Controls

2. The respective Board of Directors of the Holding Company and its subsidiary companies, which are companies covered under the Act, are responsible for establishing and maintaining internal financial controls based on the internal financial controls with reference to financial statements criteria established by the companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting ('the Guidance Note') issued by the Institute of Chartered Accountants of India (the 'ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of the Company's business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's Responsibility for the Audit of the Internal Financial Controls with Reference to Financial Statements

3. Our responsibility is to express an opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies, as aforesaid, based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the ICAI prescribed under Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to financial statements, and the Guidance Note issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.
4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements includes obtaining an understanding of such internal financial controls, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their reports referred to in the Other Matter paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the internal financial controls with reference to financial statements of the Holding Company and its subsidiary companies as aforesaid.

Meaning of Internal Financial Controls with Reference to Financial Statements

6. A Company's internal financial controls with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial controls with reference to financial statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with Reference to Financial Statements

7. Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial controls with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Qualified Opinion

8. According to the information and explanations given to us and based on our audit and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of subsidiary companies, the following material weakness has been identified in the operating effectiveness of internal financial controls with reference to financial statements as at 31 March 2021.

As stated in Note 9 and Note 44 to the accompanying consolidated financial statements, the following material weakness is identified by another firm of Chartered Accountants, issued vide their audit report dated 28 June 2021 on the internal financial controls with reference to financial statements of Dish Infra Services Private Limited, a wholly owned subsidiary company of the Holding Company, which is reproduced by us as under:

As explained in Note 9 and Note 44 to the consolidated financial statements, the company has performed an internal assessment to estimate the fair value of its intangible assets under development and related capital advances, which in our view is not detailed and comprehensive test in accordance with the principles of Indian Accounting Standard – 36 "Impairment of Assets". As a result, the company's internal financial control system towards estimating the fair value of its intangible assets under development and related capital advances were not operating effectively, which could result in the company not providing for adjustment, if any that may be required to the carrying values of intangible assets under development and related capital advances, and its consequential impact on the earnings, reserves and related disclosures in the financial statements.

9. A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial controls with reference to financial statements, such that there is a reasonable possibility that a material misstatement of the Holding Company's annual or interim financial statements will not be prevented or detected on a timely basis.
10. In our opinion and based on the consideration of the reports of the other auditors on internal financial controls with reference to financial statements of the subsidiary companies, the Holding Company and its subsidiary companies which are companies covered under the Act, have in all material respects, adequate internal financial controls with reference to financial statements as at 31 March 2021, based on the internal financial controls with reference to financial statements criteria established by the Holding Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI, and except for the effects/possible effects of the material weakness described above on the achievement of the objectives of the control criteria, such internal financial controls with reference to financial statements were operating effectively as at 31 March 2021.
11. We have considered the material weakness identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the consolidated financial statements of the Group as at and for the year ended 31 March 2021, and the material weakness has affected our opinion on the consolidated financial statements of the Group and we have issued a qualified opinion on the Consolidated financial statements.

Other Matter

12. We did not audit the internal financial controls with reference to financial statements insofar as it relates to 2 subsidiary companies, which are companies covered under the Act, whose financial statements reflect total assets of ₹ 633,227 lacs and net assets of ₹ 381,250 lacs as at 31 March 2021, total revenues of ₹ 177,260 and net cash outflows amounting to ₹ 6,036 lacs for the year ended on that date, as considered in the consolidated financial statements. The internal financial controls with reference to financial statements in so far as it relates to such subsidiary companies have been audited by other auditors whose reports have been furnished to us by the management and our report on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements for the Holding Company and its subsidiary companies, as aforesaid, under Section 143(3)(i) of the Act in so far as it relates to such subsidiary companies, is based solely on the reports of the auditors of such companies. Our opinion is not modified in respect of this matter with respect to our reliance on the work done by and on the reports of the other auditors.

Dish TV India Limited ('Dish TV' or 'the Company' or 'the parent company') and its subsidiaries [refer to note 4(c) below], together referred as 'the Group', is engaged in the business of providing Direct to Home ('DTH') and Teleport services.

2. General information and statement of compliance with Indian Accounting Standards (Ind AS)

These consolidated financial statements of the Group have been prepared in accordance with Ind AS as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015, as amended and other provisions of the Act. The Group has uniformly applied the accounting policies during the periods presented.

The consolidated financial statement for the year ended 31 March 2021 were authorised and approved for issue by Board of Directors on 30 June 2021.

3. Recent accounting pronouncement

Standard issued but not yet effective

Ministry of Corporate Affairs (MCA) notifies new standards or amendments to the existing standards. However, there are no such notifications which have been issued but not yet effective or applicable from 1 April 2021.

4. Significant accounting policies

a) Overall considerations

These consolidated financial statements have been prepared using the significant accounting policies and measurement bases summarised below.

These accounting policies have been used throughout all periods presented in these consolidated financial statements.

b) Basis of preparation of financial statements

The financial statements have been prepared on going concern basis in accordance with accounting principles generally accepted in India. Further, the financial statements have been prepared on historical cost basis except for certain financial assets, financial liabilities and share based payments which are measured at fair values as explained in relevant accounting policies.

Further the management believes that it is appropriate to prepare these financial statements on a going concern basis considering available resources, current level of operations of the Group, and those projected for foreseeable future.

c) Principles of consolidation

The consolidated financial statements have been prepared in accordance with Indian Accounting Standard (Ind AS) as notified by Ministry of Corporate Affairs ('MCA') under section 133 of the Companies Act 2013 ('the Act') read with the Companies (Indian Accounting Standards) Rules 2015. The consolidated financial statements are prepared on the following basis:

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. The Group can have power over the investee even if it owns less than majority voting rights i.e. rights arising from other contractual arrangements. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases. Statement of profit and loss (including other comprehensive income ('OCI')) of subsidiaries acquired or disposed of during the period are recognized from the effective date of acquisition, or up to the effective date of disposal, as applicable.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

The Group combines the financial statements of the Holding Company and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests, presented as part of equity, represent the portion of a subsidiary's statement of profit and loss and net assets that is not held by the Group. Statement of profit and loss balance (including other comprehensive income ('OCI')) is attributed to the equity holders of the Holding Company and to the non-controlling interests on the basis the respective ownership interests and such balance is attributed even if this results in controlling interests having a deficit balance.

Joint ventures

Interest in joint venture are accounted for using the equity method, after initially being recognized at cost. The carrying amount of the investment is adjusted thereafter for the post acquisition change in the share of net assets of the investee, adjusted where necessary to ensure consistency with the accounting policies of the Group. The consolidated statement of profit and loss (including the other comprehensive income) includes the Group's share of the results of the operations of the investee. Dividends received or receivable from joint ventures are recognized as a reduction in the carrying amount of the investment.

The companies considered in the consolidated financial statements are:

Name of the company	Nature	Country of incorporation	% shareholding	% shareholding
			As at 31 March 2021	As at 31 March 2020
Dish TV India Limited	Holding Company	India	-	-
Dish T V Lanka (Private) Limited	Subsidiary Company	Sri Lanka	70	70
Dish Infra Services Private Limited	Subsidiary Company	India	100	100
C&S Medianet Private Limited	Subsidiary Company	India	51	51

d) Current versus non-current classification

All assets and liabilities have been classified as current or non-current, wherever applicable as per the operating cycle of the Group and other criteria set out in the Act. Deferred tax assets and liabilities are classified as non-current assets and non-current liabilities, as the case may be.

e) Business combinations and goodwill

Business combinations are accounted for using the acquisition method. The consideration transferred by the Group to obtain control of a subsidiary is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred, the equity interests issued and fair value of contingent consideration issued. Acquisition-related costs are expensed as and when incurred.

Assets acquired and liabilities assumed are generally measured at their acquisition-date fair values.

Contingent consideration is classified either as equity or a financial liability. Amounts classified as a financial liability are subsequently re-measured to fair value with changes in fair value recognised in profit or loss.

Any contingent consideration to be transferred by the acquirer is recognised at fair value at the acquisition date. Contingent consideration classified as an asset or liability that is a financial instrument and within the scope of Ind AS 109 Financial Instruments, is measured at fair value with changes in fair value

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

recognised either in profit or loss or as a change to OCI. If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

If the contingent consideration is not within the scope of Ind AS 109, it is measured in accordance with the appropriate Ind AS. Contingent consideration that is classified as equity is not re-measured and subsequent settlement is accounted for within equity.

Goodwill is measured as excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed. If the fair value of the net assets acquired is in excess of the aggregate consideration transferred, the resulting gain on bargain purchase is recognised in OCI and accumulated in equity as capital reserve. However, if there is no clear evidence of bargain purchase, the entity recognises the gain directly in equity as capital reserve, without routing the same through other comprehensive income.

f) **Property, plant and equipment and capital work in progress**

Property, plant and equipment

Recognition and initial measurement

Property, plant and equipment are recorded at the cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use upto the date when the assets are ready for use. Any trade discount, recoverable taxes and rebates are deducted in arriving at the purchase price. All other repairs and maintenance are recognized in statement of profit and loss as incurred.

Consumer premises equipments (CPE) including viewing cards (VC) are treated as part of capital work in progress till the time of activation thereof, post which the same gets depreciated. Capital work in progress is valued at cost.

Subsequent measurement (Depreciation and useful lives)

Property, plant and equipment are subsequently measured at cost less depreciation and impairment loss. Depreciation on property, plant and equipment is provided on straight line method, computed on the basis of useful lives (as set out below) prescribed in Schedule II, of the Act, as under:

Asset category	Useful life (in years)
Plant and equipments	7.5
Building	30
Office equipments except mobile	5
Mobiles	2.5
Furniture and fixtures	10
Electrical installations	10
Vehicles	8
Computers	
Laptops, desktops and other devices	3
Servers and networks	6

In case of following category, life of the assets have been assessed as under based on technical advice taking into account the nature of assets, estimated usage of the assets, the operating conditions of assets, past history of replacement, anticipated technological changes etc.

- i) CPEs including Viewing Cards (VC) are depreciated over their useful life of five years, as estimated by the management.
- ii) Aircraft is depreciated over the estimated useful life of ten years.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

De-recognition

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition (calculated as the difference between the net disposal proceeds and its carrying amount) is included in the statement of profit and loss when the respective asset is derecognised.

g) Goodwill

Goodwill represents the future economic benefits arising from a business combination that are not individually identified and separately recognised. Goodwill is carried at cost less accumulated impairment losses.

h) Other intangible assets

Recognition and initial measurement

Intangible assets are recognised if it is probable that the future economic benefits that are attributable to the asset will flow to the Group and the cost of the asset can be measured reliably. These assets are valued at cost which comprises the purchase price and any directly attributable expenditure on making the asset ready for its intended use.

Fee paid for acquiring license to operate DTH services, is capitalized as intangible asset.

Customer and distributor relationships are recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Group as per valuation of merger scheme.

Brand is recorded at the cost of acquisition. Cost of acquisition has been determined as the fair market value assessed by independent valuer based on projected economic income attributable to the Group as per valuation of merger scheme.

Cost of computer software includes license fees, cost of implementation and directly attributable system integration expenses. These costs are capitalized as intangible assets in the year in which related software is implemented.

Subsequent measurement (amortisation)

- i) Fees paid for acquiring licenses to operate DTH services is amortised over the period of license and other license fees are amortized over the management estimate of useful life of five years.
- ii) The economic life of customer and distributor relationship assets are usually determined by estimating future loyalty of customers. Management has assessed that the economic useful life of the customer and distributor relationship to be of ten years.
- iii) The brands have been acquired for a perpetual period. Based on all the factors the Group has considered life of brand till perpetuity.
- iv) Software are amortised over an estimated life of one year to five years.

i) Impairment of non-financial assets

At each reporting date, the Group assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Group estimates the recoverable amount of the asset. If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If, at the reporting date there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is reassessed and the asset is reflected at the recoverable amount. Impairment losses previously recognized are accordingly reversed in the statement of profit and loss.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

j) Impairment of financial assets

In accordance with Ind AS 109, the Group applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. When estimating the cash flows, the Group is required to consider –

- i) All contractual terms of the financial assets (including prepayment and extension) over the expected life of the assets.
- ii) Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables

The Group applies simplified approach permitted by Ind AS 109 Financial Instruments, which requires lifetime expected credit losses to be recognised from the date of initial recognition of receivables.

Other financial assets

For recognition of impairment loss on other financial assets and risk exposure, the Group determines whether there has been a significant increase in the credit risk since initial recognition and if credit risk has increased significantly, impairment loss is provided.

k) Inventories

Inventories of customer premises equipment (CPE) related accessories and spares are valued at the lower of cost and net realisable value. Cost of inventories includes all costs incurred in bringing the inventories to their present location and condition. Cost is determined on a weighted average basis. Net realisable value is the estimated selling price in the ordinary course of business less any applicable selling expenses.

l) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured.

Revenue is measured at the fair value of the consideration received/receivable net of rebates and applicable taxes. The Group applies the revenue recognition criteria to each nature of the sales and services transaction as set out below, pursuant to Indian Accounting Standard -115 "Revenue from contracts with customers" (Ind AS 115) which establishes a comprehensive framework for determining whether, how much and when revenue is to be recognised.

i) Revenue from rendering of services

- Revenue from subscription services is recognized upon transfer of control of promised products or services to customers over the time in an amount that reflects the consideration we expect to receive in exchange for those products or services. Revenue is recognised net of taxes collected from the customer, collection charges and any discount given. Consideration received in advance for subscription services is initially deferred and included in other liabilities.
- Lease rental is recognized as revenue as per the terms of the contract over the period of lease contract on a straight line basis.
- Activation fee is recognised on an upfront basis considering the level of services rendered on activation, the corresponding cost incurred and separate consideration charged for the subsequent continuing services.
- Revenue from other services (viz Bandwidth charges, teleport services, field repairs of CPE, advertisement income) are recognized on rendering of the services.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

- Infrastructure support fees is recognised on the basis of fixed rate agreement on the basis of active customers.
- ii) Revenue from sale of goods
 - Revenue from sale of stock-in-trade is recognised when the products are dispatched against orders to the customers in accordance with the contract terms and the Group has transferred to the buyer the significant risks and rewards.
 - Sales are stated net of rebates, trade discounts, sales returns and taxes on sales.
- iii) Interest income
 - Income from deployment of surplus funds is recognised on accrual basis using the effective interest rate (EIR) method.

m) Foreign currency translation

Functional and presentation currency

The financial statements are presented in Indian Rupees (₹) which is also the functional and presentation currency of the Group.

Transactions and balances

Foreign currency transactions are recorded in the functional currency, by applying the exchange rate between the functional currency and the foreign currency at the date of the transaction.

Non-monetary items denominated in a foreign currency are converted in functional currency at the rate prevailing on the date of transactions and the same are carried at historical cost.

Foreign currency monetary items are converted to functional currency using the closing rate.

Exchange differences arising on such conversion and settlement at rates different from those at which they were initially recorded, are recognized in the statement of profit and loss in the year in which they arise.

n) Borrowing Costs

Borrowing costs include interest and other costs that the Group incurs in connection with the borrowing of funds.

In case of significant long-term loans, other costs incurred in connection with the borrowing of funds are amortised over the period of respective loan.

o) Employee benefits

Employee benefits include provident fund, pension fund, gratuity and compensated absences

Defined contribution plan

The Group deposits the contributions for provident fund and employees' state insurance to the appropriate government authorities and these contributions are recognised in the statement of profit and loss in the financial year to which they relate.

Defined benefit plan

The Group's gratuity scheme is a defined benefit plan. The present value of the obligation under such defined benefit plan is determined based on actuarial valuation carried out at the end of the year by an independent actuary, using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The obligation is measured at the present value of the estimated future cash flows. The discount rates used for determining the present value of the obligation under defined benefit plans is based on the market yields on Government Securities for relevant maturity. Actuarial gains and

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

losses are recognised immediately in the Statement of Other Comprehensive Income. The Group has done contribution to the Gratuity plan with LIC partially.

Other long term employee benefits

Benefits under the Group's compensated absences constitute other long-term employee benefits. The liability in respect of compensated absences is provided on the basis of an actuarial valuation done by an independent actuary using the projected unit credit method at the year end. Actuarial gains and losses are recognised immediately in the Statement of Profit and Loss.

Short-term employee benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. Benefits such as salaries, wages, and bonus, etc., are recognised in the statement of profit and loss in the period in which the employee renders the related service.

p) Employee stock option scheme

The fair value of options granted under Employee Stock Option Plan of the Group is recognised as an employee benefits expense with a corresponding increase in equity. The total amount to be expensed is determined by reference to the fair value of the options. The total expense is recognised over the vesting period, which is the period over which all of the specified vesting conditions are to be satisfied. At the end of each period, the entity revises its estimates of the number of options that are expected to vest based on the non-market vesting and service conditions. It recognises the impact of the revision to original estimates, if any, in statement of profit and loss, with a corresponding adjustment to equity. Upon exercise of share options, the proceeds received are allocated to share capital up to the par value of the shares issued with any excess being recorded as share premium.

q) Leases

Company as a lessee

Accounting policy till 31 March 2019

Assets acquired on leases where a significant portion of risk and rewards of ownership are retained by the lessor are classified as operating leases. Lease rental are charged to statement of profit and loss on straight line basis.

Leases which effectively transfer to the Group substantially all the risks and benefits incidental to ownership of the leased items are classified as 'Finance Leases'. Assets acquired on 'Finance Lease' which transfer risk and rewards of the ownership to the Group are capitalized as the assets by the Group.

Changes in accounting policy

The Groups's lease asset classes primarily consist of leases for land. The Group assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group assesses whether: (1) the contract involves the use of an identified asset, (2) the Group has substantially all of the economic benefits from the use of the asset through the period of the lease, and (3) the Group has the right to direct the use of the asset.

At the date of commencement of the lease, the Group recognizes a Right of use (ROU) asset and a corresponding lease liability for all lease arrangements under which it is a lessee, except for short-term leases and low value leases. For short-term leases and low value leases, the Group recognizes the lease payments as an expense on a straight-line basis over the term of the lease.

Certain lease arrangements include options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities include these options when it is reasonably certain that they will be exercised.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the date of commencement of the lease on a straight -line basis over the shorter of the lease term and the useful life of the underlying asset

The lease liability is initially measured at amortized cost at the present value of the future lease payments. For leases under which the rate implicit in the lease is not readily determinable, the Group uses its incremental borrowing rate based on the information available at the date of commencement of the lease in determining the present value of lease payments. Lease liabilities are re measured with a corresponding adjustment to the related ROU asset if the Group changes its assessment as to whether it will exercise an extension or a termination option.

ROU assets has been disclosed under property plant and equipments and corresponding lease liability has been shown under financial liability in the Balance sheet.

Transition

Effective 1 April 2019, the Group adopted Ind AS 116 “Leases” and applied the standard to all lease contracts existing on 1 April 2019 using the modified retrospective method, on the date of initial application. This new standard provides a comprehensive model for the identification of lease arrangements and their treatment in the financial statements of both lessees and lessors. Ind AS 116 supersedes Ind AS 17 and its associated interpretative guidance. Consequently, the Group recorded the lease liability at the present value of the lease payments discounted at the incremental borrowing rate and Right-of-use assets were measured at the amount of the lease liability (adjusted for any prepaid or accrued lease expenses). Comparatives as at and for the year ended 31 March 2019 have not been retrospectively adjusted and therefore will continue to be reported under the accounting policies included as part of our Annual Report for year ended 31 March 2019.

On transition, the adoption of the new standard resulted in recognition of Right-of-Use asset (ROU) (an amount equal to the lease liability, adjusted by the prepaid lease rent) of ₹ 2,607 lacs. The impact on the loss of the Group for the year ended 31 March 2020 is not material.

The following is the summary of practical expedients elected on initial application:

- a) Applied a single discount rate to a portfolio of leases of similar assets in similar economic environment with a similar end date.
- b) Applied the exemption not to recognize right-of-use assets and liabilities for leases with less than 12 months of lease term on the date of initial application
- c) Excluded the initial direct costs from the measurement of the right-of-use asset at the date of initial application.

The weighted average incremental borrowing rate applied to lease liabilities as at 1 April 2019 is 10.84% p.a.

Company as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. The respective leased assets are included in the balance sheet based on their nature. Rental income is recognized on straight line basis over the lease term.

r) Earnings per share

Basic earning per share are calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the year.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

s) **Equity, reserves and dividend payment**

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds. Retained earnings include current and prior period retained profits. All transactions with owners of the Parent Company are recorded separately within equity.

t) **Taxation**

Tax expense recognized in statement of profit and loss comprises the sum of deferred tax and current tax except the ones recognized in other comprehensive income or directly in equity.

Current tax is determined as the tax payable in respect of taxable income for the year and is computed in accordance with relevant tax regulations.

Deferred tax is recognised in respect of temporary differences between carrying amount of assets and liabilities for financial reporting purposes and corresponding amount used for taxation purposes. Deferred tax assets on unrealised tax loss are recognised to the extent that it is probable that the underlying tax loss will be utilised against future taxable income. This is assessed based on the Group's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside statement of profit and loss is recognised either in other comprehensive income or in equity.

Unused tax credit such as (Minimum alternate tax ('MAT') credit entitlement) is recognized as an asset only when and to the extent there is convincing evidence that the Group will pay normal income-tax during the specified period. In the year in which such credit becomes eligible to be recognized as an asset, the said asset is created by way of a credit to the statement of profit and loss and shown as unused tax credit. The Group reviews the same at each balance sheet date and writes down the carrying amount of unused tax credit to the extent it is not reasonably certain that the Group will pay normal income-tax during the specified period.

u) **Operating cycle**

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria as set out in the Division II of Schedule III to the Companies Act, 2013. The Group has ascertained its normal operating cycle as twelve months. This is based on the nature of services and the time between the acquisition of assets or inventories for processing and their realisation in cash and cash equivalents.

v) **Operating expenses**

Operating expenses are recognised in statement of profit or loss upon utilisation of the service or as incurred.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

w) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM). Basis the review of operations being done by the CODM, the operations of the Group fall under Direct to Home ('DTH') and teleport services, which is considered to be the only reportable segment.

x) Provisions, contingent liabilities, commitments and contingent assets

The Group recognises a provision when there is a present obligation as a result of a past event and it is more likely than not that there will be an outflow of resources embodying economic benefits to settle such obligations and the amount of such obligation can be reliably estimated. Provisions are discounted to their present value (where time value of money is material) and are determined based on the management's estimation of the outflow required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current management estimates.

Contingent liabilities are disclosed in respect of possible obligations that have arisen from past events and the existence of which will be confirmed only by the occurrence or non-occurrence of future events, not wholly within the control of the Group. Contingent liabilities are also disclosed for the present obligations that have arisen from past events in respect of which it is not probable that there will be an outflow of resources or a reliable estimate of the amount of obligation cannot be made.

When there is an obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognised nor disclosed except when realisation of income is virtually certain, related asset is disclosed.

y) Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognised when the Group becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss which are measured initially at fair value. Subsequent measurement of financial assets and financial liabilities is described below.

Financial assets

Subsequent measurement

Financial asset at amortised cost – the financial instrument is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows; and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest ('SPPI') on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

Investments in equity instruments of subsidiaries and joint ventures

Investments in equity instruments of subsidiaries and joint ventures are accounted for at cost in accordance with Ind AS 27 Separate Financial Statements.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

Investments in other equity instruments which are held for trading are classified as at fair value through profit or loss (FVTPL). For all other equity instruments, the Group makes an irrevocable choice upon initial recognition, on an instrument by instrument basis, to classify the same either as at fair value through other comprehensive income (FVOCI) or fair value through profit or loss (FVTPL).

Investments in mutual funds

Investments in mutual funds are measured at fair value through profit and loss (FVTPL).

Derivative instruments – derivatives such as options and forwards are carried at fair value through profit and loss with fair gains/losses recognised in statement of profit and loss.

De-recognition of financial assets

A financial asset is primarily de-recognized when the rights to receive cash flows from the asset have expired or the Group has transferred its rights to receive cash flows from the asset.

Financial liabilities

Subsequent measurement

Subsequent to initial recognition, all financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognized in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

z) Fair value measurement

The Group measures financial instruments such as investments, at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the standalone financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For the purpose of fair value disclosures, the Group has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

hierarchy as explained above.

aa) Cash and cash equivalents

Cash and cash equivalents comprises cash at bank and in hand, cheques in hand and short term investments that are readily convertible into known amount of cash and are subject to an insignificant risk of change in value.

ab) Cash flow statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Group are segregated based on the available information.

ac) Non-current assets held for sale and discontinued operations

An entity shall classify a non-current asset (or disposal group) as held for sale if its carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the asset is available for immediate sale in its present condition subject only to terms that are usual and customary for sale of such asset and its sale is highly probable. Management must be committed to sale which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are presented separately and measured at the lower of their carrying amounts immediately prior to their classification as held for sale and their fair value less costs to sell. However, some held for sale assets such as financial assets, assets arising from employee benefits and deferred tax assets, continue to be measured in accordance with the Group's relevant accounting policy for those assets. Once classified as held for sale, the assets are not subject to depreciation or amortisation.

A discontinued operation is a component of the Group that either has been disposed of, or is classified as held for sale. Profit or loss from discontinued operations comprise the post-tax profit or loss of discontinued operations and the post-tax gain or loss resulting from the measurement and disposal of assets classified as held for sale. Any profit or loss arising from the sale or re-measurement of discontinued operations is presented as part of a single line item, profit or loss from discontinued operations.

ad) Significant management judgement in applying accounting policies and estimation uncertainty

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities on the date of the financial statements and the results of operations during the reporting periods. Although these estimates are based upon management's knowledge of current events and actions, actual results could differ from those estimates and revisions, if any, are recognised in the current and future periods.

Significant management judgements

The following are significant management judgements in applying the accounting policies of the Group that have the most significant effect on the financial statements.

Recognition of deferred tax assets: The extent to which deferred tax assets can be recognized is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

Evaluation of indicators for impairment of assets: The evaluation of applicability of indicators of impairment of assets requires assessment of several external and internal factors which could result in deterioration of recoverable amount of the assets.

Contingent liabilities: At each balance sheet date basis the management judgment, changes in facts and legal aspects, the Group assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from this judgement.

Significant estimates

Information about estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses is provided below. Actual results may be different.

Impairment of financial assets: At each balance sheet date, based on historical default rates observed over expected life, the management assesses the expected credit loss on outstanding receivables.

Impairment of goodwill and other intangible assets: At each balance sheet date, goodwill is tested for impairment. The recoverable amount of cash generating unit (CGU) is determined based on the higher of value-in-use and fair value less cost to sell. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The cash flow projections take into account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management.

Defined benefit obligation (DBO): Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

Fair value measurements: Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Useful lives of depreciable/amortisable assets: Management reviews its estimate of the useful lives of depreciable/amortisable assets at each reporting date, based on the expected utility of the assets. Uncertainties in these estimates relate to technical and economic obsolescence that may change the utility of certain software, customer relationships, IT equipment and other plant and equipment.

Impairment of goodwill (refer footnote)	(57,897)	(191,550)
Closing balance	223,802	281,699

Impairment tests for goodwill

Goodwill is monitored by management at the level of D2h division acquired pursuant to merger of the Parent Company with erstwhile Videocon D2h Limited

A summary of goodwill allocation and carrying value is presented below:

Particulars	31 March 2021	31 March 20
D2h CGU	-	45,288
D2h Infra CGU	223,796	236,404
Total	223,796	281,692

Impairment testing of the goodwill (allocated to the D2H CGU) is being performed at each balance sheet date. The recoverable amount of cash generating unit is determined based on the higher of value-in-use and fair value less cost to sell. Value in use is determined basis cash flow projections which is being prepared taking in to account past experience and represent the management's best estimate about future developments. Cash flow projections based on financial budgets are approved by management. Key assumptions on which the management has based its determination of recoverable amount include estimated long-term growth rates, weighted average cost of capital and estimated operating margins. The impairment loss, if any, determined as a result of the assessment is first applied to the carrying value of Goodwill allocated to D2H CGU and then to the other intangible assets consisting in the CGU in accordance with the manner prescribed in Ind AS 36. Based on above, at the current reporting date, an impairment loss amounting to ₹ 77,981 lacs (previous year ₹ 191,550 lacs) has been determined in respect of D2H CGU. Out of the total provision for impairment, ₹ 57,897 lacs (previous year ₹ 191,550 lacs) has been adjusted against the carrying value of goodwill and balance was adjusted against another intangible asset having infinite life namely trademark/brand in the manner prescribed in Ind AS 36.

Key assumptions used for value in use calculation are as follows:

- The Group prepares its cash flow forecast based on the most recent financial budget approved by management with projected revenue growth rate. Average monthly revenue per user is expected to grow at 4% per year.
- Terminal growth rate is assumed at 4% and is based on industry growth rate and projected growth of Indian economy.
- The EBIDTA margin is expected to be at the same level through out the projected period.
- The free cash flow arrived at were discounted to present value using weighted average cost of capital (WACC). The sum of the discounted cash flows along with the discounted terminal value is the estimated enterprise value.

9. Intangible assets under development

In line with the business plan of investing in new age technologies, inter alia, Watcho the OTT platform, networking equipments and customer premises equipments (CPE), Dish Infra Services Private Limited, a wholly owned subsidiary Company had made significant progress in augmenting these new age technologies in previous year. The subsidiary Company had contracted with aggregators for content and related infrastructure and recorded ₹ 55,200 lacs as intangible assets under development and ₹ 68,585 lacs as related capital advances as of 31 March 2021. However, the process could not be completed within planned timeframe due to COVID-19 lockdown and restrictions imposed across the country during the year. The management of the subsidiary Company is in the process of concluding all the planned investments in the near future. As further described in note 44, management has concluded that no material adjustments is required in the carrying value of intangible assets under development and the related advances.

- 44.** Despite of the outbreak of Coronavirus (COVID-19) leading to consequential lock down across the country during the year and further restrictions imposed by many State Governments subsequent to year-end due to spread of Covid-19 second wave, the Group has continued to operate and provide 'Direct to Home' (DTH) services to its customer without any disruptions. The Group has evaluated its liquidity position and recoverability and carrying value of its assets, including planned investments and has concluded that no material adjustments is required at this stage in the financial results. However, given the uncertainties in the economic environment, management's impact assessment is subject to significant estimation, uncertainties, and accordingly, the actual results in future may be different from those estimated as at the date of approval of these financial results. Considering that it is a dynamic and evolving situation, the management will continue to monitor any material changes to the future economic conditions and consequential impact on its business/operations.

45. Employee stock option plan (ESOP) 2018

At the board meeting held on 25 October 2018, the board of directors of the Parent Company had approved Employee Stock Option Plan, i.e., ESOP 2018 ("the Scheme"). The Scheme provided for issuance of 1,80,00,000 stock options (underlying fully paid equity share of Re.1 each) to all the permanent employees or Directors of the Parent Company, whether whole-time or not, or to employee of a subsidiary company or of a Parent company or of an associate company except an employee who is a Promoter or belongs to the Promoter Group, a Director who either by himself or through his relatives or through any body corporate, directly or indirectly holds more than 10% of the issued and subscribed shares of the Parent Company and the Independent Director at an exercise price equal to the 'market price' which shall be the latest available closing price, prior to the date of the meeting of the nomination and remuneration committee, in which options are granted on the stock exchange on which the shares of the Parent Company are listed.

The options will be granted at an exercise price equal to the 'market price' which shall be the latest available closing price, prior to the date of the meeting of the nomination and remuneration committee, in which options are granted on the stock exchange on which the shares of the Parent Company are listed.

Under ESOP 2018, the Parent Company will issue fresh equity shares as and when the Vested Options are exercised by the option grantees. Each option shall be convertible into one Share of the Parent Company upon exercise.

The total number of options that may be granted to any specific employee under one or more tranches during any one year shall not exceed 10,00,000 stock options and options that may be granted to any specific employee in aggregate shall not exceed 50,00,000 stock options

Options granted under ESOP 2018 would vest not earlier than one year and not later than four years from the date of Grant of such Options. The vesting shall happen every year equally i.e. 25% of the number of options granted, for 4 years from the date of grant of the options.

The Nomination and Remuneration Committee of the Parent Company at its meeting held on 25 October 2018 has approved the grant of 33,60,000 stock option at an exercise price of ₹ 44.85 per option to the eligible employees under the scheme having weighted average fair value of ₹ 13.87. Further, on 24 May 2019, the Nomination and Remuneration Committee of the Parent Company has approved the grant of additional 8,60,000 stock option at an exercise price of ₹ 30.45 per option to eligible employees under ESOP Plan 2018 having weighted average fair value of ₹ 15.20.

Volatility is a measure of the amount by which a price has fluctuated or is expected to fluctuate during a period. Each vest has been considered as a separate grant. The volatility for periods corresponding to the respective expected lives of the different vests, prior to the grant date has been considered. The daily volatility of the Parent Company's stock price on NSE over these years has been considered.

46. Employee stock option plan (ESOP) 2007

At the Annual General Meeting held on 3 August 2007, the shareholders of the Parent Company had approved Employee Stock Option Plan, i.e., ESOP 2007 ("the Scheme"). The Scheme provided for issuance of 4,282,228 stock options (underlying fully paid equity share of Re.1 each) to the employees of the Parent Company as well as that of its subsidiaries companies at the exercise price which shall be equivalent to the market price determined as per the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 [SEBI (ESOP) Guidelines, 1999].

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

The options granted under the Scheme shall vest between one year to six years from the date of grant of options, with 20% vesting each year. Once the options vest as per the Scheme, they would be exercisable by the grantee at any time within a period of four years from the date of vesting and the shares arising on exercise of such options shall not be subject to any lock-in period.

The shareholders in their meeting held on 28 August 2008 approved the re-pricing of outstanding options which were granted till that date and consequently the outstanding options were re-priced at ₹ 37.55 per option, determined as per SEBI (ESOP) Guidelines, 1999.

However, in respect of options granted subsequent to 28 August 2008, the exercise price of the options has been maintained as equivalent to the market price determined as per the SEBI (ESOP) Guidelines, 1999.

As stated above, the options are granted to the employees at an exercise price, being the latest market price as per SEBI (ESOP) Guidelines, 1999.

Further, it was decided by the Nomination and Remuneration Committee at its meeting held on 17 August 2017, that new Stock options shall not be granted under the ESOP 2007 Scheme of the Parent Company. Accordingly, it was proposed to withdraw the existing Scheme and cancel the remaining options which are yet to be granted and, for the employees who have been granted the Stock Options (whether vested or not) shall be granted Options under the new Scheme. However, the employees who have been granted the Stock Options (whether vested or not) shall be allowed to exercise those stock options.

47. Disclosure pursuant to Indian Accounting Standard 19 on "Employee Benefits"

Defined contribution plans

An amount of ₹ 651 lacs (previous year ₹ 789 lacs) and ₹ 2 lacs (previous year ₹ 5 lacs) for the year, have been recognized as expenses in respect of the Group's contributions to Provident Fund and Employee's State Insurance Fund respectively, deposited with the government authorities and have been included under "Employee benefits expenses".

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

Defined benefit plans

Gratuity is payable to all eligible employees of the Group on superannuation, death or permanent disablement, in terms of the provisions of the Payment of Gratuity Act or as per the Group's Scheme, whichever is more beneficial. The gratuity plan is partly funded and the Group has made contribution to the recognised funds in India.

Risk exposure

The defined benefit plans are typically based on certain assumptions and expose the Group to various risk as follows:

- Salary risk- Actual salary increases will increase the Plan's liability. Increase in salary increase rate assumption in future valuations will also increase the liability.
- Investment risk – If plan is funded then assets liabilities mismatch and actual investment return on assets lower than the discount rate assumed at the last valuation date can impact the liability.
- Discount rate – Reduction in discount rate in subsequent valuations can increase the plan's liability.
- Mortality – Actual deaths and disability cases proving lower or higher than assumed in the valuation can impact the liabilities.
- Withdrawals – Actual withdrawals proving higher or lower than assumed withdrawals and change of withdrawal rates at subsequent valuations can impact plan's liability.

The following table sets forth the status of the gratuity plan of the Group and the amounts recognised in the Balance Sheet and Statement of Profit and Loss:

i) Changes in present value of obligation

The Group is exposed to various risks and the main types of risks are credit risk, liquidity risk and market risk.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

[All amounts in ₹ lacs, unless otherwise stated]

The Group's risk management is coordinated in close co-operation with the board of directors, and focuses on securing Group's short to medium term cash flows.

This note explains the sources of risk which the Group is exposed to and how the Group manages the risk and the related impact in these consolidated financial statements.

Credit risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation to the Group causing a financial loss. The Group's exposure to credit risk is influenced mainly by cash and cash equivalents, trade receivables and financial assets measured at amortised cost.

Credit risk management

Credit risk rating

The Group assesses and manages credit risk of financial assets based on following categories arrived on the basis of assumptions, inputs and factors specific to the class of financial assets. The Group continuously monitors defaults of the counterparties and incorporates this information into its credit risk controls.

A: Low credit risk

B: Moderate credit risk

C: High credit risk

The Group provides for expected credit loss based on the following:

Asset group	Basis of categorization	Provision for expected credit loss
Low credit risk	Investment, cash and cash equivalents, loans, security deposits, other bank balances and other financial assets	12 month expected credit loss
Moderate credit risk	Trade receivables	Life time expected credit loss
High credit risk	Trade receivables and other recoverable	Life time expected credit loss or fully provided for

Based on business environment in which the Group operates, a default on a financial asset is considered when the counter party fails to make payments within the agreed time period as per contract. Loss rates reflecting defaults are based on actual credit loss experience and considering differences between current and historical economic conditions.

b) Liquidity risk

Liquidity risk is the risk that suitable sources of funding for the Group's business activities may not be available. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Management monitors rolling forecasts of the Group's liquidity position (comprising the undrawn borrowing facilities) and cash and cash equivalents on the basis of expected cash flows. Short term liquidity requirements comprises mainly of trade payables and employee dues arising during normal course of business as on each balance sheet date. Long-term liquidity requirement is assessed by the management on periodical basis and is managed through internal accruals and through funding commitments from shareholders.

55. Leases

Group as a lessee

The Group has entered into lease arrangements for land and various offices that are renewable on a periodic basis with approval of both lessor and lessee.

The Group does not have any lease commitments towards variable rent as per the contract.

Each lease generally imposes a restriction that, unless there is a contractual right for the Group to sublet the asset to another party, the right of use asset can only be used by the Group. Leases are either non-cancellable or may only be cancelled by incurring a substantive termination fee. The Group is prohibited from selling or pledging the underlying leased assets as security. For leases over office buildings and premises the Group must keep those properties in a good state of repair and return the properties in their original condition at the end of the lease.

56. a) The Parent Company is in the litigation towards computation and payment of license fees on adjusted gross revenue basis with the Ministry of Information and Broadcasting ("Regulatory Authority"). This matter continues to be sub-judiced before the Hon'ble High Court of Jammu and Kashmir. The Parent Company continues to be legally advised that on the merits of its submissions and that the matter was decided by the TDSAT in favour of the Parent Company, it has a strong case. Using the principle of prudence in accounting standards, the Parent Company, in prior years, made a provision of ₹ 324,121 lacs in its books of account, which in the current period has been increased by ₹ 24,871 lacs primarily towards interest as a time value of money charge for case under subjudice. The same is included in table below

Provision for regulatory dues (including interest)

Particulars	As at 31 March 2021	As at 31 March 2020
Opening provision	357,577	325,648
Add: created during the year	43,006	41,829
Less: payment during the year	26,566	9,900
Closing provision	374,017	357,577

The outflow of economic benefits with regard to the disputed portion would be dependent on the final decision by the Regulatory Authority. Presently, it has been classified under the 'Provision (current)'

- b) In continuation to the matter described in note a above, the Company has filed Petition (205(C) of 2014) before the Hon'ble Telecom Disputes Settlement & Appellate Tribunal (TDSAT) against Union of India challenging the propriety and legality of the demand of ₹ 62,420 lacs including interest of ₹ 15,967 lacs raised by the Ministry of Information and Broadcasting (MIB) by way of a demand letter dated 19 March 2014 towards alleged short payment of license fee for the period 2003-04 to 2012-13. The matter is pending before the Hon'ble TDSAT.

CONSOLIDATED SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER EXPLANATORY INFORMATION FOR THE YEAR ENDED 31 MARCH 2021

(All amounts in ₹ lacs, unless otherwise stated)

Further pursuant to scheme of merger, Parent Company has assumed deemed liability of ₹ 13,104 lacs and interest liability of ₹ 2,724 lacs which was raised by the MIB on transferor company by way of demand letter dated 24 March 2014 towards alleged short payment of license fee for the period 2009-10 to 2012-13. Transferor company had filed petition (204(C) of 2014) before the Hon'ble TDSAT against Union of India challenging the propriety and legality of the demand. The matter is also pending before the Hon'ble TDSAT.

Further, despite the matter being sub-judice as stated above, the Parent Company received communications from the MIB, wherein the Parent Company was directed to pay ₹ 416,406 lacs within 15 days towards the license fee for the period from the date of issuance of DTH License till financial year 2018-19 and interest thereon till 30 September 2020. However, the MIB has in its said letter, also mentioned that the amount is subject to verification and audit and the outcome of various court cases pending before the TDSAT, the Hon'ble High Court of Jammu and Kashmir at Jammu and the Hon'ble Supreme Court of India. The Parent Company responded to the aforementioned letter on 06 January 2021 disputing the demand.

Other than above, penalty, if any, levied on conclusion of above matters is currently not ascertainable.

Other than above, the Group has certain litigations involving customers and based on the legal advice of in-house legal team, the management believes that no material liability will devolve on the Group in respect of these litigations.

Income tax

In earlier years, the Company had received demand notices for tax deducted at source ('TDS') and interest thereon amounting to ₹ 760 lacs (excluding penalty levied amounting ₹ 16 lacs) relating to matters pertaining to alleged short deduction of tax at source on certain payments for the assessment years 2009-10 to 2013-14. Out of the cases mentioned above, Company has received favourable orders in the matter of assessment year 2010-11 and 2011-12. The balance demands amounting to ₹. 348 lacs relates to matters pertaining to alleged short deduction of tax at source on certain payments for the assessment years 2009-10, 2012-13 and 2013-14. In respect of the demand received the Company had made payment under protest of ₹ 348 lacs which was paid in the previous years. Further, the amount paid under protest, as a matter of abandoned caution, based on management estimate has been provided for in the books. However, the Company has disputed all these matters and filed appeal against the above said demands with the tax authorities.

Furthermore, the company has preferred to settle the dispute relating to tax arrears/Interest/Penalty under the Vivaad se Vishwas Scheme, 2020 by filling forms dated 8 March 2021 for all the above Financial Years.

Sales tax, value added tax, entry tax, service tax, entertainment tax, custom duty and other claims

The Company and its subsidiary Company Dish Infra Services Private Limited have received notices/assessment orders in relation to applicability of above-mentioned taxes. The Companies have contested these notices at various Forums/Courts and the matter is subjudice. Further, the Company has assumed the contingent liability in relation to above-mentioned taxes as part of the merger with Videocon d2h Limited.

Based on the advice from independent tax experts, and development on the appeals, the Group is confident that the additional tax so demanded will not be sustained on the completion of appellate proceedings and accordingly, pending the decisions by the appellate authorities, no provision has been made in these financial statements.
